Subject: Resignation

Dear Ganesh,

I am writing to inform you of my decision to resign from my position as Executive Vice President – Core and NextGen Connectivity Services. I would like to be relieved of all my responsibilities on the 31st of July 2026.

As discussed, after careful consideration and due thought, I have decided to move on to spend time on my personal affairs. I want to take this opportunity to express my gratitude for the invaluable experience and growth I have attained throughout my tenure in Tata Communications. It has been an honor to work alongside such talented individuals and contribute to the company's success. I am confident that Tata Communications will continue to flourish under your leadership and the outstanding team we have in place.

Thank you.

Best Regards,

Genius Wong
Executive Vice President, Core and Nextgen Connectivity Services, Chief Technology Officer

Tata Communications Announces Key Leadership Appointments to Accelerate Growth in Network, Cloud and Cybersecurity Businesses

Mumbai, INDIA, June 30, 2026

Tata Communications, a leading communications technology player, today announced two strategic leadership appointments aimed at strengthening its capabilities across network infrastructure, cloud, and cybersecurity services.

Rupesh Chokshi has been appointed as Executive Vice President and Global Business Head – Network Services and Chief Technology Officer. In addition, Vivek Srivastava has been appointed as Executive Vice President and Business Head – Cloud and Cyber Security Services. Both leaders will be part of the company's Global Management Committee.

Commenting on the appointments, **Ganesh Lakshminarayanan, MD & CEO, Tata Communications**, said, "I am delighted to welcome both Rupesh and Vivek to the team as we strengthen our leadership bench to drive innovation and growth. Rupesh's expertise in next-generation networks and AI-led infrastructure, along with Vivek's strong leadership in cloud and cybersecurity, will further enhance our ability to serve as the operating backbone for enterprise AI needs."

Accelerating Next-Generation Network Leadership

Rupesh Chokshi brings over 25 years of global leadership experience across networking, cloud connectivity, cybersecurity, and software-defined infrastructure. A seasoned operator, he has successfully driven large-scale innovation by aligning product strategy, engineering, and operations across complex enterprise and carrier environments.

Most recently, he served as Senior Vice President and General Manager of Application Security at Akamai Technologies. Prior to that, he held senior leadership roles at AT&T. Rupesh will lead Tata Communications' Network Services business, shaping product strategy, advancing AI-led network innovation, and strengthening the company's global digital infrastructure capabilities.

Rupesh Chokshi said: "Tata Communications has built one of the world's most advanced global networks. As enterprises accelerate AI and cloud adoption, the need for agile, secure, and high-performance connectivity has never been greater. I look forward to building on this strong foundation and driving the next phase of innovation and growth."

Scaling Cloud and Cybersecurity Capabilities

Vivek Srivastava brings more than 27 years of experience in cybersecurity, cloud infrastructure, and digital transformation. He will be joining us from Fortinet, where he currently serves as Country Manager for India & SAARC region, leading one of the fastest-growing cybersecurity businesses in the region.

Over his career, Vivek has held leadership roles at CrowdStrike, Cisco, and IBM, building high-growth businesses and delivering large-scale transformations across enterprise and government sectors. He is widely recognised for his expertise in Cyber, AI security, post-quantum cryptography, and next-generation digital infrastructure. In his new role, Vivek will drive the expansion of Tata Communications' cloud and cybersecurity portfolio, delivering secure, scalable, and future-ready solutions for enterprises.

Vivek Srivastava said: "The next era of enterprise transformation will be defined by how effectively organisations harness cloud, AI, and intelligent digital infrastructure while embedding security and resilience at the core. Tata Communications has built a unique strategic position in enabling this transformation globally, and I am excited to help shape and accelerate this journey of growth and innovation."

With these appointments, Tata Communications continues to reinforce its strategic focus on building a robust, AI-enabled digital ecosystem to support enterprises in an increasingly connected and dynamic global environment.
