Punjab National Bank (PNB) to Deploy Magellanic Cloud's E-Surveillance Solutions Across 1,000 ATMs Nationwide

Magellanic Cloud Limited (NSE: MCLOUD | BSE: 538891) today announced that its wholly owned subsidiary, **IVIS International Private Limited (IVIS)**, has secured multiple Purchase Orders from **NCR Corporation India Private Limited**, comprising both **Capex and Opex components**, for providing **E-Surveillance Solutions across Punjab National Bank (PNB) ATM sites**. The Purchase Orders have an aggregate value of approximately **₹18.4 Crore over a period of 5 years**.

Strategic Impact & Growth Highlights

- **₹18.4 Crore Order:** Multiple Purchase Orders secured from NCR Corporation India Private Limited for E-Surveillance Solutions across PNB ATM sites.
- **1,000 ATM Sites:** The deployment covers **1,000 PNB ATM sites**, highlighting the scale of the opportunity and IVIS's execution capabilities.
- **BFSI Expansion:** The order further strengthens Magellanic Cloud's footprint in the **Banking & Financial Services E-Surveillance** space, particularly in large-scale ATM surveillance deployments.
- **Large-Scale Deployment Capability:** The project reinforces IVIS's track record in executing scalable, technology-led E-Surveillance deployments across large and distributed banking networks.
- **Capex & Opex Components:** The Purchase Orders comprise both Capex and Opex components, supporting a broader opportunity across deployment and services.

Leadership Insights

Commenting on the development, **Mr. Joseph Sudheer Reddy Thumma, Chairman & Managing Director, Magellanic Cloud Limited**, said:

"BFSI has been a key focus for IVIS over the years, and we have built significant experience in delivering E-Surveillance solutions for banking networks and critical financial infrastructure over the last 1.5 decades. The receipt of these Purchase Orders for E-Surveillance Solutions across Punjab National Bank ATM sites further strengthens this track record and demonstrates our ability to execute scalable, technology-led E-Surveillance deployments across large and distributed networks. We remain focused on leveraging our proven domain expertise, AI-enabled e-surveillance capabilities and pan-India deployment strength to further deepen our presence in the BFSI segment and address the evolving security requirements of financial institutions."
