5. Password details for shareholders other than Individual shareholders are given below:

- a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.

b) If you are using CDSL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.

c) How to retrieve your 'initial password'?

(i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from CDSL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for CDSL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.

(ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered.**

6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

a) Click on "**Forgot User Details/Password?**"(If you are holding shares in your demat account with CDSL or NSDL) option available on www.evoting.CDSL.com.

b) **Physical User Reset Password?**" (If you are holding shares in physical mode) option available on www.evoting.CDSL.com.

c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@cdsl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.

d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of CDSL.

7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.

8. Now, you will have to click on "Login" button.

9. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on CDSL e-Voting system.

How to cast your vote electronically and join General Meeting on CDSL e-Voting system?

EXPLANATORY STATEMENT

The following statement sets out all material facts relating to all the Special Business mentioned in the accompanying Notice:

1. CONSOLIDATION OF SHARES

The Board of Directors of the Company, at its meeting held on 27.08.2026, considered and approved the proposal for consolidation of the existing equity shares of the Company having a face value of ₹1/- each into equity shares having a face value of ₹10/- each, subject to the approval of the Members of the Company and such other statutory and regulatory approvals as may be required.

The proposed consolidation is intended to rationalize the number of equity shares of the Company and facilitate more efficient management of the Company's share capital and related administrative matters. Pursuant to the proposed consolidation, every ten (10) equity shares of ₹1/- each held by a Member shall be consolidated into one (1) equity share of ₹10/- each.

The proposed consolidation will **not result in any change in the aggregate paid-up equity share capital of the Company**. The proportionate ownership and rights of the Members in the Company will remain unchanged, subject to the treatment of any fractional entitlements, if applicable.

Consequent upon the proposed consolidation, the Capital Clause of the Memorandum of Association of the Company is also required to be altered suitably to reflect the revised face value and number of equity shares.

The proposed consolidation is subject to the approval of the Members and such other approvals, consents, permissions and sanctions as may be required from the concerned statutory and regulatory authorities.

The Board recommends the resolution set out at Item No. 1 of the accompanying Notice for approval of the Members by way of an **Ordinary Resolution**.

None of the Directors, Key Managerial Personnel of the Company or their respective relatives is concerned or interested, financially or otherwise, in the proposed resolution, except to the extent of their respective shareholding, if any, in the Company.

MANAGEMENT DISCUSSION ANALYSIS REPORT

A. ECONOMIC OUTLOOK

F.Y. - 2025-26 Macroeconomic Overview

Economy Back to Growth, Business as Usual

The Non-Banking Financial Companies (NBFCs) in India have been integral to the country's economic development, offering financial services and complementing the banking sector in reaching out to the unbanked segments of society. The journey from inception to today's digital age reflects a significant transformation, underscored by adaptability and a forward-thinking approach to embracing change. The NBFCs have played a pivotal role in the Indian financial sector for decades, offering services such as loans and advances, acquiring shares/stocks/ bonds/debentures/securities issued by the government or local authority, and other market instruments.

The rationale behind delving into the NBFC realm, particularly at this juncture, is twofold. Firstly, this sector rapidly evolves with an unwavering commitment to highlighting and fostering excellence within the financial ecosystem. Secondly, NBFCs play an essential role in powering India's economic growth. By showcasing how these institutions leverage cutting-edge technologies such as Artificial Intelligence (AI), Machine Learning (ML), and Big Data analytics, we celebrate their achievements and underscore the transformative impact these innovations have on financial inclusion and operational efficiency across the nation.

As we delve into this domain, let us remember that our collective legacy of pushing the industry towards uncharted territories makes this journey necessary and imperative for the continued growth and success of the NBFC sector in India. For over a decade, we have spearheaded the digital transformation within the industry through the Tech Summit, India's most extensive and longest-running NBFC Congregation dedicated to this cause, now proudly in its 16th iteration. Holding the baton firmly, we are prepared to advance the industry further, pushing relentlessly towards innovative boundaries by integrating new-age technologies. This effort is critical as we aim to redefine and enhance the landscape of financial services through continuous innovation and strategic foresight. Our dedication to this cause stems from a deep-rooted belief in NBFCs' potential to transcend traditional financial paradigms and offer more inclusive, efficient, and secure financial services that cater to the diverse needs of India's population.

The historical evolution of NBFCs in India is marked by gradual regulatory and structural changes to enhance their role in financial inclusion and economic development. Initially, NBFCs operated with minimal regulatory oversight, focusing primarily on niche markets, including industrial loans, equipment leasing, and hire purchases.

The digital journey of NBFCs in India began in the late 1990s, with the advent of the internet and the initiation of computer-based operations. The early 2000s marked the introduction of essential online services, focusing primarily on information dissemination rather than interactive services. However, the fundamental transformation started in the late 2000s, when NBFCs began to adopt more sophisticated online transaction systems, e-KYC processes, and mobile banking solutions.

Embracing the Winds of Change

The evolution of NBFCs in India represents a remarkable journey of adaptability and innovation, underscoring their pivotal role in driving economic growth and financial inclusion. From their inception to the digital era, NBFCs have undergone a transformative journey, embracing technological advancements to redefine financial services delivery.

The digital transformation of NBFCs reflects a shift in operational paradigms and a fundamental reimagining of the financial ecosystem. By integrating advanced technologies such as AI, ML, and offering new avenues for innovation and efficiency. Moreover, emerging technologies on the horizon, including Quantum Computing, the Internet of Things (IoT), and Distributed Ledger Technology (DLT), promise to usher in a new era of financial services characterised by unparalleled speed, security, and sophistication.

The vision for the future of NBFCs in India is inclusivity, efficiency, and sustainability. By leveraging the power of technology and human insight, NBFCs are poised to shape a financial services landscape that caters to customers' diverse needs while driving economic growth and stability. As NBFCs continue to evolve and innovate, they are not just adapting to change but leading the way towards a brighter, more digitally enabled future for finance in India.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SUNSHINE CAPITAL LIMITED**. The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the **SUNSHINE CAPITAL LIMITED** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2026 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **SUNSHINE CAPITAL LIMITED** ("the Company") for the financial year ended on March 31, 2026 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and rule made thereunder,
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 [**Not Applicable in the period of Audit**]
- The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 2021. [**Not Applicable in the period of Audit**]
- The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021. [**Not Applicable in the period of Audit**]
- The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.
- The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021. [**Not Applicable in the period of Audit**]
- The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018. [**Not Applicable in the period of Audit**]

I have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by The Institute of Company Secretaries of India.
- The Securities and Exchange Board of India (Listing Obligation and Disclosure Requirement) Regulations, 2015.
- The Reserve Bank of India Act, 1934 and Guidelines applicable on the Company.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

a) There is Non-compliance of Section 188 of Companies Act 2013, as Board and shareholder approval was not obtained for a Related Party Transaction as required under the Companies Act.

INDEPENDENT AUDITORS' REPORT

To
The Members of **SUNSHINE CAPITAL LIMITED**
Report on the audit of the financial statements

Opinion

We have audited the accompanying standalone financial statements of **SUNSHINE CAPITAL LIMITED** ("the Company"), which comprise the balance sheet as at **March 31, 2026**, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and may not give a true and fair view due to non-provision of interest on loans, in conformity with the Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its **Profit** and total comprehensive income, changes in equity and its cash flows for the year ended on that date subject to our comments in sub clause iii and subclause iv of para 4 of Companies (Auditor's Report) Order, 2020. The company should have prepared a financial statement in compliance with IND-AS as prescribed, which may significantly affect the financial statements of the company.

Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
Impairment of Loans including Expected Credit Loss ("ECL") The Company has reported gross loan assets of INR 6,226.33 lacs against which an impairment loss of INR 1,501.19 lacs has been recorded. The Company recognized impairment provision for loan assets partly based on the Expected Credit Loss approach laid down under 'Ind AS 109 – Financial Instruments. The	Assessed the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited, to the following: • Obtained an understanding of the method adopted by the Company including the key inputs and assumptions. Since methods and parameters are based on historical data, we assessed whether historical experience was representative of current circumstances and was relevant in view

calculation of impairment losses on loans is complex and is based on the application of significant management judgement and the use of different modelling techniques and assumptions which are uncertain and could have a material impact on reported profits. However, the Company has applied a single-stage approach based on changes in credit quality to measure expected credit loss on loans which is as follows: • If the repayment is defaulted more than 90 days, then it is considered as credit-impaired at the end of the year. • Significant management judgement and assumptions involved in measuring ECL are required with respect to: • Determining the criteria for a significant increase in credit risk • Factoring in future economic assumptions • Techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Company's historical data. In view of the above, the measurement of impairment loss on loans was determined to be a Key Audit Matter in our audit of the financial statements.	of the recent impairment losses incurred within the portfolios. • Considered the Company's accounting policies for estimation of expected credit loss on loans and assessed compliance with the policies in terms of Ind AS 109. However, we observed that company has not complied with Ind AS 109. • Tested the design and operating effectiveness of key financial controls over the completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognized. Also evaluated the controls over the impairment process, validation of data and related approvals. • Reconciled the total financial assets considered for ECL estimation with the books of account to ensure completeness. • Assessed the adequacy and appropriateness of disclosures in compliance with the Ind AS 107 in relation to ECL which was found not to have been implemented.
Loan advanced The Company is a NBFC registered under Section 45-IA of the Reserve Bank of India Act, 1934, and as a part of its business activities was engaged in lending/ granting of the loans. For the year ended March 31, 2026, the Company had balance of loans and advances to the tune of ₹ 6,226.33 lacs. The variety of terms that define contract of loans where terms of loans, such as repayment schedule, Rate of Interest, securities associated, overdues if any etc. This area was of most significance in our audit due to the magnitude of amount involved and their conversion of the same to equity capital. Accordingly, due to the significant risk associated in accordance with terms of applicable Ind AS, it was determined to be a key audit matter in our audit of the standalone financial statements.	Our audit procedures included the following: • Considered Company's loan policy and its compliance. • Assessed the design and tested the operating effectiveness of internal controls related to loans. • Performed sample tests of individual transaction and other related documents. Further, with respect to the samples tested we checked that the loans have been taken as per the policy. • Selected sample of loans obtained and checked the documents. • Obtained few balance confirmations as at the year end to evaluate loans.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report on in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statement

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and the applicable NBFC Regulations, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We have also:

- **Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.**
- **Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.**
- **Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.**
- **Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation**

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The previously issued standalone financial statements were audited by us for the year ended **31 March 2025**, and was issued on **30 May 2025** expressed a modified opinion on those standalone financial statements were also prepared without complying to Companies (Accounting Standard) Rules 2021 to comply with Ind AS.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from my examination of those books.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss, the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with rule 7 of the Companies (Accounts) Rules, 2014, as amended and the Companies (Accounting Standards) Amendment Rules, 2016, as amended, to the extent they are not inconsistent with the accounting principles prescribed in the applicable NBFC Regulation.
- (e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure- 'B'. Our report expresses a qualified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) As no remuneration has been paid by the Company to its Directors, the provisions of Section 197 of the Companies Act, 2013 are not applicable; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best of our information and according to the explanations given to us;
 - a. The Company does not have any pending litigations which would impact on its financial position.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - c. The company was not required to transfer any amount during the year to the Investor Education and Protection Fund by the Company.
 - d. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other

persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement subject to the fact that some expenses have been booked on cash basis .
- e. The Company has not declared or paid any dividend during the year and has not proposed a final dividend during the year.
- f. *With respect to the proviso to rule 3 sub section 1 of companies (Accounts) rules 2014, the company did not maintain the accounting software which has a feature of recording of audit trail of each and every transaction, creating and edit log of each change made in the books of accounts along with the date when such changes were made and ensuring that the audit trail cannot be disabled.*

Annexure “A” to the Independent Auditor’s Report*

(Referred to in paragraph 1 under ‘Report on other legal and regulatory requirements’ section of our report to the members of **SUNSHINE CAPITAL LIMITED** of even date;

Referred to in our Report of even date:

i. Property, Plant and equipment

- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment.

(B) The Company does not have any intangible fixed assets. Accordingly, the provisions of clause 3(i)(a)(B) of the Order are not applicable.
- (b) As explained to us, Property, plant and equipment have been physically verified by the management during the year in accordance with the phased program of verification adopted by the management which, in our opinion, provides for physical verification of all the Property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed in such verification.
- (c) According to the information and explanations received by us, as the company owns no immovable properties, the requirement on reporting whether title deeds of immovable properties held in the name of the company is not applicable. The company has not taken any property on lease
- (d) The Company has not revalued any of its Property, Plant and Equipment during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026, for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii. In respect of Inventories

- a. The Company is in the business of providing loans and investments. The investments which form part of stock are held by the company in the Dematerialised account maintained with the National Securities Depository Limited (NSDL) and Central Depository Securities (India) Limited (CDSL), hence the company does not have physical inventory. The balance of stock lying with the depository is verified by the management. In our opinion, the frequency of verification is reasonable. However, based on the information and explanations provided to us, the net realizable value of inventories could not be ascertained with reasonable certainty; accordingly, the inventories have been valued at cost.
- b. In our opinion and according to the information and explanations given to us, the procedures of verification of stock lying in Dematerialised account followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- c. The Company has maintained proper records of inventories. As per the information and explanation given to us, no material discrepancies were noticed on verification of the inventories.

iii. In respect of Loans, Investments, Guarantees and Securities

The Company is a NBFC registered under Section 45-IA of the Reserve Bank of India Act, 1934, and as a part of its business activities was engaged in lending/ granting of the loans.

- a. The reporting under clause 3(iii)(a) of the Order regarding loans, and advances in the nature of loans are not applicable.
- b. Based on our audit procedures and according to the information and explanations provided by the management, in our opinion, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
- c. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, we are of the opinion that in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has not been stipulated the details are given below:

Particulars	Current Amount (In Lakhs)	Year (In Lakhs)	Previous Year Amount (In Lakhs)
Opening Balance		9,636.98	17,165.46
Loan Given during the year		1,400.45	2,060.00
Interest Applied		513.02	1,143.78
Interest reversed		20.04	457.09
Bad Debts		166.31	579.34
Loan Repayment		4,951.01	2,195.82
Converted to Equity		186.75	7,500.00
Closing Balance		6,226.33	9636.98
<u>Other Details</u>			
Interest Overdue		204.32	113.48

- d. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, subject to point no. c) above, as

there is no stipulation of schedule of repayment of principal, overdue principal amount cannot be ascertained.

