Fermenta Biotech Limited Ranked 7th Nationwide in India's Great Mid-size Workplaces™ 2026

BSE 506414 | Bloomberg FERMENTA:IN | Reuters FERM.BO

- **Recognition highlights Fermenta's strong people-first culture and high-trust workplace environment**
- **Achievement comes during Fermenta's 75-year milestone, reflecting its legacy of trust, science and service**
- **Recognition based on employee feedback and rigorous workplace culture assessment by Great Place To Work® India**

Mumbai, 25 May 2026: Fermenta Biotech Limited, India's leading manufacturer of premium-grade APIs, intermediates, and nutritional premixes for the global markets, today announced that it has been ranked 7th nationwide in the Top 50 category as part of India's Great Mid-size Workplaces™ 2026 by Great Place To Work®.

This recognition marks a significant milestone for Fermenta as the company celebrates 75 years of trust, science and service. Over 2,000 organisations partnered with Great Place To Work® India this year to assess and benchmark their workplace culture. To place 7th among them, across a wide range of sectors, reflects the culture we have built together over the years.

The achievement comes shortly after Fermenta was recognized among India's Best Workplaces™ in Pharmaceuticals, Healthcare and Biotech 2025, further reaffirming the company's commitment to nurturing an environment where employees feel valued, empowered and inspired to contribute to the organization's growth journey.

Comment from Prashant Nagre - Managing Director

"At Fermenta, our growth has always been powered by our people and our partners. This recognition belongs to every team member that brings commitment, ownership and pride to work every day, and our partners whose constant support and guidance have helped us reach here. As we celebrate 75 years of Fermenta, being ranked 7th nationwide makes this milestone even more meaningful. It is a reflection of the culture we have built together; one rooted in trust, responsibility, collaboration and the belief that great organizations are created by great people."

About Fermenta

Fermenta Biotech Limited (www.fermentabiotech.com) delivers best-in-class, science-validated nutritional ingredients across pharmaceuticals, dietary supplements, food & beverage, veterinary, and animal nutrition industries. Our state-of-the-art manufacturing facilities located at Kullu (Himachal Pradesh), Dahej (Gujarat), and Tirupati (Andhra Pradesh), supported by the R&D Excellence Centre at Thane (near Mumbai) drive Fermenta's comprehensive portfolio of premium vitamins, nutritional premixes and ingredients that exceed the unique needs and stringent regulatory standards of over 400 discerning customers in more than 60 countries. With decades of expertise at global-scale complex manufacturing, Fermenta also provides research-based custom solutions in green chemistry, APIs & intermediates, and environmental solutions.

About Great Place To Work®

Great Place To Work® is the global authority on workplace culture. Our mission is to help every place become a great place to work for all. We give leaders and organizations the recognition and tools to create a consistently and overwhelmingly positive employee experience, fostering cultures that are proven to drive business, improve lives, and better society. Our recognition is among the most respected worldwide for elevating employer brands and attracting the right talent. Our proprietary methodology and platform enable organizations to capture, analyze, and understand the experience of all employees. Since 1992, our Certification™, Best Workplaces™ Lists, and global benchmarks have become the industry standard, built on data from more than 100 million employees in 150 countries around the world.

Safe Harbour Statement

Statements in this document relating to future status, events, or circumstances, including but not limited to statements about plans and objectives, market opportunities, competitive positioning, slump sale transaction potential, the progress and results of research and development, potential project characteristics, project potential, and target dates for project related issues are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from those anticipated in the forward-looking statements due to various factors including market conditions, regulatory changes, competitive dynamics, and other business risks. Fermenta Biotech Limited assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions, or other factors, except as and when required by applicable law.
