**Press Release**

**GEE Limited, Sole Supplier of Welding Consumables for Historic Tri Commissioning of Indigenous Warships of Indian Navy**

**Kolkata, India – June 22, 2026:** GEE Limited (Bloomberg Code: GEE IN | BSE Code: 504028), a leading manufacturer of welding consumables and solutions in India, proudly announces its exclusive contribution to the commissioning of three advanced naval warships — INS Dunagiri, INS Agray, and INS Sanshodhak — by the Indian Navy on June 21, 2026, in Kolkata.

Prime Minister Shri Narendra Modi presided over this rare Tri-Commissioning Ceremony, formally inducting the three indigenously built warships into the Indian Navy. This marks only the second such triple commissioning of frontline naval platforms in recent years.

These three platforms, designed by the Indian Navy’s Warship Design Bureau and constructed by Garden Reach Shipbuilders & Engineers Ltd. (GRSE), represent a significant milestone in India’s journey towards self-reliant (Atmanirbhar Bharat) in defence manufacturing. All three vessels were built indigenously with substantial local content exceeding 75%.

**Key Highlights**

As the only supplier of welding consumables for these frontline naval assets, GEE Limited played a critical role in ensuring the highest standards fabrication and structural integrity:

- **NS Dunagiri (Project 17A Stealth Frigate)** - A multi-role blue-water combat platform armed with BrahMos and Barak-8 missiles.
- **INS Agray (Arnala-class Anti-Submarine Warfare Shallow Water Craft)** Specialized in littoral operations and submarine hunting.
- **INS Sanshodhak (Advanced Survey Vessel)** - Equipped for deep-sea hydrographic surveys using Autonomous Underwater Vehicles (AUVs) and Remotely Operated Vehicles (ROVs).
- **This partnership with GRSE highlights GEE Limited’s growing footprint in high-precision, high-reliability segments of the defence sector.** The company continues to invest in advanced welding technologies, R&D, and capacity expansion to capitalise on the rising opportunities presented by India’s focus on self-reliant defence manufacturing

**Commenting on the development, Mr. Umesh Agrawal, Joint Managing Director, GEE Limited said**

“We are deeply honoured to be the trusted welding partner for this landmark triple commissioning presided over by the Honourable Prime Minister. Supplying critical welding consumables for three diverse naval platforms simultaneously underscores GEE’s technical expertise, consistent quality, and reliability in supporting India’s strategic defence programmes. This achievement reinforces our commitment to nation-building and positions GEE strongly within the growing indigenous defence and shipbuilding ecosystem.”

## **About GEE Limited**

GEE Limited is one of India's premier manufacturers and exporters of welding electrodes, wires, and fluxes. With a strong emphasis on quality and innovation, the company serves diverse industries including shipbuilding, power, infrastructure, oil & gas, and defence. GEE is committed to supporting India's vision of becoming a global manufacturing hub through superior welding solutions.