- e. As the principal business of the company is to give loans and advances, therefore, the reporting under clause 3(iii)(e) of the order is not applicable to the Company.
- f. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, the company has granted loans and advances in the nature of loans either repayable on demand or without specifying any terms and conditions. The amount is not ascertainable.

iv. In respect of Loans, Investments, Guarantees and Securities covered u/s 185 & 186 of the Companies Act, 2013

On the basis of checking records and according to the information and explanations given to us. We are of the opinion that provisions of section 185 of Companies Act are not applicable to the company as it is a registered Non-Banking Financial Company. However, the Company has invested in shares of group companies which exceeds the limit prescribed under section 186 of the Companies Act 2013. Based on the information and explanations provided to us and on our examination of the records of the Company, we observe that the Group comprises multiple entities with multiple inter-company transactions involving infusion of funds in the nature of capital contributions, loans and investments. Many entities within the Group also have crossholdings with one another. Considering the complex multi-layered structure and flow of funds within the Group entities, it is not feasible for us to ascertain with precision the exact quantum of investments made through entities beyond two layers.

v. In respect of Deposits from Public

The Company has not accepted any deposits and in our opinion, the Company is not holding any amounts which are deemed to be deposits during the year.

vi. In respect of maintenance of cost record

To the best of our knowledge and belief, the Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of the Company's products/ services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.

vii. In respect of statutory dues

In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable to the Company, with the appropriate authorities during the year. There were no undisputed amounts payable in respect thereof, which were outstanding at the year-end for a period of more than six months from the date they became payable except Company has not deposited GST under reverse charges mechanism amounting to Rs. 0.79 lakhs.

There is an outstanding tax demand against the company for AY 2008-09 of Rs. 49.88 lakhs, AY 2013-14 of Rs. 12.28 lakhs, AY 2016-17 of Rs. 0.87 lakhs and AY 2017-18 of Rs. 64.30 lakhs.

viii. In respect of transactions not recorded in books but surrendered in Income Tax Assessments

According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961

ix. Borrowings

- (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) According to the information and explanations given to us, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion, and according to the information and explanations given to us, no term loan availed by the Company.
- (d) On an overall examination of the financial statements of the Company, we report that the company has not raised funds on short-term basis.
- (e) Based on the audit procedures and according to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary. Further, the Company does not have any joint venture but has associate companies.
- (f) The Company has not raised any loan during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

x. In respect of money raised by way of initial public offer or private placement.

- (a) In our opinion, according to the information and explanations given to us. The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally).

xi. In respect of fraud

- a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud with the Company has been noticed or reported during the year.
- b) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) In our opinion, according to the information and explanations given to us by the company has not received any whistle-blower complaint during the year under review.

xii. In respect of Nidhi Company

The Company is not a Nidhi Company. Accordingly, the provisions of clause 3(xii)(a)-(c) of the Order are not applicable.

xiii. In respect of Related Party Transactions

In our opinion, and according to the information and the explanation given to us, all transactions with the related parties are in accordance with section 177 of the Companies Act, 2013, and the details of the same have been disclosed in the financial statements. However, the approval granted by Audit Committee for such transactions was not made available to us. The Companies have not entered into transactions covered under section 188 of the Companies Act, 2013.

xiv. In respect of Internal Audit

In our opinion and according to the information and explanations given to us, the company has appointed an internal auditor as per provisions of Section 138 of Indian Companies Act 2013 read with Rule 13 Of Companies (Accounts) Rules, 2014. However, the reports were not made available to us.

xv. In respect of Non-Cash Transactions

In our opinion, and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors, hence provisions of Section 192 of the Act are not applicable to the Company.

xvi. In respect of Registration with RBI

- (a) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as Non-Banking financial institution without accepting Public Deposit.
- (b) As the company has already obtained the registration (as referred in clause (a)), so there is no question that during the year company would conduct any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934
- (c) In our opinion and according to the information and explanations given to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India,
- (d) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

xvii. In respect of Cash Losses

The Company has not incurred any cash losses in the current financial year.

xviii. In respect of Resignation of Auditors

There was no resignation of statutory auditors during the year under consideration.

xix. In respect of ability to meet obligations of the company.

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions and considering the financial conditions of the borrower we are of the opinion that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability or inviability of the company. We further state that our reporting is based on the facts up to date. Of the audit report we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. In respect of Corporate Social Responsibility.

According to the information and explanations given to us, we are of the opinion that the provisions of Section 135 towards corporate social responsibility are applicable to the company. Accordingly, the provisions of clause 3(xx) of the Order are applicable. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a fund specified in Schedule VII of the Act or special account in compliance with the provisions of sub-section (6) of Section 135 of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

xxi. Qualification/ Adverse comments in CARO by Component Auditors

The reporting under clause 3 (xxi) of the Order is not applicable in respect of audit of Standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of **SUNSHINE CAPITAL LIMITED** of even date:

Report on the internal financial controls over financial reporting under clause (i) of sub – section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of **SUNSHINE CAPITAL LIMITED** (“the Company”) as at March 31, 2026, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company’s business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of internal financial controls over financial reporting

A Company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of

unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, maintained internal financial controls with reference to financial statements as of March 31, 2026, based on the internal financial controls criteria established by the Company, considering the essential components of internal financial controls stated in the Guidance Note.

However, we have identified certain deficiencies in the design or operation of internal financial controls that, in our view, may affect the effectiveness of internal controls. These deficiencies do not, in our opinion, result in a material misstatement of the financial statements, but could potentially impact the reliability of the financial reporting process

36 FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES MEASURED AT AMORTISED COST

36.1 The following is the comparison by class of the carrying amounts and fair value of the Company's financial instruments that are measured at amortized cost:

(₹ in Lakhs)

Particulars	31.03.2026		31.03.2025	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial Assets				
Trade Receivables	-	-	0.75	0.75

Other Financial Liabilities	10.73	10.73	5.00	5.00
Total Financial Liabilities	10.73	10.73	74.92	74.92

- 36.2 The management assessed that the fair values of cash and cash equivalents, trade receivables, trade payables, current borrowings, current loans and other financial assets & liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments.
- 36.3 The management considers that the carrying amounts of Financial assets and Financial liabilities recognized at nominal cost/amortised cost in the Financial statements approximate their fair values.
- 36.4 Non current borrowings has been contracted at floating rates of interest, which are reset at short intervals. Fair value of floating interest rate borrowings approximates their carrying value subject to adjustments made for transaction cost.

37 FINANCIAL RISK MANAGEMENT

Financial management of the Company has been receiving attention of the top management of the Company. The management considers finance as the lifeline of the business and therefore, financial management is carried out meticulously on the basis of detailed management information systems and reports at periodical intervals extending from daily reports to long-term plans. Importance is laid on liquidity and working capital management with a view to reduce over-dependence on borrowings and reduction in interest cost. Various kinds of financial risks and their mitigation plans are as follows:

37.1 CREDIT RISK

The credit risk is the risk of financial loss arising from counter party failing to discharge an obligation. The credit risk is controlled by analysing credit limits and credit duration for customers on continuous basis. Further, in order to manage the credit risk, the security deposits are obtained from customers where ever considered necessary.

