**Subject Corporate Announcement under Regulation 30 of SEBI (LODR) Regulations, 2015 - Nihar Info Global Limited Announces Diwali Soft Launch of GoldnSilver.shop with Commencement of Commercial Transactions; Integrates SafeGold, DigiLocker, Cashfree and Sequel Logistics**

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform the Exchange that Nihar Info Global Limited (the Company) soft-launched its proprietary integrated gold and silver digital platform, GoldnSilver.shop, on 8 November 2026, on the occasion of Diwali. Customer commercial transactions commenced on the platform on the same date.

The launch is being undertaken in phases, with live offerings distinguished below from integrations and services still under development. The platform vision is "Five Segments. One Integrated Platform. Endless Opportunities."

### 1. Operational segments and completed integrations

**Physical gold and silver:** Transactions have commenced in physical gold and silver products. A broad catalogue of gold and silver coins, gifts and related products has been added to the platform. Sequel Logistics has been integrated for fulfilment and delivery of eligible physical gold and silver coins and gifting orders, subject to serviceability and applicable terms.

**Digital gold**: Digital gold transactions have commenced through an integration with **SafeGold**, an established digital gold service provider in India. **This integration relates to digital gold only.** Integration for **digital silver remains in progress**; digital silver is not being represented as live.

**Customer onboarding and payments:** DigiLocker-enabled customer onboarding has been integrated, and the Cashfree payment gateway integration has been completed for eligible customer payments. The Company is providing customer assistance and handholding during the soft-launch period.

### 2. Phased rollout of additional segments

**Gold and silver ETFs:** Integration work with **Zerodha** is in its final stage. The Company is targeting introduction of access to gold and silver ETFs during **November 2026,** subject to successful completion of integration, testing, intermediary arrangements and applicable regulatory requirements. ETF services have not yet been launched.

**Gold loan referral services and gold buyback services:** The Company proposes to introduce these two segments within approximately three months, subject to completion of business partnerships, operational arrangements, technology readiness and regulatory requirements.

### 3. Five-segment rollout snapshot

| Segment | Status on 8 November 2026 |
|---|---|
| Physical gold and silver | Commercial transactions commenced |
| Digital gold and silver | Digital gold live via SafeGold; digital silver in progress |
| Gold and silver ETFs | Zerodha integration in final stage; November 2026 target |
| Gold loan referrals | Proposed within approximately three months |
| Gold buyback services | Proposed within approximately three months |

### 4. Strategic significance

The commencement of transactions, together with onboarding, payments and logistics integrations, marks a transition from platform development to initial commercial operations. The Company intends to expand its product range, customer base and allied service offerings in phases, while monitoring transaction performance, customer experience and operational reliability. Future revenue and business performance will depend on customer adoption, execution, market conditions and other relevant factors.
