Super Aeroplane BASMATI Rice

COMPANY OVERVIEW

About the company

Amir Chand Jagdish Kumar (Exports) Ltd. (ACJKEL)

has carved its place as one of India's **top three basmati rice producers and exporters**, powered by its flagship **AEROPLANE** brand.

With an installed capacity of ~550,800 MTPA and fully integrated operations spanning procurement, processing, packaging, and sales, the company delivers unmatched scale and consistency.

Beyond rice, ACJKEL has strategically diversified into FMCG staples under Aeroplane, reinforcing its brand as a trusted household name. Its reach extends to **38 countries** with a strong distribution backbone of **436 domestic and 53 international partners**, combining global presence with deep local penetration.

The company's growth strategy is anchored in expanding distribution, capturing Tier 3 & Tier 4 markets, and strengthening brand equity — positioning Aeroplane not just as a leader in basmati rice, but as a rising force in India's staples and FMCG landscape.

Key competitive strengths

Leading Producer & Brand

40+ years in basmati; "Aeroplane" is a trusted anchor brand with strong recall, ensuring customer loyalty and margin stability despite rising costs

Procurement Advantage

Extensive sourcing network across North India; facilities in Punjab, Haryana, and Delhi enable timely procurement, cost efficiency, and scalable terms

Integrated Operations

One of few players with end-to-end basmati value chain; strong quality control backed by dedicated assurance teams

Pan-India Distribution

436 distributors across GT, MT, e-commerce, and D2C channels; stable nationwide presence supporting growth and reach

Global Presence

Three Star Export House; strong Middle East demand with 53 overseas distributors, repeat orders driven by brand strength and delivery reliability

Financial Strength

Sustained EBITDA/PAT margin growth; prudent procurement and extended credit terms ensure efficient inventory and healthy risk profile

Experienced Leadership

4 decades of industry expertise; proven ability to execute strategies and deliver sustained growth

DISTRIBUTION AND BUSINESS STRATEGY

Integrated distribution engine driving global scale

Deep-Rooted & Scalable Network

- 436 domestic distributors | 53 global distributors | Presence in 38 countries
- Strong foothold across metros, Tier 1 & Tier 2 cities, expanding into Tier 3 & 4
- Long-standing relationships → repeat export orders & market leadership

End-to-End Supply Chain Advantage

- Direct sourcing ecosystem: 325+ procurement agents + in-house network
- Data-led procurement (crop mapping, field surveys) ensures cost-efficient sourcing
- Integrated infrastructure: large storage + strategically located packaging

Multi-Channel Distribution Flywheel

- General Trade | Modern Trade | E-commerce | HORECA | D2C
- Strong presence across kirana, retail chains, online platforms & institutions
- Distribution tightly integrated with branding & marketing initiatives

Clear Expansion Roadmap

- Scale distribution footprint to Tier 3 & 4 cities
- Increase retail & e-commerce partnerships
- Strengthen HORECA & institutional presence
- Drive digital + D2C-led growth

Robust global supply chain

RAW MATERIAL SOURCING STRATEGY

- **In-house sourcing** supported by entrenched procurement network
- **325 agent partnerships** ensure reliable supply
- **Strong mandi relationships** enable efficient, timely procurement
- **Satellite mapping & surveys** drive precise peak-season planning
- **Large storage capacity** secures bulk paddy at competitive prices

DISTRIBUTION STRATEGY

- B2C operations enabled by general trade, modern retail formats, and e-commerce platforms
- Direct consumer engagement via institutional clients, company website, and third-party marketplaces
- Delhi packaging facility ensures seamless connectivity to major distribution hubs
- Integrated distribution & marketing enhances brand visibility and strengthens market positioning

Key business strategies

Expand Reach, Deepen Distribution

- Accelerate penetration in **Tier 3 & 4 cities** while strengthening Tier 1/2 presence
- Scale distributor network to **700+ by FY28**
- Multi-channel growth: **General Trade | Modern Trade | HORECA**
- Outcome: **Higher market share, wider consumer base, stronger brand recall**