37.2 LIQUIDITY RISK

The Company determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs.

The Company manage its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for funding from banks and inter corporate and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain fixed deposits which provides flexibility to liquidate.

Except for these financial liabilities, it is not expected that cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts. When the amount payable is not fixed, the amount disclosed has been determined with reference to conditions existing at the reporting date.

38 CAPITAL MANAGEMENT

The Company objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt (total borrowings less cash and cash equivalents) to equity ratio is used to monitor capital.

The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards.

2.6. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.6.1. An asset is classified as current when it is:

- 2.6.1.1. Expected to be realized or intended to sold or consumed in normal operating cycle;
- 2.6.1.2. Held primarily for the purpose of trading;
- 2.6.1.3. Expected to be realized within twelve months after the reporting period; or
- 2.6.1.4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

2.6.2. A liability is current when:

- 2.6.2.1. It is expected to be settled in normal operating cycle;
- 2.6.2.2. It is held primarily for the purpose of trading;
- 2.6.2.3. It is due to be settled within twelve months after the reporting period; or

- 2.6.2.4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All the other liabilities are classified as non-current.

- 2.6.3.** Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

2.7. Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

- 2.7.1.** Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- 2.7.1.1. In the principal market for the asset or liability, or
- 2.7.1.2. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

- 2.7.2.** The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- 2.7.3.** All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable and

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3. ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

3.1. Property, Plant and Equipment

3.1.1. Recognition and Measurement:

Property (Land and Building), plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes is stated in the balance sheet at Fair Market Value less any accumulated depreciation and accumulated impairment losses (if any). Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

3.1.2. Subsequent Measurement:

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

3.1.3. Depreciation and Amortization:

Depreciation on Property, Plant & Equipment is provided on Straight Line Method in terms of life span of assets prescribed in Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation has been provided on straight line method based on internal assessment and independent technical evaluation carried out by external valuers, which the management believes that the useful lives of the component best represent the period over which it expects to use those components.

Category	Useful life (Years)
Non-Factory Building (RCC Frame Structure)	30/60

Factory Building	30
Plant and machinery	
Other than Continuous Process Plant	8/10/15/40
Computer equipment	3/5
Servers and networks	5
Furniture and Fixtures	5/10
Office equipment	5
Vehicles, Motor cycles, scooters	8
Others	8

Pro-ration on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

3.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and their expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

3.2. Leases

3.2.1. Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right-of-use (ROU) for the asset or assets, even if that right is not explicitly specified in an arrangement.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosures of leases for both lessees and lessors. It introduced a single, on-balance sheet accounting model for lessees.

The Company is lessee mainly in Land & Building (Factory and Offices). It recognised all such arrangements as right-of-use (ROU) asset and lessee as liability. The ROU is considered when company has all the right to drive economic benefits from the use of underlying asset. The right-of-use (ROU) asset is measured by discounting future lease payments to net present value (NPV). All lease payments during reporting period are recognised either as operational lease or financial lease as per Ind AS 116. However low value leases and leases below 12 months are treated as operating lease only.

3.2.2. Company as lessor

Finance Lease

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

Operating Lease

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs

3.2.3. Company as lessee

Finance Lease

Finance Leases, which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease Payments under such leases are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly to the statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized. If there is no reasonable certainty that the Company will obtain the ownership by the end of lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Operating Lease

Assets acquired on leases where a significant portion of risk and reward is retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on a straight-line basis over the lease term, except where scheduled increase in rent compensates the Company with expected inflationary costs.

3.3. Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost is ascertained on weighted average basis for all inventories except for by products and scrap materials which are valued at net realizable value.

3.4. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short-term highly liquid investments, net of bank overdrafts as they are considered an integral part of the Company's cash management. Bank overdrafts are shown within short-term borrowings in the balance sheet.

3.5. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses etc. Current and deferred tax is recognized in the statement of profit & loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

3.5.1. Current Tax: -

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

3.5.2. Minimum Alternate Tax (MAT) credit:-

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

3.5.3. Deferred Tax: -

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

3.6. IRAC (Income Recognition, Asset Classification, and Provisioning)

Revenue is recognized based to the extent it is probable that the economic benefit will flow to the company and revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, and excludes taxes & duties collected on behalf of the Government and is reduced for estimated customer returns, rebates and other similar allowances.

Sale of Products: The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and significant risk and reward incidental to sale of products is transferred to the buyer, usually on delivery of the goods. Accruals for sales return, chargeback and other allowances are provided at the point of sale based on the past experience.

Sale of Investments / Shares: Profit or loss on sale of investments (including shares and securities) is recognized at the time of sale/transfer of securities. The difference between the sale consideration and the carrying value of the investment is recognized in the Statement of Profit and Loss.

Interest Income: For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective

interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

Interest income on loans is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is recognized on an accrual basis, except where recovery is uncertain, in accordance with the applicable guidelines issued by the Reserve Bank of India.

Interest income earned on Fixed Deposit Receipts (FDRs) with banks is recognized on a time proportion basis considering the principal amount outstanding and the applicable rate of interest.

Interest income is included under Revenue from Operations in the Statement of Profit and Loss.

Other Income: Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

In respect of loan agreements, the income is accrued by applying the impact rate in the transaction on declining balance on the amount financed for the period of the agreement.

Dividend income on investments is recognized when the right to receive the same is established.

Income on NPAs is not recognized on an accrual basis but only when realized in respect of Non-performing assets, if any, as per the prudential norms for income recognition of the RBI.

3.7. Provisions of Assets

The company makes provisions for standard and Non-performing Assets as per the latest Master Direction issued by the Reserve Bank of India. The company also makes additional provisions towards loan assets, to the extent considered necessary, based on the management's best estimate.

Loan assets which as per the management are not likely to be recovered are considered as bad debts and written off.

Provision for Standard & Non-Performing Assets:

The Company has made provisions towards its Loan and Advance Assets based on management's best estimates and in accordance with the applicable RBI Master Directions. Loan assets have been classified as Standard Assets, Sub-standard Assets, Doubtful Assets and Loss Assets, and the requisite provisions, including Expected Credit Loss (ECL), have been made accordingly. Details of such provisions are disclosed in the relevant notes to the financial statements.

3.8. Employee Benefits

3.8.1. Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

3.8.2. Other Long-Term Employee Benefits

The liabilities for earned/privilege leave that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurement as the result of experience adjustment and changes in actuarial assumptions are recognized in statement of profit and loss.

3.8.3. Post-Employment Benefits

The Company operates the following post-employment schemes:

a) Defined Contribution Plan

- Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred and paid to Authority.

b) Defined Benefit Plans

- The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.
- The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.
- Remeasurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement

of profit and loss.

3.9. Foreign Currency Transactions

3.9.1. Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.

3.9.2. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets. When they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.

3.10. Borrowing Costs

3.10.1. Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.

3.10.2. Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.

3.10.3. Transaction costs in respect of long-term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

3.11. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.12. Financial Assets

3.12.1. Recognition and Initial Measurement:

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

3.12.2. Classification and Subsequent Measurement: For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value through Other Comprehensive Income (FVTOCI);

- Measured at Fair Value through Profit or Loss (FVTPL); and
- Equity Instruments designated at Fair Value through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

3.12.2.1 Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:

1. The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
2. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

3.12.2.2 Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.
- Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

3.12.2.3 Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. Equity instruments which are, held for trading are classified as at FVTPL.

