Commenting on Q2 & H1 FY27 performance, Mr. Rishi Sanghvi, Managing Director, Sanghvi Movers Limited (SML) said, "We delivered a strong quarter, with revenue growing 32% YoY to ₹277 crore and a robust EBITDA margin of 36%, reflecting strong execution, operational discipline, and customer focus. Our FY27 order book grew by 26% to ₹1,582 crore as of 23 October 2026, from ₹1,253 crore on 24 July 2026 (in 13 weeks), driven by healthy demand across all verticals. This provides strong revenue visibility and reinforces our confidence in achieving our annual targets.

In the Middle East, geopolitical and shipping related disruptions have delayed planned capex deployment. Notwithstanding the same, our utilisation levels remain above our annual targets indicating that the impact is more timing-related rather than structural. Phased procurement aligned with order inflows, high fleet utilisation, positive quarterly EBITDA and a strong project pipeline provide meaningful mitigation against short-term disruptions. With a healthy demand outlook, growing order book, and disciplined capital allocation, we remain focused on executing our ELEVATE 2030 growth plans and creating sustainable value for all stakeholders."
