EPS	0.98	0.55	*78.18%*	0.86	*13.95%*	2.32	1.96	*18.37%*

Business Highlights:

- Highest ever Quarterly Revenue of ₹ 102.91 Crores for Q1 FY27, with a growth of 24.71% YoY
- Injection Moulding capacity reached a new milestone of 5,800 MT in Q1 FY27, following a 1,000 MT addition during the quarter, representing a 5.8x increase since FY23
- Export revenue grew 30.1% YoY to ₹ 70.08 crore in FY26, reflecting sustained demand across international markets despite geopolitical uncertainties
- Sleeving capacity increased from 1,275 lakh units per annum to 1,675 lakh units per annum, strengthening value-added packaging capabilities
- The captive wind-solar arrangement of ~1.9 MW is scheduled to be commissioned in October 2026
- Olive Ecopack has reported an improved EBITDA Margin of 26.77% in Q1 FY27

Commenting on the performance Mr. Ramswaroop Radheshyam Thard Managing Director and Chairman said:

" The first quarter of FY27 marked an important milestone for Rajshree Polypack as we delivered our highest-ever quarterly Revenue from Operations of ₹ 102.91 crore, reflecting a year-on-year growth of 24.71%. Profit After Tax increased by 76.83% year-on-year to ₹ 7.25 crore. Our performance reflects sustained customer demand, an improving product mix and our continued focus on operational efficiency, supported by disciplined execution and strong capacity utilisation across our manufacturing operations.

Our focus remains on building a diversified and future-ready packaging business. We continue to strengthen our integrated manufacturing capabilities, expand our product portfolio and deepen our presence across domestic and export markets. The continued scale-up of our injection moulding business, supported by new product development and expanding customer applications, provides a strong platform for long-term growth.

Olive Ecopack continues to strengthen our sustainable packaging platform by expanding our presence in paper-based food packaging solutions and creating an additional growth avenue beyond rigid plastic packaging.

We are also advancing our sustainability initiatives through group captive wind-solar arrangement of approximately 1.9 MW, which is expected to become operational by October 2026. Once commissioned, the project is expected to meet nearly 30% of our energy requirements through renewable sources while generating annual savings of around ₹ 1.75 crore.

Looking ahead, we remain focused on strengthening customer relationships, expanding our product offerings and investing in innovation, sustainability and manufacturing capabilities. Supported by our integrated platform, diversified product portfolio and disciplined execution, we remain confident of delivering sustainable long-term value for our customers and stakeholders."

About Rajshree Polypack Limited:

Rajshree Polypack Limited is one of India's leading manufacturers of rigid plastic sheets and packaging products, serving a wide range of industries including dairy, food & beverages, FMCG, bakery & confectionery, fresh produce, pharmaceuticals, cosmetics and industrial packaging. Incorporated as a Partnership Firm in 2003, the company provides comprehensive packaging solutions through an integrated manufacturing platform encompassing sheet extrusion, thermoforming, injection moulding, printing and labelling. Its diverse product portfolio includes yogurt cups, beverage cups, food containers, fruit punnets, pharmaceutical trays, industrial packaging and specialized barrier packaging solutions designed to meet evolving customer requirements.

The company differentiates itself through its technology-driven manufacturing capabilities, continuous product innovation and strong focus on sustainable packaging. Rajshree Polypack operates advanced manufacturing facilities equipped with state-of-the-art European machinery, including India's first fully integrated 11-layer rigid barrier sheet extrusion line for modified atmosphere packaging (MAP) and retort applications. Backed by globally recognized certifications such as BRCGS and SEDEX, the company maintains stringent quality standards while serving leading domestic and multinational brands. With a customer-centric approach and ongoing investments in innovation and capacity expansion, Rajshree Polypack continues to strengthen its position as a trusted partner in the rigid plastic packaging industry.