3.12.2.4 Equity Instruments designated at FVTOCI: For equity instruments, which has not been classified as FVTPL as above, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

3.12.3. Derecognition:

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

3.12.4 Impairment Financial Assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

3.13. Financial Liabilities

3.13.1. Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

3.13.2. Subsequent Measurement:

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in profit or loss.

3.13.3. Financial Guarantee Contracts:

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

3.13.4. Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

3.13.5. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

3.14. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

3.15. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

3.16. Provisions, Contingent Liabilities and Contingent Assets

3.16.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

3.16.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Financial Statements.

3.16.3. Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

3.16.4. Intangible Assets

3.16.4.1. Recognition and Measurement

Intangible assets are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

3.17. Amortization

3.17.1. Software's are amortized over a period of three years.

3.17.2. The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

3.18. Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the chief operating decision maker. The Company has identified one reportable segment only based on the information reviewed by the CODM.

4. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about Significant judgments and Key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

4.1. Recognition of Deferred Tax Assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against

which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.

4.2. Classification of Leases: The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Where the rate implicit in the lease is not readily available, an incremental borrowing rate is applied. This incremental borrowing rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with a similar security, the funds necessary to obtain an asset of a similar nature and value to the right-of-use asset in a similar economic environment. Determination of the incremental borrowing rate requires estimation.

4.3. Defined Benefit Obligation (DBO): Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

4.4. Provisions and Contingencies: The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgment by management regarding the probability of exposure to potential loss.

4.5. Impairment of Financial Assets: The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

4.6. Allowances for Doubtful Debts: The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

4.7. Fair value measurement of financial Instruments: When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

4.8. Other Notes

- There were no Transaction and Financial Dealing in Crypto / Virtual Currency during the Financial Year 2025-26
- There are no micro, Small and Medium Enterprises, to whom the Company owes dues which outstanding for more than 45 days as at 31st March 2026. This information as required to be disclosed under the micro, small and medium Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with company.
- Previous year's figures have been re-casted and regrouped where every found necessary for the purpose of better presentation.
- The Company has an adequate internal financial controls system over financial reporting as at 31st March 2026 along with its effective implementation.

INDEPENDENT AUDITORS' REPORT

To
The Members of **SUNSHINE CAPITAL LIMITED**
Report on the audit of the financial statements

Opinion

We have audited the accompanying consolidated financial statements of **SUNSHINE CAPITAL LIMITED** ("the Company"), which comprise the balance sheet as at **March 31, 2026**, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and may not give a true and fair view due to non-provision of interest on loans, in conformity with the Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its **Profit** and total comprehensive income, changes in equity and its cash flows for the year ended on that date subject to our comments in sub clause iii and subclause iv of para 4 of Companies (Auditor's Report) Order, 2020. The company should have prepared a financial statement in compliance with IND-AS as prescribed, which may significantly affect the financial statements of the company.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
Impairment of Loans including Expected Credit Loss ("ECL") The Company has reported gross loan assets of INR 6,226.33 lacs against which an impairment loss of INR 1,501.19 lacs has been recorded. The Company recognized impairment provision for loan assets partly based on the Expected Credit Loss approach laid down under 'Ind AS 109 – Financial Instruments. The calculation of impairment losses on loans is complex and is based on the application	Assessed the appropriateness of management's judgment and estimates used in the impairment analysis through procedures that included, but were not limited, to the following: • Obtained an understanding of the method adopted by the Company including the key inputs and assumptions. Since methods and parameters are based on historical data, we assessed whether historical experience was representative of current circumstances and was relevant in view of the recent impairment losses incurred within the portfolios.

of significant management judgement and the use of different modelling techniques and assumptions which are uncertain and could have a material impact on reported profits. However, the Company has applied a single-stage approach based on changes in credit quality to measure expected credit loss on loans which is as follows: • If the repayment is defaulted more than 90 days, then it is considered as credit-impaired at the end of the year. • Significant management judgement and assumptions involved in measuring ECL are required with respect to: • Determining the criteria for a significant increase in credit risk • Factoring in future economic assumptions • Techniques used to determine probability of default, loss given default and exposure at default. These parameters are derived from the Company's historical data. In view of the above, the measurement of impairment loss on loans was determined to be a Key Audit Matter in our audit of the financial statements.	• Considered the Company's accounting policies for estimation of expected credit loss on loans and assessed compliance with the policies in terms of Ind AS 109. However, we observed that company has not complied with Ind AS 109. • Tested the design and operating effectiveness of key financial controls over the completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognized. Also evaluated the controls over the impairment process, validation of data and related approvals. • Reconciled the total financial assets considered for ECL estimation with the books of account to ensure completeness. • Assessed the adequacy and appropriateness of disclosures in compliance with the Ind AS 107 in relation to ECL which was found not to have been implemented.
Loan advanced The Company is a NBFC registered under Section 45-IA of the Reserve Bank of India Act, 1934, and as a part of its business activities was engaged in lending/ granting of the loans. For the year ended March 31, 2026, the Company had balance of loans and advances to the tune of ₹ 6,226.33 lacs. The variety of terms that define contract of loans where terms of loans, such as repayment schedule, Rate of Interest, securities associated, overdues if any etc. This area was of most significance in our audit due to the magnitude of amount involved and their conversion of the same to equity capital. Accordingly, due to the significant risk associated in accordance with terms of applicable Ind AS, it was determined to be a key audit matter in our audit of the consolidated financial statements.	Our audit procedures included the following: • Considered Company's loan policy and its compliance. • Assessed the design and tested the operating effectiveness of internal controls related to loans. • Performed sample tests of individual transaction and other related documents. Further, with respect to the samples tested we checked that the loans have been taken as per the policy. • Selected sample of loans obtained and checked the documents. • Obtained few balance confirmations as at the year end to evaluate loans.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report,

Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report on in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statement

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and the applicable NBFC Regulations, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We have also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has

adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The previously issued consolidated financial statements were audited by us for the year ended **31 March 2025**, and was issued on **30 May 2025** expressed a modified opinion on those consolidated financial statements were also prepared without complying to Companies (Accounting Standard) Rules 2021 to comply with Ind AS.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

- (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (j) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from my examination of those books.

