Accordingly, the customer has done detailed due diligence and qualification of the Shell manufacturing factory of Sunita Tools and approved the same for its requirements. The team had visited us and did a detailed inspection machine by machine, process by process and qualified us as their vendor/supplier/manufacturer/OEM.

About Sunita Tools

Sunita Tools Limited boasts over 40 years of experience in the Engineering and Mould Base Industry, offering unparalleled customized solutions to various sectors with a forward-thinking approach to meeting future demands today. Our core expertise lies in the manufacture of Ground Plates, Mould Bases, and Precision CNC Machining.

The products of the Company serve as essential components for the Manufacturing industries, spanning Automotive, Pharmaceutical, Electronics, Consumer Goods, Aerospace, Defence and numerous other sectors. These industrial capital goods undergo rigorous quality testing to ensure they meet industry standards before reaching our clients, Aerospace parts, Empty Artillery shells, Grease Cartridges etc.

The Companies strength lies in our ability to deliver customized, high-quality products, offer expert guidance throughout the design and manufacturing process, and provide comprehensive after-sales technical support. This commitment to compatibility and customer satisfaction sets us apart, making our products and services a flexible and dependable choice. The Company is dedicated to promptly addressing any concerns raised by our business associates through direct engagement with senior management.

Management Comment:

Commenting on this development, Mr. Sanjay Pandey, Chairman & Whole Time Director of Sunita Tools Limited said:

"We are pleased to announce that Sunita Tools Limited has received OEM qualification and a purchase order for the supply of forged empty shells to an Ordnance Factory under the Government of India. This qualification marks a significant milestone for the Company and its Defence Division and represents an important step forward in our growth journey. It is a testament to the hard work, dedication and efforts of Team SUNITA, as well as the investments made in developing our manufacturing infrastructure, machinery and production capabilities. We believe this achievement will strengthen our presence in the defence manufacturing sector and open up new avenues for business opportunities with government organisations as well as private-sector companies. We look forward to building on this milestone and further expanding our capabilities in the defence and engineering sectors."
