III. OTHER INFORMATION

1. Reasons of loss or inadequate profits and steps taken or proposed to be taken for improvement:

The Company has been a consistent profit making Company since its inception. However, the global textile sector (in particular spinning) passed through a challenging year during the review period. Having steered through one of the textile industry's longest down cycles, extending across 18 months, the Company is now positioned for the anticipated recovery in demand and margins.

The Company has taken effective steps for improving its margins which include strategically segregating its portfolio and has broad-based its product mix across applications that extend from the apparel to the non-apparel (industrial and home textiles). This will moderate excessive dependence on textile applications. The Company has also accelerated the development of yarn products. This will open new markets for its products among large and responsible customers seeking to enhance their products.

2. Steps taken or proposed to be taken for improvement:

For decades, the Company has meticulously sharpened its strategy to build on its core competence. We are one of India's leading textile company with consumer-facing businesses across India and the world.

Our value enablers comprise our growing scale of business, reliable supply chain, rationalized cost structure, intelligent synergies, smart R&D and technology acumen; and above all commitment to always remain ahead in the compliance marathon.

3. Expected increase in productivity and profits in measurable terms:

The Company has taken various initiatives to maintain its leadership, improve market share and financial performance. It has been aggressively pursuing and implementing its strategies for growth. The Company expects the textile sector to improve in the medium term which will lead to increase in demand and firming up of margins thereby helping the Company to retain margins, as the current state of the textile industry and spinning sector in particular is due to subdued demand in the international markets which has put pressure on the domestic markets affecting margins.

IV. DISCLOSURES:

The disclosures as required on elements of remuneration package, etc. have been made under "Report of Corporate Governance" forming part of the Annual Report for 2025 - 26.