- (k) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts.
- (l) in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with rule 7 of the Companies (Accounts) Rules, 2014, as amended and the Companies (Accounting Standards) Amendment Rules, 2016, as amended, to the extent they are not inconsistent with the accounting principles prescribed in the applicable NBFC Regulation.
- (m) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (n) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure- 'B'. Our report expresses a qualified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (o) As no remuneration has been paid by the Company to its Directors, the provisions of Section 197 of the Companies Act, 2013 are not applicable; and
- (p) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best of our information and according to the explanations given to us;
 - g. The Company does not have any pending litigations which would impact on its financial position.
 - h. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - i. The company was not required to transfer any amount during the year to the Investor Education and Protection Fund by the Company.
 - j.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement subject to the fact that some expenses have been booked on cash basis .
 - k. The Company has not declared or paid any dividend during the year and has not proposed a final dividend during the year.
 - l. *With respect to the proviso to rule 3 sub section 1 of companies (Accounts) rules 2014, the company did not maintain the accounting software which has a feature of recording of audit trail of each and every transaction, creating and edit log of each change made in the books of accounts along with the date when such changes were made and ensuring that the audit trail cannot be disabled.*

Annexure “A” to the Independent Auditor’s Report*

(Referred to in paragraph 1 under ‘Report on other legal and regulatory requirements’ section of our report to the members of **SUNSHINE CAPITAL LIMITED** of even date;

Referred to in our Report of even date:

xxii. Property, Plant and equipment

- (f) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment.
- (B) The Company does not have any intangible fixed assets. Accordingly, the provisions of clause 3(i)(a)(B) of the Order are not applicable.
- (g) As explained to us, Property, plant and equipment have been physically verified by the management during the year in accordance with the phased program of verification adopted by the management which, in our opinion, provides for physical verification of all the Property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed in such verification.
- (h) According to the information and explanations received by us, as the company owns no immovable properties, the requirement on reporting whether title deeds of immovable properties held in the name of the company is not applicable. The company has not taken any property on lease
- (i) The Company has not revalued any of its Property, Plant and Equipment during the year.
- (j) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026, for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

xxiii. In respect of Inventories

- d. The Company is in the business of providing loans and investments. The investments which form part of stock are held by the company in the Dematerialised account maintained with the National Securities Depository Limited (NSDL) and Central Depository Securities (India) Limited (CDSL), hence the company does not have physical inventory. The balance of stock lying with the depository is verified by the management. In our opinion, the frequency of verification is reasonable. However, based on the information and explanations provided to us, the net

realizable value of inventories could not be ascertained with reasonable certainty; accordingly, the inventories have been valued at cost.

- e. In our opinion and according to the information and explanations given to us, the procedures of verification of stock lying in Dematerialised account followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- f. The Company has maintained proper records of inventories. As per the information and explanation given to us, no material discrepancies were noticed on verification of the inventories.

xxiv. In respect of Loans, Investments, Guarantees and Securities

The Company is a NBFC registered under Section 45-IA of the Reserve Bank of India Act, 1934, and as a part of its business activities was engaged in lending/ granting of the loans.

- g. The reporting under clause 3(iii)(a) of the Order regarding loans, and advances in the nature of loans are not applicable.
- h. Based on our audit procedures and according to the information and explanations provided by the management, in our opinion, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
- i. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, we are of the opinion that in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has not been stipulated the details are given below:

Particulars	Current Amount Lakhs)	Year (In Lakhs)	Previous Year Amount (In Lakhs)
Opening Balance	9,636.98		17,165.46
Loan Given during the year	1,400.45		2,060.00
Interest Applied	513.02		1,143.78
Interest reversed	20.04		457.09
Bad Debts	166.31		579.34
Loan Repayment	4,951.01		2,195.82
Converted to Equity	186.75		7,500.00
Closing Balance	6,226.33		9636.98
<u>Other Details</u>			
Interest Overdue	204.32		113.48

- j. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, subject to point no. c) above, as

there is no stipulation of schedule of repayment of principal, overdue principal amount cannot be ascertained.

- k. As the principal business of the company is to give loans and advances, therefore, the reporting under clause 3(iii)(e) of the order is not applicable to the Company.
- l. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, the company has granted loans and advances in the nature of loans either repayable on demand or without specifying any terms and conditions. The amount is not ascertainable.

xxv. In respect of Loans, Investments, Guarantees and Securities covered u/s 185 & 186 of the Companies Act, 2013

On the basis of checking records and according to the information and explanations given to us. We are of the opinion that provisions of section 185 of Companies Act are not applicable to the company as it is a registered Non-Banking Financial Company. However, the Company has invested in shares of group companies which exceeds the limit prescribed under section 186 of the Companies Act 2013. Based on the information and explanations provided to us and on our examination of the records of the Company, we observe that the Group comprises multiple entities with multiple inter-company transactions involving infusion of funds in the nature of capital contributions, loans and investments. Many entities within the Group also have crossholdings with one another. Considering the complex multi-layered structure and flow of funds within the Group entities, it is not feasible for us to ascertain with precision the exact quantum of investments made through entities beyond two layers.

xxvi. In respect of Deposits from Public

The Company has not accepted any deposits and in our opinion, the Company is not holding any amounts which are deemed to be deposits during the year.

xxvii. In respect of maintenance of cost record

To the best of our knowledge and belief, the Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of the Company's products/ services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.

xxviii. In respect of statutory dues

In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable to the Company, with the appropriate authorities during the year. There were no undisputed amounts payable in respect thereof, which were outstanding at the year-end for a period of more than six months from the date they became payable except Company has not deposited GST under reverse charges mechanism amounting to Rs. 0.79 lakhs.

There is an outstanding tax demand against the company for AY 2008-09 of Rs. 49.88 lakhs, AY 2013-14 of Rs. 12.28 lakhs, AY 2016-17 of Rs. 0.87 lakhs and AY 2017-18 of Rs. 64.30 lakhs.

xxix. In respect of transactions not recorded in books but surrendered in Income Tax Assessments

According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961

xxx. Borrowings

- (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) According to the information and explanations given to us, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

- (c) In our opinion, and according to the information and explanations given to us, no term loan availed by the Company.
- (d) On an overall examination of the financial statements of the Company, we report that the company has not raised funds on short-term basis.
- (e) Based on the audit procedures and according to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary. Further, the Company does not have any joint venture but has associate companies.
- (f) The Company has not raised any loan during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

xxxi. In respect of money raised by way of initial public offer or private placement.

- (c) In our opinion, according to the information and explanations given to us. The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year.
- (d) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally).

xxxii. In respect of fraud

- d) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud with the Company has been noticed or reported during the year.
- e) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- f) In our opinion, according to the information and explanations given to us by the company has not received any whistle-blower complaint during the year under review.

xxxiii. In respect of Nidhi Company

The Company is not a Nidhi Company. Accordingly, the provisions of clause 3(xii)(a)-(c) of the Order are not applicable.

xxxiv. In respect of Related Party Transactions

In our opinion, and according to the information and the explanation given to us, all transactions with the related parties are in accordance with section 177 of the Companies Act, 2013, and the details of the same have been disclosed in the financial statements. However, the approval granted by Audit Committee for such transactions was not made available to us. The Companies have not entered into transactions covered under section 188 of the Companies Act, 2013.

xxxv. In respect of Internal Audit

In our opinion and according to the information and explanations given to us, the company has appointed an internal auditor as per provisions of Section 138 of Indian Companies Act 2013 read with Rule 13 Of Companies (Accounts) Rules, 2014. However, the reports were not made available to us.

xxxvi. In respect of Non-Cash Transactions

In our opinion, and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors, hence provisions of Section 192 of the Act are not applicable to the Company.

xxxvii. In respect of Registration with RBI

- (e) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as Non-Banking financial institution without accepting Public Deposit.
- (f) As the company has already obtained the registration (as referred in clause (a)), so there is no question that during the year company would conduct any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934
- (g) In our opinion and according to the information and explanations given to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India,
- (h) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

xxxviii. In respect of Cash Losses

The Company has not incurred any cash losses in the current financial year.

xxxix. In respect of Resignation of Auditors

There was no resignation of statutory auditors during the year under consideration.

xl. In respect of ability to meet obligations of the company.

