For the full year FY26, revenue surged 237.34% to ₹607.75 crore from ₹180.16 crore in FY25. This surge was primarily fueled by strong momentum in the FMCG and FMCG Intermediates verticals, alongside the strategic entry into the Edibles market.
- Operational EBITDA:** Q4FY26 EBITDA (excluding other income) climbed to ₹20.14 crore, up 76.70% YoY from ₹11.40 crore. For FY26, full year EBITDA expanded strongly to ₹58.69 crore, up 128.75% from ₹25.66 crore in FY25. This expansion was supported by increased top-line scale and improved efficiencies from recent capacity additions.
- Net Profitability:** Q4 FY26 Profit After Tax (PAT) reached ₹12.10 crore. PAT margin improved to 6.12% in Q4 FY26 from 5.74% in Q3 FY26, largely supported by the ramp-up of the Guwahati FMCG facility from January 2026, which contributed to better operating leverage and enhanced manufacturing efficiencies. For the full year FY26, PAT surged 217.72% YoY to ₹34.98 crore from ₹11.01 crore in FY25.
- Shareholder Returns:** Q4FY26 Earnings Per Share (EPS) stood at ₹3.90, representing a 52.34% increase over ₹2.56 in Q4FY25. For FY26, full year EPS accelerated to ₹11.65, a 165.98% increase from ₹4.38 in FY25.

Business Performance – Q4 & FY26

- **FMCG-Led Growth Momentum:** Q4 FY26 and the full year FY26 witnessed strong scaling of the FMCG and FMCG Intermediates vertical, now the primary growth engine of the Company. Growth was driven by robust demand across detergents, personal care, and home-care categories, along with the successful ramp-up of the Edibles segment (Savories & Spices), supported by expanding distribution and multi-plant infrastructure.
- **Strengthened Manufacturing & Regional Reach:** The operationalization of the Guwahati facility significantly enhanced manufacturing capacity, improving serviceability in high-frequency consumption markets, particularly in the North-East. The Textiles division continued to provide stable support through consistent institutional and B2B demand.

Key Development:

- The Edibles segment achieved full operational scale during the quarter, with the upgraded Bhilwara units driving strong volumes in savories and spices, emerging as a meaningful contributor to revenue growth.
- The Guwahati FMCG facility commenced operations with installed capacities of 2,160 MT per month for Soap Noodles and 1,000 MT per month for Cosmetics, strengthening the Company's integrated FMCG manufacturing footprint.
- The Company successfully completed utilisation planning for the ₹98.25 crore raised through preferential allotment in May 2025, channelling funds toward capacity expansion across FMCG and Edibles verticals, reinforcing the Company's long-term growth infrastructure.

Commenting on the overall performance of the Company Mr. Saurabh Chhabra, Promoter & Director of Sunrakshakk Industries India Ltd, said: "FY26 was a landmark year for Sunrakshakk as we continued to strengthen our position as a diversified, growth-led FMCG company.
