Prime Industries Limited Subsidiary Linga Agri Raise fund at ₹330 Crore Pre-Money Valuation

Linga Agri's first fundraising tranche supports growth in advanced manufacturing and specialised engineering

Synopsis

Ludhiana, 17 October 2026: Linga Agri Trading and Machinery Private Limited ("Linga Agri"), in which Prime Industries Limited holds a majority stake as on date, has completed the first tranche of its fundraise at a pre-money valuation of ₹330 crore. The fundraise marks an important milestone in Linga Agri's growth journey as it continues to strengthen its manufacturing capabilities and expand its presence across agricultural and industrial engineering applications, supported by Prime Industries' strategic guidance, industry relationships, operational engagement and R&D support.

About Linga Agri Trading and Machinery Private Limited

Established in 2018, Linga Agri operates in advanced agricultural and industrial manufacturing, developing specialised machinery and engineering solutions for **food processing, waste management, fabrication and precision engineering**.

Its project portfolio includes work associated with the **Indian Space Research Organisation (ISRO), BEML, Tamil Nadu Agricultural University (TNAU), Royal Enfield and Hyundai**, alongside government departments, agricultural institutions and municipal bodies.

Linga Agri's reported revenue increased from ₹19.27 crore in FY2024–25 to ₹84.47 crore in FY2025–26, while profit after tax rose from ₹3.17 crore to ₹15.04 crore.

Prime Industries' Strategic Engagement

Prime Industries Limited is actively working across specialised engineering, advanced manufacturing, precision engineering, nuclear, defence, aerospace and emerging technologies on long-term projects alongside Linga Agri and Kay Bovet.

Commenting on the company's growth, Mr. Gowtham Sithaarth, Managing Director of Linga Agri Trading and Machinery Private Limited, said:

"At Linga Agri, together with Prime Industries Limited, our focus is on advancing precision engineering and driving innovation through specialised manufacturing solutions. By combining our manufacturing expertise with Prime Industries' support in research and development, leadership and operations, we are strengthening our capabilities to develop innovative, high-quality solutions for evolving industrial and agricultural requirements. Our shared focus is on building advanced engineering capabilities and creating long-term value through specialised manufacturing."
