## **Arisinfra's Uniterm, Onboards Third Project with Vaishnavi Residences Group with estimated GDV of Rs. 280 Cr, Expanding Bengaluru DaaS Footprint**

*DaaS engagement signed for "Morning Mist," a residential project in Whitefield, Bengaluru, developed by O2 Spaces, part of the Vaishnavi Residences Group*

**Mumbai / Bengaluru, September 7, 2026:** ArisUniterm RE Solutions Private Limited ("Uniterm"), the Developer-as-a-Service (DaaS) platform of Arisinfra Solutions Limited ("Arisinfra," BSE/NSE: ARIS), has signed a DaaS engagement with O2 Spaces, a partnership firm that is part of the Vaishnavi Residences Group, to provide DaaS services for "Morning Mist," a residential apartment project in Whitefield, Bengaluru.

This partnership covers the developer's share of approximately 2.0 lakh sq. ft. of saleable area, out of the total development size of 3,30,000 SF (180 Premium residential Units) at "Morning Mist" at the heart of the IT Hub of Bengaluru, Whitefield, and marks the third project Uniterm has been engaged on with the Vaishnavi Residences Group, reinforcing a deepening relationship with one of Bengaluru's established residential developers. The engagement also carries an estimated material supply opportunity of ₹100+ Cr for Arisinfra, reflecting the scale of the Money-Material-Management value chain Uniterm brings to the project.

Under the engagement, Uniterm will act as the project's exclusive DaaS Partner, with responsibilities spanning the entire value chain of the project including, design, project and construction coordination, branding, sales and marketing execution, CRM and collections, day to day operations management, channel partner management, and investor/lender coordination delivered through Uniterm's DaaS platform built around its Money, Material and Management framework. The engagement commences September 15, 2026, for an initial term of 36 months, extendable by mutual consent.

Commenting on the development, **Mr. Ronak Morbia, Chairman & Managing Director, Arisinfra Solutions Limited** said:

*"This engagement is a strong endorsement of the trust the Vaishnavi Residences Group continues to place in Uniterm. Being entrusted with a third project reflects the consistency of our delivery and the strength of our Money-Material-Management approach. With this engagement, our DaaS portfolio crosses ₹2,000 crore in estimated GDV, reinforcing the scale and momentum of our DaaS platform. We remain focused on scaling this asset-light, fee-based model across mid-market developers in Bengaluru and beyond."*

**Mr. Naveen Reddy Munumuri, Promoter of Vaishnavi Residences, added:**

*"Morning Mist is our third collaboration with Uniterm, and we look forward to continuing to partner with them and to use the benefits of the DaaS platform. Their tech-enabled predictability tool, PHI (Project Health Index), brings the predictability and rigour to this project that has defined our earlier engagements together. Our team will work closely with Uniterm to ensure a smooth, on-time turnaround."*

## About Arisinfra Solutions Limited

Arisinfra Solutions Ltd. (NSE: ARIS | BSE: 544419) is India's first listed company offering an organised construction material supply and services network bringing together fragmented suppliers and manufacturers to reliably serve large developers and contractors. Through its subsidiary ArisUniterm RE Solutions Private Limited, (Uniterm), the company operates a Developer-as-a-Service (DaaS) platform built on the pillars of Money, Material and Management, bringing predictability to real estate development for mid-market developers.

The company serves a wide spectrum of infrastructure and real estate clients, delivering value through operational efficiency, material supply exclusivity, and high-margin service offerings. With a strong presence across high-growth regions, ARIS is committed to setting new benchmarks in innovation, sustainability, and profitability within the Indian construction ecosystem.
