Investor Release

Excel Industries Limited Achieves Silver Rating in EcoVadis Sustainability Assessment

Mumbai, India | September 17, 2026:

Excel Industries Limited, a leading Indian manufacturer of Agrochemical intermediates, Yellow phosphorous derivatives, Performance solutions, Pharma intermediates & APIs has been awarded the Silver Rating in the EcoVadis Sustainability assessment. The rating places Excel in the Silver category, recognising the Company among the top 15% of businesses assessed by EcoVadis globally.

The EcoVadis evaluation assesses performance across 21 criteria under four core pillars - Environment, Labour & Human Rights, Ethics, and Sustainable Procurement, and is benchmarked against internationally recognised frameworks such as the UN Global Compact, ILO conventions, the GRI Standards and the TCFD framework. The assessment reflects the strength of the Company's sustainability management framework and the depth of evidence supporting its disclosures.

The Silver rating recognises measurable progress across four areas:

- **Stronger Sustainability management systems**
- **Deeper value chain engagement**
- **Improved environmental performance**
- **Greater transparency in reporting**

This achievement reflects the collective efforts of the Company's employees and the continued integration of sustainability into its business practices. Sustainability sits at the core of Excel's operating philosophy, captured in its guiding principle of People, Planet and Progress and is embedded across its manufacturing sites, product development and supply chain decisions.

As we seek to expand our global footprint and our contract manufacturing presence, this rating will help in establishing us a reliable supplier committed to sustainability.

Commenting on the achievement, Mr. Ravi A. Shroff, Managing Director, Excel Industries Limited, said:

> *"Achieving the Silver rating in the EcoVadis assessment is an important validation of the way sustainability is integrated into our business. It reflects the strength of our Sustainability management framework and the collective effort of our teams across every site and function. We are hopeful that this assessment will help in customers seeing us as a reliable business partner committed to sustainability and help in strengthening the relations with our existing customers as well as forging new relationships as we seek to expand our global footprint and presence in performance solutions and contract manufacturing.*
