L&T Wins Orders (Mega*) for Metals & Minerals Business

Mumbai, July 20, 2026: The Metals & Minerals (M&M) business vertical of L&T has secured multiple orders from leading domestic metals and mining companies, reinforcing its leadership in delivering world-class engineering, procurement and construction (EPC) solutions across the metals and minerals value chain.

The first order is from a public sector company, India's largest iron ore producer. As part of its expansion programme to achieve 100 MTPA of iron ore production capacity by 2030, the company has awarded L&T Package #BE-01C of the 18 MTPA Iron Ore Handling Plant in Chhattisgarh.

The scope includes design and engineering, procurement, installation and commissioning of downhill conveyor system, screening plant, stockpile, yard equipment, Rapid Wagon Loading System (RWLS) and associated auxiliaries.

The second order is from another public sector Navratna company, which has undertaken the expansion of Steel Plant in West Bengal, from 2.5 MTPA to 7.1 MTPA. L&T has secured various Design & Build and Balance of Plant packages for this.

L&T also continues its long-standing association with a major private sector metals producer, having secured an EPC order for a Zinc Processing Plant. The scope comprises design and engineering, procurement, installation, commissioning and associated site services, reaffirming L&T's expertise in delivering complex non-ferrous metallurgical projects.

Commenting on the order wins, Mr S N Subrahmanyan, Chairman & Managing Director, L&T, said: "This reaffirms L&T's enduring leadership in the minerals and metals EPC sector and reflect the deep trust customers place in our ability to deliver projects of exceptional scale and complexity. As India accelerates investments in augmenting its Metals & Minerals capacity to support long-term economic growth, L&T remains committed to partnering with the country's leading enterprises in developing world-class industrial infrastructure".

Mr T Kumaresan, Senior Vice President & Head – Utilities & Metals, L&T, added: "These orders across the mining, ferrous and non-ferrous sectors reaffirm our customers' confidence in L&T's engineering expertise and project execution capabilities. They strengthen our position as a trusted partner in developing India's metals and minerals infrastructure. We remain committed to delivering the projects with the highest standards of quality, safety and sustainability".

Background:

Larsen & Toubro is a USD 32 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, Products and Services, operating across diverse domains and multiple geographies. With a strong impetus towards AI & technology, customer–focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

**Order Classification*

Classification	**Significant**	**Large**	**Major**	**Mega**	**Ultra-Mega**
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 10,000	10,000 to 15,000	>15,000
