The total order book as on September 30, 2026 was ₹ 4715 million. Almost 87% of the order book comprises orders from the EPC segment.

Commenting on the financial performance, **Mr Vivek Gupta, Managing Director, Delton Cables**, said, "I am very pleased with what Delton Cables has achieved during the first half of FY27. Our financial performance underscores the strength of our business model. Delton is successfully capturing newer opportunities, while balancing the existing product portfolio, and at the same time, improving margins

considerably over the previous financial year. We have shown visible improvements in our collections and inventory management. Our total long term debt to net worth is at comfortable 0.5x, and our RoCE (annualised) at 14.6% and RoE (annualised) at 11.1% are showing marked expansion. Overall, I am very happy with our top line growth and the margin enhancement, and feel confident about an excellent FY2027."

About Delton Cables Limited

Delton Cables Limited (Delton) [BSE: 504240] is a pioneering cables & wires company, specialising in low voltage cables. For over 75 years, the company has enjoyed powerful brand recall for its telecom cables. Delton has now transformed itself into a customised branded supplier to high growth sectors such as EPC, Telecom, and Railways. With its robust approval base, vast yet niche product offerings, and being a supplier of choice to marquee global customers in high growth segments, Delton is set to scale new heights as a formidable low voltage cable company.
