PRESS RELEASE

Hyderabad, India | Monday, August 10, 2026

Blue Cloud Softech Solutions Ltd – USA Signs USD 150 Million Statement of Work with SpaceX International Ltd, MY, for AI Infrastructure, Cybersecurity, Telecommunications and Data Centre Solutions

Blue Cloud Softech Solutions Limited (BSE: 539607) (“BCSSL” or the “Company”) today announced that its wholly owned US subsidiary, Blue Cloud Softech Solutions Ltd – USA (“BCSSL-USA”), has executed Statement of Work No. 1 (“SOW”) with SpaceX International Ltd, MY. The SOW is issued under and incorporated into the Master Services Agreement between the parties dated July 9, 2026, and provides for a minimum contractual commitment of USD 150,000,000 over an eighteen-month term, subject to the terms and conditions of the executed agreements. The engagement represents a significant step in BCSSL’s expansion into large-scale AI infrastructure, cybersecurity, telecommunications and data-Centre solutions for global clients.

Under the SOW, BCSSL-USA will design, build, integrate, secure, connect and operate a dedicated, sovereign-grade AI compute and data-Centre platform for SpaceX International Ltd, MY, spanning four sectors: AI Infrastructure (USD 70 million), Cybersecurity (USD 25 million), Telecommunications (USD 25 million) and Data Centre Solutions (USD 30 million). Services will be delivered across five phases over six quarterly billing periods, commencing with assessment and design and culminating in managed operations from the sixth quarter onward.

Deliverables include GPU/accelerator cluster build-out, MLOps and model-serving infrastructure, a Security Operations Centre with SIEM/SOAR deployment, core network and NOC-managed connectivity, and data-Centre build, commissioning and disaster-recovery capability, governed by defined service levels for platform, network and facility availability.

Commenting on the development, Mr. Tejesh Kumar Kodali, Group Chairman of Blue Cloud Softech Solutions, said: “This engagement is an important milestone for our AI infrastructure business and reflects Blue Cloud’s ability to design, build and operate integrated AI compute, cybersecurity and data-Centre solutions at scale. We believe this programme strengthens our long-term strategy of building technology infrastructure capabilities for global clients.

Commenting separately, Mr. Bhaskar Nallamilli, Chief Executive Officer of Blue Cloud Softech Solutions Ltd – USA, said the engagement reflects the Company’s growing capability to deliver large-scale, integrated AI infrastructure, cybersecurity, telecommunications and data-Centre programmes for global clients, and reinforces BCSSL’s strategic positioning as an AI-first technology group.
