**MEDIA RELEASE****Ebix Limited Strengthens Its Digital Payments Franchise as EbixCash and MSRTC Scale Contactless Transit Payments, Surpassing 1 Crore Registrations**

- NCMC-based card strengthens EbixCash's footprint in public transit payments
- Contactless card adoption grows across Maharashtra's public transport network

New Delhi, August 13, 2026: Ebix Limited (formerly Eraaya Lifespaces Limited), through its payments business operating under Ebix Inc. and its global subsidiaries, today announced **EbixCash**, a leading digital financial services provider, and the Maharashtra State Road Transport Corporation (MSRTC) have crossed a significant milestone in their National Common Mobility Card (NCMC) partnership. As of August 12, 2026, the programme crossed 1 crore card registrations and nearly 66 lakhs activated cards.

The NCMC card enables MSRTC commuters to make contactless payments for their travel, offering an alternative to cash. Built on the Government of India's NCMC framework, it is designed to support interoperable payments across participating public transport systems and other eligible acceptance points, with scope for wider acceptance as more transit networks come on board.

Commenting on the development, **Mr. Deepak Bhatia, Business Head, EbixCash**, said, *"The success of the MSRTC National Common Mobility Card program demonstrates our commitment to building innovative, secure, and scalable payment solutions that simplify everyday commuting. We remain committed to enhancing the customer experience while supporting the Government of India's vision of a unified, interoperable digital mobility ecosystem."*

EbixCash provides the technology and payment infrastructure behind the programme, supporting card issuance, activation, top-ups and transaction processing for MSRTC. The company remains focused on strengthening the NCMC ecosystem through continued investment in technology and strategic partnerships, in line with India's broader digital payments and smart mobility ambitions.

About Ebix Group

EbixCash is India's leading end-to-end digital financial services platform, combining an omni-channel digital presence with a nationwide physical distribution network of over 650,000 outlets. The company operates across payments, international and domestic remittances, foreign exchange, prepaid cards, travel, insurance, and financial technology, integrating front-end distribution with back-end technology. EbixCash's products are accessible digitally and through its extensive network spanning 4,000 cities and 75,000 villages across India.

About Ebix Limited

Ebix Limited (formerly known as Eraaya Lifespaces Ltd) is a global holding company of Ebix Inc. and its worldwide subsidiaries. Following a strategic transition in 2024, Ebix Limited has evolved from its conventional roots in lifestyle and hospitality into a diversified, technology-led holding platform with operations across 13 countries serving enterprise & consumer markets worldwide.

Through Ebix Inc. and its operating global subsidiaries, Ebix has built a strong global presence across four core business segments: Technology, Payments, Travel, and Emerging Businesses. The technology platforms business delivers on-demand software, SaaS solutions, and digital exchanges that support insurance, reinsurance, financial services, healthcare, risk and compliance and many more software products catering to various service segments. The cash payments segment provides technology-enabled payment solutions and financial transaction platforms catering to diverse use cases across geographies. Ebix Travel is one of the group's key verticals, offering end-to-end travel with travel distribution solutions, including booking platforms, payments integration, and digital marketplaces that serve airlines, travel agencies, corporates, and consumers across international markets. In parallel, the company's emerging businesses include e-learning which focused on delivering digital education and training solutions designed to support skill development and professional learning at scale. These businesses enable Ebix to operate across enterprise and consumer markets, supported by global delivery capabilities, long-standing client relationships, and process-driven platforms.