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions and considering the financial conditions of the borrower we are of the opinion that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability or inviability of the company. We further state that our reporting is based on the facts up to date. Of the audit report we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xli. In respect of Corporate Social Responsibility.

According to the information and explanations given to us, we are of the opinion that the provisions of Section 135 towards corporate social responsibility are applicable to the company. Accordingly, the provisions of clause 3(xx) of the Order are applicable. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a fund specified in Schedule VII of the Act or special account in compliance with the provisions of sub-section (6) of Section 135 of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

xlii. Qualification/ Adverse comments in CARO by Component Auditors

The Company has no subsidiary or joint venture but has an associate company. Following adverse or qualification remarks observations have been recorded in CARO by auditors of the associate companies.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of **SUNSHINE CAPITAL LIMITED** of even date:

Report on the internal financial controls over financial reporting under clause (i) of sub – section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of **SUNSHINE CAPITAL LIMITED** (“the Company”) as at March 31, 2026, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company’s business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of internal financial controls over financial reporting

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, maintained internal financial controls with reference to financial statements as of March 31, 2026, based on the internal financial controls criteria established by the Company, considering the essential components of internal financial controls stated in the Guidance Note.

However, we have identified certain deficiencies in the design or operation of internal financial controls that, in our view, may affect the effectiveness of internal controls. These deficiencies do not, in our opinion, result in a material misstatement of the financial statements, but could potentially impact the reliability of the financial reporting process

36.4 Non current borrowings has been contracted at floating rates of interest, which are reset at short intervals. Fair value of floating interest rate borrowings approximates their carrying value subject to adjustments made for transaction cost.

37 FINANCIAL RISK MANAGEMENT

Financial management of the Company has been receiving attention of the top management of the Company. The management considers finance as the lifeline of the business and therefore, financial management is carried out meticulously on the basis of detailed management information systems and reports at periodical intervals extending from daily reports to long-term plans. Importance is laid on liquidity and working capital management with a view to reduce over-dependence on borrowings and reduction in interest cost. Various kinds of financial risks and their mitigation plans are as follows:

37.1 CREDIT RISK

The credit risk is the risk of financial loss arising from counter party failing to discharge an obligation. The credit risk is controlled by analysing credit limits and credit duration for customers on continuous basis. Further, in order to manage the credit risk, the security deposits are obtained from customers where ever considered necessary.

37.2 LIQUIDITY RISK

The Company determines its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs.

The Company manage its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for funding from banks and inter corporate and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain fixed deposits which provides flexibility to liquidate.

Except for these financial liabilities, it is not expected that cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts. When the amount payable is not fixed, the amount disclosed has been determined with reference to conditions existing at the reporting date.

38 CAPITAL MANAGEMENT

The Company objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt (total borrowings less cash and cash equivalents) to equity ratio is used to monitor capital.

6. BASIS OF ACCOUNTING

6.1. Basis of Consolidation

- (i) The consolidated financial statements comprise the financial statements of the Group and entities controlled by the entity and its subsidiaries. Control is achieved when the Group:
- Has power over the investee,
 - Is exposure or rights to variable return from its involvement with the investee, and
 - Has the ability to use its power over the investee to affect its returns.
- (ii) The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the above three elements of control.
- (iii) When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:
- Contractual arrangement with the other vote holders of the investee
 - Rights arising from other contractual arrangements,
 - The Group’s voting rights and potential voting rights and
 - Size of the Group’s holding of voting rights relative to the size and dispersion of holdings of other investees with voting rights.
 - Any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.
- (iv) Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and

expenses of a subsidiary acquired or disposed of during the year are included in consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

(v) If an entity of the Group uses accounting policies other than those adopted in the consolidated financial statements, for like transactions and other events in similar circumstances appropriate adjustments are made to that entity's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies except in the case of JV Group it wasn't done due to practical difficulties.

(vi) The financial statements of all entities used for the purpose of consolidation are drawn upto the same reporting date as that of the Group, i.e., year ended on 31st March 2026.

(vii) Consolidation procedure followed is as under:

- Items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries are combined like to like basis. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date,
- The difference between carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary is subject to adjustment of goodwill and
- Intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group are eliminated subject to impact of deferred taxes. Profit or loss and each component of other comprehensive income (OCI) are attributable to equity holders of the parent of the Group and to the non-controlling interest, even if this results in the non-controlling interests having deficit balance.

(viii) A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

(ix) Associates

Associates are entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost.

(x) Joint ventures

Joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when

decisions about the relevant activities require unanimous consent of the parties sharing control Investments in joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated balance sheet.

(xi) Equity Method

- a) Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.
- b) When the Group's share of losses in an equity accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity. Such further losses aren't disclosed as part of Current Liabilities.
- c) Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.
- d) The carrying amount of equity accounted investments are tested for impairment in accordance with the Accounting Policy described therein being recognized at cost in the consolidated balance sheet.

(xii) Goodwill

- a. After initial recognition, goodwill arising on an acquisition of a business is measured at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.
- b. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash- generating units (or Groups of cash-generating units) that is expected to benefit from the synergies of the combination.
- c. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized directly in the Consolidated Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

- d. On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.
- e) The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described in notes below.
- f) The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale.
- g) When a Group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognized in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

6.2. Statement of Compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India. The financial statements further comply with the applicable provisions of the Companies Act, 2013 and the guidelines/directions issued by the Reserve Bank of India (RBI) as applicable to a Non-Banking Financial Company (NBFC).

These financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values under Ind AS.

6.3. Basis of Measurement

The Company maintains accounts on accrual basis following the historical cost convention, except for followings:

- 6.3.1.** All assets falling under Property Plant and Equipment (PPE) have been valued at Cost Less Depreciation.
- 6.3.2.** Certain Financial Assets and Liabilities is measured at Fair value/ Amortized cost (refer accounting policy regarding financial instruments);
- 6.3.3.** Defined Benefit Plans – Plan assets measured at fair value wherever applicable

6.4. Functional and Presentation Currency

The Financial Statements are presented in Indian Rupee (₹), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All amounts disclosed in financial statements and notes have been rounded off to the nearest Thousands (with two places of decimal) as per the requirements of Schedule III, unless

otherwise stated.

6.5. Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

6.6. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards.

6.7. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

6.7.1. An asset is classified as current when it is:

- 6.7.1.1. Expected to be realized or intended to sold or consumed in normal operating cycle;
- 6.7.1.2. Held primarily for the purpose of trading;
- 6.7.1.3. Expected to be realized within twelve months after the reporting period; or
- 6.7.1.4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

6.7.2. A liability is current when:

- 6.7.2.1. It is expected to be settled in normal operating cycle;
- 6.7.2.2. It is held primarily for the purpose of trading;
- 6.7.2.3. It is due to be settled within twelve months after the reporting period; or
- 6.7.2.4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All the other liabilities are classified as non-current.

