Press Release

Flomic Global Logistics Expands Bhiwandi Warehouse Capacity with Multi-Tier Storage and High-Rise Pallet Racking

Mumbai, 30th October 2026: Flomic Global Logistics Limited has expanded the storage capacity of its Bhiwandi warehouse by installing a new multi-tier storage structure and long-span pallet racking. These additions help the Company meet rising demand for warehousing in the Bhiwandi region by making better use of its existing facility rather than leasing new space.

Multi-tier storage structure: This is the second multi-tier installation at Flomic's Bhiwandi facility. The earlier installations were taken on a long-term lease basis, while this is the Company's first outright procurement of such a structure. The project was commissioned in July 2026 and completed in September 2026. The ground-plus-three -tier structure adds 15,000 sq. ft. of storage area across three tiers of 5,000 sq. ft. each, taking the effective leasable area from 5,000 sq. ft. to 20,000 sq. ft. on the same footprint. A customer in the quick commerce segment has occupied the space since September 2026.

Long-span pallet racking: In September and October 2026, Flomic also installed G+5 level long-span shelving at the Bhiwandi warehouse, adding more than 2,000 pallet positions. With this installation, the warehouse now has the capacity to store approximately 8,000 pallets. An FMCG customer has occupied the new pallet positions since October 2026.

Commenting on the expansion, **Lancy Barboza, CEO & Managing Director, Flomic Global Logistics Ltd., said:**

"Demand for warehousing in Bhiwandi remains strong, and our focus is on using every square foot of our existing facilities efficiently. Vertical expansion lets us add capacity quickly and serve fast-growing segments like quick commerce and FMCG without waiting for new facilities. We will continue to invest in our Supply Chain Solutions business to give customers scalable, reliable storage."

These installations reflect Flomic's focus on space optimisation and on building its contract logistics and warehousing capabilities to serve high-growth customer segments.

About Flomic Global Logistics Ltd.

Flomic Global Logistics Ltd. is an integrated logistics and freight forwarding company offering end-to-end supply chain solutions across air, sea, and land transportation. Founded in 1988 and listed on the BSE, the company operates an asset-light, scalable logistics platform supported by a strong global partner network. Flomic provides a wide range of services including ocean and air freight forwarding, project cargo and breakbulk logistics, customs broking, warehousing, transportation, and specialized logistics solutions.
