Commenting on Q2 FY27 performance, Mr. Ankit Patel, Chairman & Managing Director said "We delivered healthy 18% YoY growth in revenue during the quarter, reflecting a continued positive momentum. However, due to sharp increase in input and logistics costs, and realisations remaining broadly flat, our margins during the quarter were impacted. While the near-term cost environment remains challenging, we are taking focused measures to optimise our product mix and improve our operating efficiencies.

I would also like to share that we have received the Hon'ble NCLT's approval for the amalgamation of our two wholly owned subsidiaries with Meghmani Organics Limited, creating a single, unified legal entity. This approval marks an important milestone in our journey. The Scheme will enable us to achieve optimal utilisation of existing resources through consolidation of operations and derive operational and financial synergies through prudent financial management and cost reduction."
