## Business Overview

Jujhar Logistics Limited is part of the Jujhar Group and is listed on BSE under Scrip Code 534796. The Company was formerly known as CDG Petchem Limited. It operates principally through its 51% subsidiary, Jujhar Logistic & Travels Limited, acquired on November 18, 2025.

Jujhar Logistic & Travels Limited is engaged in specialised automotive logistics, with a focus on multi-car carrier transportation for leading original equipment manufacturers (OEMs). The operating subsidiary serves Maruti Suzuki, Tata Motors, Kia, Jaguar Land Rover, Volkswagen, Toyota, Hyundai, Mahindra and Škoda.

The business is built around purpose-built vehicle carriers, established OEM relationships, damage-free delivery standards and technology-enabled fleet operations. The operating network comprises more than 400 enclosed carriers and over 600 delivery locations. Its operations are supported by GPS-enabled fleet management, integrated transport management systems and an AI-powered control tower designed to provide real-time visibility and operational control.

## Strategic Expansion Plans –Plans to triple the business (3x growth)

Jujhar Logistics is working on strengthening its core automotive logistics business through road, while developing complementary logistics capabilities. The Company aims to 3x its business in next years with specific focus on following business expansion strategies –

### 1. Green Logistics – Rail Transportation for OEMs

As part of its commitment towards sustainable logistics, the Company is planning to transport automobiles for Maruti Suzuki and other OEMs through the railway mode. Rail transportation offers the potential to reduce road congestion, fuel consumption and carbon emissions compared with conventional road transportation. These initiatives are intended to support more sustainable transportation practices and improve network efficiency. This initiatives will be in addition to and complement the existing road transportation network.

### 2. Expansion of Road Car Carrier Logistics

The Company intends to strengthen its core automotive logistics business through fleet expansion, strategic acquisitions, entry into new regional markets, development of new OEM partnerships and strengthening of its existing operating network.