Strengthen Brand & Consumer Pull

- Scale **celebrity-led, multi-channel marketing** (digital + traditional)
- Focus on **performance marketing & D2C growth**
- Capitalize on shift toward **branded, quality food products**
- Outcome: **Stronger brand equity + demand acceleration**

Build a Future-Ready FMCG Portfolio

- Expand beyond rice into **core kitchen staples & value-added products**
- Leverage **existing distribution, brand trust & procurement strengths**
- Unlock **cross-selling + higher-margin categories**
- Outcome: **Diversified revenue streams + margin expansion**

Drive Operating Leverage

- Utilize existing capacity (currently ~61%) for **volume-led growth**
- Achieve **cost efficiencies & better fixed cost absorption**
- Benefit from **economies of scale & improved yields**
- Outcome: **Sustained margin improvement**

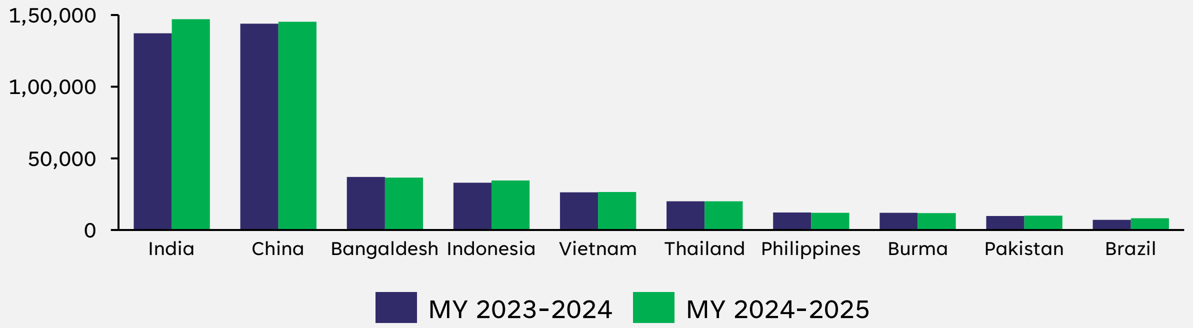
Strategic Outcome

Integrated play on Distribution + Brand + Portfolio + Efficiency → Scalable growth with improving profitability

INDUSTRY OVERVIEW

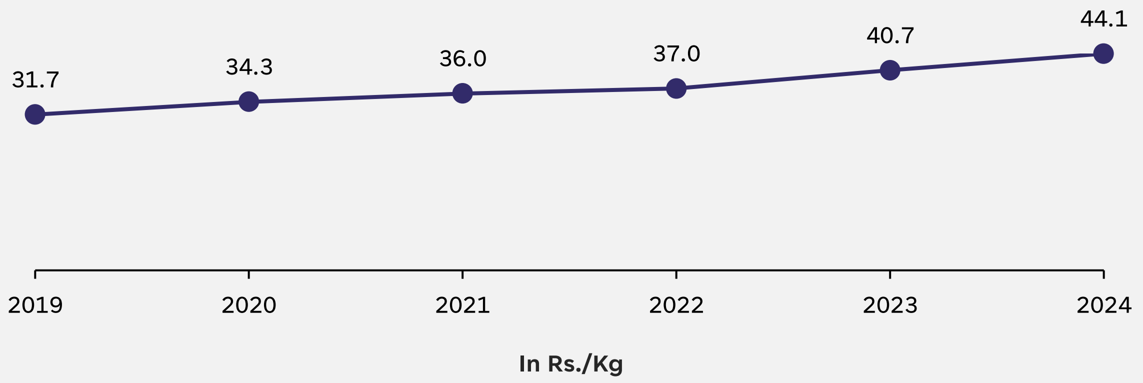
Rice industry overview

China and India dominate the Global Rice Production during MY 2023-24 and MY 2024-25



