Dear Sirs,

Sub: Investor Presentation

In terms of regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 please find attached the Investor Presentation on the financial results of the Company for the quarter ended 30th June 2026, which would be used in the Investors / Analysts earnings conference call scheduled to be held on Tuesday, 11th August 2026 at 4:00 P.M (IST).

Request you to kindly take the same on record.

Thanking you,

Yours faithfully,
For Pitti Engineering Limited

Mary Monica Braganza
Company Secretary & Chief Compliance Officer

Pitti Engineering Limited

Building the Path for Accelerated Growth

Q1FY27

Investor Presentation

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Pitti Engineering Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third-party statements and projections.

All Maps used in the presentation are not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness

About Us – Pitti Engineering Limited

Vision

Simplifying Engineering Supply Chain

Mission

To enhance capabilities with cutting edge technology
To integrate multiple engineering processes
To contract customer supply chain
To provide uniquely integrated component

4 Decades

of engineering
excellence with a
longstanding experience

6

manufacturing facilities
3 in Telangana
1 in Maharashtra and
2 in Bangalore

100+

Customers diversified across
end user industries

11+

Countries across 6 continents
with exports presence

Rs. 1,953 Crs

Total Income for FY26

Leading

Supplier to all motor
manufacturers in India

Largest manufacturer and exporter of electrical laminations in India & Preeminent manufacturer of machined castings and fabricated components

Our Journey

1983 -1987

- ✓ Founded by Shri Sharad B. Pitti, started with an installed capacity of 2,500 MT
- ✓ Commenced operations as a manufacturer of electrical laminations for application in motors used in a wide array of electrical equipment

1994 -2000

- ✓ Focused on manufacturing of die cast rotor
- ✓ Established international presence by exporting engineering products to USA
- ✓ Initial Public Issue and Listed on BSE and HSE

2005 -2015

- ✓ Listed on the National Stock Exchange
- ✓ Exports to Mexico, Germany and Vietnam among others
- ✓ Commissioned second unit at Hyderabad

2020

- ✓ Enhanced portfolio with introduction of components of traction motors, undercarriage and drive motor parts for Indian Railways (CLW, ICF, BLW)
- ✓ Approved Capex outlay of Rs. 270 crore

2018

- ✓ Commenced operations as a manufacturer of electrical laminations for application in motors used in a wide array of electrical equipment

2017

- ✓ Commenced the construction of manufacturing unit at Hyderabad and the mega plant at Aurangabad
- ✓ Inked a multi-year deal worth Rs. 500 crore with Wabtec for supplying engineered products

2021 - 2024

- ✓ Broadened our offerings into shafts, copper build-up rotors and gear cases
- ✓ Improved working capital cycles
- ✓ Approved capex Rs 197 crore

2024- 2026

- ✓ Approved Additional capex Rs 150 crore
- ✓ Approval for Merger with Pitti Castings Private Limited and Pitti Rail and Engineering Components Limited
- ✓ Acquisition of Bagadia Chaitra Industries (presently known as Pitti Industries Pvt Ltd (PIPL))
- ✓ Acquisition of Dakshin Foundry (DFPL)

2026-2029

- ✓ Greenfield Machined Components capacity with ₹290 Crore Planned Capex and expected to commissioned by Q1FY29
- ✓ Casting capacity set Increase >2x current levels to 36,000 MT by Q1FY29
- ✓ Applied for merger of PIPL & DFPL with Pitti Engineering Limited in NCLT

machined products**

Our advanced manufacturing enables high-quality, customized solutions for evolving customer needs

Catering to Diversified Industries

Traction motor and Railway components

India's 4th largest railway network, backed by metro and high-speed rail projects, is driving demand for complex machined parts

Power Generations

India's 428 GW power base is growing, with 93 GW thermal in the pipeline. The 500 GW renewable target by 2030 is set to drive strong demand for rotating equipment

Industrial & Commercial

The sector is growing on the back of infra, automation, and capex. PLI and investment revival are boosting demand for advanced electrical machinery

Special Purpose Motors

SP Motors such as HT industrial, marine duty, and cement plant drives—operate under extreme electrical, thermal, and mechanical stresses. Their reliability and efficiency depend heavily on precision-engineered, low-loss stator and rotor laminations that ensure optimal magnetic performance and durability.

