Highness Microelectronics Limited Secures Order Worth ₹1.89 Crore from a Leading Technology Solutions Company specializing in Rail & Metro Ticket Vending & Payment solutions

Mumbai, June 3, 2026: Highness Microelectronics Limited (BSE - SME: 544741), a leading manufacturer of **advanced display solutions, embedded systems, and other related electronic products**, is pleased to announce the receipt of a significant purchase order valued at approximately **₹1.89 Crore** for the supply of **specialized Rugged Displays** for **Ticket Vending Machines (TVM)** to be used at various **Metro & Urban** Mobility stations.

Order Details

The order has been received from a leading technology and automation solutions company operating in the transportation segment, offering enterprise and digital infrastructure that facilitate large-scale payment processing and ticket vending services. The order comprises multiple variants of Windows-based and Android-based systems that will be deployed at various station and platform concourses of three major lines across two metro cities.

Order Highlights

- **Order Value:** Approximately ₹1.89 Crore
- **Product Category:** Ruggedized Displays for Ticket Vending Machines (TVM)
- **Total Quantity:** 261 Units
- **Delivery Schedule:** June 2026 to July 2026
- **Customer:** Leading Technology & Automation Solutions Company (Name Withheld Due to Confidentiality)

Management Perspective & Outlook

Commenting on the development, **Gaurav Kejriwal, Managing Director & Promoter of Highness Microelectronics Limited**, said:

"We are pleased to have secured this order from a leading player in the technology and automation sector. The order reflects the trust our customers place in our manufacturing capabilities, product quality, and execution excellence. We remain focused on delivering innovative and reliable electronic solutions while expanding our presence across high-growth industry segments."

The order further strengthens Highness Microelectronics' order book and provides enhanced revenue visibility for the coming quarters. The Company continues to witness increasing demand for its display and embedded electronic solutions across industrial, enterprise, transportation, and digital infrastructure applications. This has been possible due to Highness' efforts in localization and indigenization of display products in India.

About Highness Microelectronics Limited

Highness Microelectronics Limited is engaged in the design, development, manufacturing, and assembly of display solutions, embedded systems, industrial electronics, and customized technology products catering to a wide range of industries.