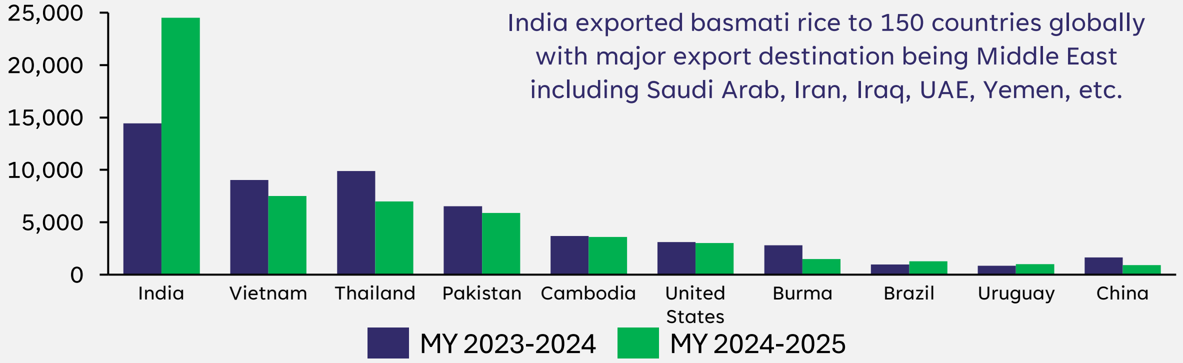
Asian countries accounted for **74%** of dominant share globally during MY 2024-25

Rice Price Trends All India Average



Rice cultivation is highly susceptible to changes in weather patterns and government interventions impacting prices and thus affecting yields

India is the largest exporter of rice to the world (MY* 2024-25)



India exported basmati rice to 150 countries globally with major export destination being Middle East including Saudi Arab, Iran, Iraq, UAE, Yemen, etc.

India accounted for **40%** of world exports in MY* 2024-25

INDIAN CONSUMPTION DRIVERS

Growing urbanisation

Rising Income levels

Organized Retail – Spread of modern trade

Steadily changing trend of consumers opting for quality & branded rice

Source – CARE Report; MY- Marketing Year

Growth drivers of basmati rice industry

Export Opportunities	India leads Basmati exports, fueled by strong demand from Iran, Saudi Arabia, Iraq, UAE and others — expanding acreage and farmer participation
Increasing Domestic Demand	Rising incomes, dietary shifts, and health awareness boost consumption, while HORECA ensures steady institutional demand — reinforcing long-term growth
Premium Pricing & Sustainable Practices	Basmati earns premium prices with high farmer returns, while organic and water-efficient practices enhance quality and brand value
Government Support	Policy backing through MSPs, subsidies, crop insurance, and export incentives strengthens cultivation economics and global competitiveness
Growth in Per Capita Consumption & shift towards Packaged Rice	Per-capita rice consumption is rising, with a clear shift toward packaged and premium varieties. This reflects evolving lifestyles and preference for convenience
Convenience/Online Store	Convenience stores and e-commerce broaden Basmati's reach, with post-pandemic online adoption accelerating accessibility and sales momentum

ESG INITIATIVES

Driving sustainable growth through UNFCCC-certified facility

ACJKEL's Amritsar Manufacturing Plant (Unit I) is a carbon-efficient, environmentally friendly facility registered under the **UNFCCC**, serving as a key pillar of the company's environmental credibility while distinguishing it from similarly scaled food-processing units in India

Key Sustainability Measures Implemented

Self sufficient plant generation
Captive renewable / biogas energy at Amritsar Unit eliminates dependence on India's coal-heavy grid — directly reducing Scope 2 GHG emissions

Rice husk utilization
Rice husk — a by-product of milling — is repurposed as fuel or raw material, converting waste into energy and reducing landfill burden

Water conservation & ETP
Effluent Treatment Plant (ETP) and water recycling systems ensure responsible water management and zero-liquid discharge compliance

Verified emission reductions
CDM registration requires additionality — reductions are independently verified and publicly registered under the UN Kyoto Protocol framework