Mining , Oil & Gas

Demand is rising from bulk handling, hydraulics, and mining expansion, driving need for high-torque, wear-resistant components in draglines, crushers, and heavy equipment

Renewable Energy

India targets 60 GW offshore wind with policy support, while solar PV is set to cross 50% of the energy mix by 2030—driving demand for advanced electrical integration

Data Centres

Digital infra boom is driving demand for continuous power and cooling via high-efficiency motors, fueling need for custom stators, rotors, and data-driven thermal components

Pump Motors

Growing demand from agriculture, water infrastructure, and industrial sectors is driving pump motor expansion. Government thrust on rural water supply, urban sanitation, and smart irrigation is boosting volumes, while energy-efficient and solar-compatible motors are reshaping product innovation.

Others

Others includes home appliances, automotives, etc and scrap sales, other income

Export Revenue Growth from FY23 to FY26

*Map not to scale

Input

Our Approach

Output

Vertical Integration

We have vertically integrated our operations from tooling to laminations and their assemblies; and from machined casting and fabrication to machining and other value-added processes

Become **One Stop shop** for our clients focus on **producing margin accretive value-added products**

Manufacturing Expertise

Intend to leverage our engineering expertise, machining capabilities, fabrication and casting experience

Expand our business into the **manufacturing of complex** and **critical machined components**, which we believe is both **margin accretive** and **value additive**

Economies of Scale

Our manufacturing facilities are equipped with best-in-class automation and equipment, enabling economies of scale

Enhanced production efficiency, ensuring **consistent quality**, and **supporting high-volume, customized output**—strengthening our competitiveness

Quality Products

Delivering quality products along with our integrated manufacturing operations has enabled us to develop products suited to our customers

Fostering **long term** customer relationships

Delivering **value-added, margin-accretive solutions** through **vertical integration, engineering expertise, and quality-driven manufacturing**

Experienced Board of Directors

Promoter Executive Directors

A visionary with over four decades of industry leadership, he pioneered India's lamination manufacturing and built the company from the ground up. His strategic foresight continues to guide its long-term growth

Shri Sharad B Pitti
Founder & Chairman

With deep operational expertise since 2004, Akshay has modernized the company through technology, high-value manufacturing, and global competitiveness

Akshay S Pitti
MD & Chief Executive Officer

Y B Sahgal

N Vinod Kumar

Priti Savla

Kemisha Soni

G. Vijaya Kumar

Non Executive Independent Directors

Mechanical engineer with 40+ years of experience, including executive roles at the company, he brings deep technical and operational insight

Veteran finance professional with 30+ years in CPSUs, he offers strong expertise in corporate governance, audit, and financial strategy

Senior CA and ESG leader, she brings deep experience in sustainability, governance, and impact assessment across industries

Senior CA with vast experience in audit, risk, and ethics, she also represents India on international accounting and governance bodies

Non Executive & Non Independent Director

Seasoned advocate with over four decades' experience, former government counsel, represented state institutions, commissions, banks, and insurance companies across jurisdictions

Strong Management Team at Helm

With deep operational expertise since 2004, Akshay has modernized the company through technology, high-value manufacturing, and global competitiveness

Akshay S Pitti
MD & Chief Executive Officer

A manufacturing entrepreneur turned senior leader post-acquisition, he brings deep domain knowledge in laminations and die-cast components

Chaitra Sundaresh
Deputy COO

With a decade at Pitti, he drives strategy and operations for motor and generator components, focusing on efficiency and growth

Sandip Agarwala
COO, Motor & Generator Components

CA with 19 years of cross-sector experience, he leads finance and strategy, ensuring fiscal discipline and business growth

M Pavan Kumar
Chief Financial Officer

An MBA with expertise in automation and sourcing, he leads manufacturing modernization and strategic sourcing initiatives

Rishab Gupta
COO, Machined Components & Enterprise Sourcing

Seasoned governance professional with 28 years of experience, she ensures robust compliance and corporate secretarial practices

Mary Monica Braganza
Company Secretary & Chief Compliance Officer
