**MEDIA RELEASE****Ebix Limited Employees Come Together with Saahas NGO to Support Flood-Affected Communities in Assam**

New Delhi, August 26, 2026: Employees of Ebix Limited and its subsidiaries across India have come together with Saahas NGO to support communities affected by the recent floods in Assam through a nationwide donation drive.

The employee-led initiative brought together colleagues across locations to collect essential relief supplies, including dry rations, hygiene kits, blankets, clothing and other daily-use items. The collected material was handed over for distribution to flood-affected families through Saahas NGO.

Nearly 4,000 Ebix Limited and its subsidiaries' employees participated in the initiative, contributing voluntarily to the relief effort. Given the immediate needs of affected communities and the time required to transport relief material, employees were encouraged to donate non-perishable items that could be safely stored and distributed.

The collective effort resulted in the collection of more than 350 boxes of relief material. Each contribution represented the willingness of employees across Ebix Limited and its subsidiaries to come together and extend support to families facing difficult circumstances.

Commenting on the initiative, a company spokesperson said, *"Our people have always been at the heart of what we do. When floods affected communities in Assam, employees across our offices came together with a shared desire to help. It was encouraging to see colleagues voluntarily contribute and work together for a cause beyond the workplace. Efforts like these remind us of the importance of empathy, compassion and collective responsibility, and the difference we can make when we come together."*

Speaking about the relief effort, JB Shakleen, Project Manager, Saahas Jorhat, said, *"The needs of flood-affected communities continue well beyond the immediate rescue phase. Support from organisations such as Ebix Limited and its employees helps us reach more families and respond to changing needs on the ground. Every contribution makes a meaningful difference."*

The initiative also gave employees an opportunity to contribute directly to communities in need. The strong participation across Ebix Limited and its subsidiaries reflected a shared commitment among employees to support relief efforts and make a positive contribution beyond their regular workplace responsibilities.

Employee-led initiatives such as this continue to play an important role in building a workplace culture based on compassion, collaboration and social responsibility. The Assam flood relief drive demonstrated how collective action across teams and locations can translate into meaningful support for communities during times of need.

About Ebix Limited

Ebix Limited (formerly known as Eraaya Lifespaces Ltd) is a global holding company of Ebix Inc. and its worldwide subsidiaries. Following a strategic transition in 2024, Ebix Limited has evolved from its conventional roots in lifestyle and hospitality into a diversified, technology-led holding platform with operations across 13 countries serving enterprise & consumer markets worldwide.

Through Ebix Inc. and its operating global subsidiaries, Ebix has built a strong global presence across four core business segments: Technology, Payments, Travel, and Emerging Businesses. The technology platforms business delivers on-demand software, SaaS solutions, and digital exchanges that support insurance, reinsurance, financial services, healthcare, risk and compliance and many more software products catering to various service segments. The cash payments segment provides technology-enabled payment solutions and financial transaction platforms catering to diverse use cases across geographies. Ebix Travel is one of the group's key verticals, offering end-to-end travel with travel distribution solutions, including booking platforms, payments integration, and digital marketplaces that serve airlines, travel agencies, corporates, and consumers across international markets. In parallel, the company's emerging businesses include e-learning which focused on delivering digital education and training solutions designed to support skill development and professional learning at scale. These businesses enable Ebix to operate across enterprise and consumer markets, supported by global delivery capabilities, longstanding client relationships, and process-driven platforms.
