    - Overall demand remained stable during the quarter with export and domestic revenue both showing improved performance

    - Raw material prices remained elevated in Q1FY27 compared to FY26, while the sequential increase over Q4FY26 was marginal

    - Following the fire incident on 18 January 2024 at a neighboring facility, which resulted in damage to certain property, plant and equipment and inventories and caused temporary disruption to operations, the Company had filed insurance claims for property damage, inventory losses and business interruption

- During Q1 FY26, the Company received the final settlement of ₹6.98 crore towards the business interruption claim, which was recognised as an exceptional item during that quarter
- In July 2026, the insurance claim relating to property damage and inventory losses was finally settled at ₹4.35 crore.
