RateGain and ZentrumHub Announce Strategic Connectivity Partnership to Simplify Hotel Distribution

India, 9th June 2026: RateGain Travel Technologies Limited ((BSE: 543417, NSE: RATEGAIN), a global leader in AI-powered SaaS solutions for the travel and hospitality industry, today announced a strategic connectivity partnership with ZentrumHub to streamline hotel distribution and reduce integration complexity across the travel ecosystem.

The partnership brings together RateGain's Smart Distribution platform and ZentrumHub's connectivity infrastructure to help hotels, travel sellers, and distribution partners scale more efficiently through a unified connectivity framework.

As travel distribution becomes increasingly fragmented, hotels and travel companies continue to manage multiple integrations, disconnected onboarding processes, and operational inefficiencies while expanding across new markets. Through this collaboration, RateGain and ZentrumHub aim to simplify connectivity between supply and demand ecosystems while enabling faster access to inventory, distribution channels, and new market opportunities.

By connecting the two platforms, the partnership is designed to create a more efficient distribution environment where connected partners can accelerate onboarding, reduce dependency on repetitive one-to-one integrations, and simplify access across global hospitality networks.

The collaboration also reflects a broader industry shift toward more connected and interoperable travel infrastructure, creating a foundation for expanded connectivity across hotel distribution, travel seller ecosystems, and global distribution networks.

"Fragmented connectivity continues to be one of the biggest operational challenges in travel distribution," **said Bhushan Tamhankar, Co-founder & COO, ZentrumHub.** "This partnership removes the barriers that traditionally slow distribution, giving connected partners faster access to broader supply and demand, in weeks rather than months."

"Travel distribution today is still heavily fragmented, with suppliers and demand partners managing multiple integrations, onboarding cycles, and disconnected connectivity layers," **said, Anurag Jain, Executive Vice President - Revenue (APMEA), RateGain.** "Our partnership with ZentrumHub is focused on simplifying that complexity through a more unified connectivity framework that enables faster access between global supply and demand ecosystems. Together, we are building a more scalable and interoperable foundation for the future of travel distribution."

About ZentrumHub

ZentrumHub is an AI-powered travel technology company that simplifies how travel businesses connect with hotel suppliers worldwide. Through a single universal API, ZentrumHub connects OTAs, travel agencies, DMCs, and wholesalers to 100+ pre-integrated hotel suppliers and 10M+ properties, eliminating months of fragmented integrations.

Its two products, Zentrum Connect and the Zentrum Booking Engine, serve 90+ enterprise customers across 30+ countries, processing 50M+ API calls daily at 99.99% uptime.

ZentrumHub is a member of the Expedia \$100 Million Club and was named a PhocusWire Hot 25 Travel Startup. Learn more at www.zentrumhub.com.

About RateGain

RateGain Travel Technologies Limited is a global provider of AI-powered SaaS solutions for travel and hospitality, working with 13,000+ customers and 700+ partners across 160+ countries. RateGain helps travel and hospitality businesses accelerate revenue generation through acquisition, retention, and wallet share expansion.

Today, RateGain is one of the world's largest processors of electronic transactions, price points, and travel intent data, enabling revenue management, distribution, and marketing teams across hotels, airlines, destination marketing organizations, online travel agents, metasearch companies, package providers, car rentals, travel management companies, cruises, and ferries to drive better business outcomes.

Founded in 2004 and headquartered in India, RateGain works with 33 of the Top 40 Hotel Chains, 4 of the Top 5 Airlines, 7 of the Top 10 Car Rental companies, and all leading DMOs, OTAs, and metasearch platforms, including 25 Global Fortune 500 companies, unlocking new revenue every day.
