Coforge Earns Great Place To Work Certification for Sixth Year in a Row

Greater Noida, India | August 26, 2026: Coforge Limited (NSE: COFORGE), a global AI-native engineering services leader, announced that it has been certified as a Great Place To Work® by Great Place To Work India for the sixth consecutive year.

The Great Place To Work Assessment is considered to be a 'Gold Standard' in workplace culture assessment. Great Place To Work measured employee perceptions among 5,000 Coforge employees using its rigorous Trust Index™ Employee Survey. Coforge continues to uphold the Great Place To Work Assessment benchmarks for pride, satisfaction, growth, and well-being.

The achievement reflects Coforge's belief that great workplaces are built by great people, and its commitment to creating an environment where employees feel valued, supported, and motivated.

Pankaj Khanna, Chief People Officer, Coforge, said, "Achieving the Great Place To Work® Certification™ for the sixth consecutive year is a testament to strong employee-centric culture we have built at Coforge. We believe in creating an environment our employees are valued, respected, and provided with the tools and encouragement to reach their full potential. We invest in well-being, learning, and equal opportunities, which is why people choose to stay and grow at Coforge. This is reflected in our high retention rates and long-term employee trust and satisfaction. We are committed to people excellence, ensuring that Coforge remains an employer of choice for top talent across the globe."

About Coforge

Coforge is an AI-native engineering services leader, where AI is the very foundation of how we design, build, and deliver intelligent solutions for our clients. We use AI and hyperspecialized industry expertise to engineer autonomous enterprises. We combine AI agents with our AI-enabled workforce, including specialized FDEs in hybrid pod-based delivery units. With a deep focus on trusted AI, our solutions are secure, governed, and enterprise-grade. We are outcome-led by design. Moving beyond AI experimentation, we deliver measurable business outcomes – lower operating costs, faster cycle times, higher conversion rates, and sustained margin growth.
