સ્વચ્છતા એક સમૃદ્ધિ છે:

Mangalam Worldwide Limited Scales Global Footprint with ₹21.79 Crore Export Turnover in July 2026, Signaling Rapid International Growth

Ahmedabad, August 7, 2026: Mangalam Worldwide Limited, a leading integrated stainless-steel manufacturer based in Gujarat, has delivered a major leap in its export trajectory, recording an export turnover of ₹21.79 crore for July 2026. The performance highlights the expanding global reach and execution agility typical of India's high-growth mid-market industrial leaders.

The July figure represents a steep increase from the ₹5.76 crore export turnover recorded in July 2025. Demonstrating strong operational momentum, the company dispatched 35 containers totalling 874 Metric Tonnes (MT) of high-grade stainless-steel products, fulfilling orders across 15+ countries in a single month.

Key Performance Drivers

- **Global Penetration:** Active supply pipelines established across 15+ international markets.
- **Volume Scalability:** 874 MT shipped across 35 export containers in July alone.
- **Resilient Model:** Outperforming broader steel sector headwinds, including tariff fluctuations and global pricing volatility, through agile market diversification.

*"Achieving an export turnover of ₹21.79 crore in a single month is a pivotal moment in our expansion strategy," said **Chandragupt Prakash Mangal, Managing Director of Mangalam Worldwide Limited.** "It reflects growing global confidence in Indian manufacturing precision and underscores our team's ability to capitalize on international demand. By ramping up our value-added product portfolio and deepening market penetration, we are laying a durable foundation for long-term export growth."*

As mid-tier Indian industrial enterprises increasingly assert themselves on the global stage, Mangalam Worldwide is leveraging its integrated manufacturing ecosystem to capture high-margin overseas markets. The company plans to accelerate its global momentum through continued investments in capacity, product innovation, and direct international distribution channels.

About Mangalam Worldwide Limited

Mangalam Worldwide Limited, established in 1995, is a fully integrated stainless steel manufacturer, with operations ranging from scrap melting to the manufacturing of seamless pipes and tubes. The company also produces stainless steel (SS) billets, ingots, flat bars, round bars, bright bars, as well as seamless pipes & tubes, heat exchanger tubes and U-tubes. Its infrastructure includes steel melting shops, rolling mills, peeling units with finishing machines, and seamless pipes & tubes facilities spread across four plants

located in Halol (Unit I), Changodar (Unit II), and Kapadvanj (Unit III & IV), Gujarat. Together, these facilities span over 1,25,000 square meters and have a total installed capacity of more than 1,90,000 MTPA.

The company has 11.6 MW of solar installations across both rooftop and ground-mounted projects, supporting its focus on sustainable and energy-efficient operations.

With a skilled workforce of over 750 employees, Mangalam Worldwide Limited is well-positioned to meet the growing demand for stainless steel products across domestic and international markets.