6.7.3. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

6.8. Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

6.8.1. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

6.8.1.1. In the principal market for the asset or liability, or

6.8.1.2. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

6.8.2. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

6.8.3. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable and

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

7. ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

7.1. Property, Plant and Equipment

7.1.1. Recognition and Measurement:

Property (Land and Building), plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes is stated in the balance sheet at Fair Market Value less any accumulated depreciation and accumulated impairment losses (if

any). Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

7.1.2. Subsequent Measurement:

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

7.1.3. Depreciation and Amortization:

Depreciation on Property, Plant & Equipment is provided on Straight Line Method in terms of life span of assets prescribed in Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation has been provided on straight line method based on internal assessment and independent technical evaluation carried out by external valuers, which the management believes that the useful lives of the component best represent the period over which it expects to use those components.

Category	Useful life (Years)
Non-Factory Building (RCC Frame Structure)	30/60
Factory Building	30
Plant and machinery	
Other than Continuous Process Plant	8/10/15/40
Computer equipment	3/5
Servers and networks	5
Furniture and Fixtures	5/10
Office equipment	5
Vehicles, Motor cycles, scooters	8

Others	8
--------	---

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

7.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

7.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and their expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

7.2. Leases

7.2.1. Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right-of-use (ROU) for the asset or assets, even if that right is not explicitly specified in an arrangement.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosures of leases for both lessees and lessors. It introduced a single, on-balance sheet accounting model for lessees.

The Company is lessee mainly in Land & Building (Factory and Offices). It recognised all such arrangements as right-of-use (ROU) asset and lessee as liability. The ROU is considered when company has all the right to drive economic benefits from the use of underlying asset. The right-of-use (ROU) asset is measured by discounting future lease payments to net present value (NPV). All lease payments during reporting period are recognised either as operational lease or financial lease as per Ind AS 116. However low value leases and leases below 12 months are treated as operating lease only.

7.2.2. Company as lessor

Finance Lease

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as

finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

Operating Lease

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs.

7.2.3. Company as lessee

Finance Lease

Finance Leases, which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease Payments under such leases are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly to the statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized. If there is no reasonable certainty that the Company will obtain the ownership by the end of lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Operating Lease

Assets acquired on leases where a significant portion of risk and reward is retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on a straight-line basis over the lease term, except where scheduled increase in rent compensates the Company with expected inflationary costs.

7.3. Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost is ascertained on weighted average basis for all inventories except for by products and scrap materials which are valued at net realizable value.

7.4. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-

term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short-term highly liquid investments, net of bank overdrafts as they are considered an integral part of the Company's cash management. Bank overdrafts are shown within short-term borrowings in the balance sheet.

7.5. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses etc. Current and deferred tax is recognized in the statement of profit & loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

7.5.1. Current Tax: -

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

7.5.2. Minimum Alternate Tax (MAT) credit:-

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

7.5.3. Deferred Tax: -

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The

Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

7.6. IRAC (Income Recognition, Asset Classification, and Provisioning)

Revenue is recognized based to the extent it is probable that the economic benefit will flow to the company and revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, and excludes taxes & duties collected on behalf of the Government and is reduced for estimated customer returns, rebates and other similar allowances.

Sale of Products: The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and significant risk and reward incidental to sale of products is transferred to the buyer, usually on delivery of the goods. Accruals for sales return, chargeback and other allowances are provided at the point of sale based on the past experience.

Sale of Investments / Shares: Profit or loss on sale of investments (including shares and securities) is recognized at the time of sale/transfer of securities. The difference between the sale consideration and the carrying value of the investment is recognized in the Statement of Profit and Loss.

Interest Income: For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

Interest income on loans is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is recognized on an accrual basis, except where recovery is uncertain, in accordance with the applicable guidelines issued by the Reserve Bank of India.

Interest income earned on Fixed Deposit Receipts (FDRs) with banks is recognized on a time proportion basis considering the principal amount outstanding and the applicable rate of interest.

Interest income is included under Revenue from Operations in the Statement of Profit and Loss.

Other Income: Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

In respect of loan agreements, the income is accrued by applying the impact rate in the transaction on declining balance on the amount financed for the period of the agreement.

Dividend income on investments is recognized when the right to receive the same is established.

Income on NPAs is not recognized on an accrual basis but only when realized in respect of Non-performing assets, if any, as per the prudential norms for income recognition of the RBI.

7.7. Provisions of Assets

The company makes provisions for standard and Non-performing Assets as per the latest Master Direction issued by the Reserve Bank of India. The company also makes additional provisions towards loan assets, to the extent considered necessary, based on the management's best estimate.

Loan assets which as per the management are not likely to be recovered are considered as bad debts and written off.

Provision for Standard & Non-Performing Assets:

The Company has made provisions towards its Loan and Advance Assets based on management's best estimates and in accordance with the applicable RBI Master Directions. Loan assets have been classified as Standard Assets, Sub-standard Assets, Doubtful Assets and Loss Assets, and the requisite provisions, including Expected Credit Loss (ECL), have been made accordingly. Details of such provisions are disclosed in the relevant notes to the financial statements.

7.8. Employee Benefits

7.8.1. Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

7.8.2. Other Long-Term Employee Benefits

The liabilities for earned/privilege leave that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurement as the result of experience adjustment and

changes in actuarial assumptions are recognized in statement of profit and loss.

7.8.3. Post-Employment Benefits

The Company operates the following post-employment schemes:

c) Defined Contribution Plan

- Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred and paid to Authority.

d) Defined Benefit Plans

- The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.
- The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.
- Remeasurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

7.9. Foreign Currency Transactions

7.9.1. Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.

7.9.2. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets.

When they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.

7.10. Borrowing Costs

- 7.10.1.** Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- 7.10.2.** Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.
- 7.10.3.** Transaction costs in respect of long-term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

7.11. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

7.12. Financial Assets

7.12.1. Recognition and Initial Measurement:

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

7.12.2. Classification and Subsequent Measurement: For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value through Profit or Loss (FVTPL); and
- Equity Instruments designated at Fair Value through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

3.12.2.1 Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:

3. The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
4. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

3.12.2.5 Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.
- Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

3.12.2.6 Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. Equity instruments which are, held for trading are classified as at FVTPL.

3.12.2.7 Equity Instruments designated at FVTOCI: For equity instruments, which has not been classified as FVTPL as above, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

7.12.3. Derecognition:

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

3.12.4 Impairment Financial Assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time

expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

7.13. Financial Liabilities

7.13.1. Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

7.13.2. Subsequent Measurement:

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in profit or loss.

7.13.3. Financial Guarantee Contracts:

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

7.13.4. Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

7.13.5. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

7.14. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equities shares

outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

7.15. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

7.16. Provisions, Contingent Liabilities and Contingent Assets

7.16.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

7.16.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Financial Statements.

7.16.3. Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

7.16.4. Intangible Assets

7.16.4.1. Recognition and Measurement

Intangible assets are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

7.17. Amortization

7.17.1. Software's are amortized over a period of three years.

7.17.2. The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

7.18. Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the chief operating decision maker. The Company has identified one reportable segment only based on the information reviewed by the CODM.

8. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about Significant judgments and Key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

8.1. Recognition of Deferred Tax Assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.

8.2. Classification of Leases: The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Where the rate implicit in the lease is not readily available, an incremental borrowing rate is applied. This incremental borrowing rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with a similar security, the funds necessary to obtain an asset of a similar nature and value to the right of-use asset in a similar economic

environment. Determination of the incremental borrowing rate requires estimation.

8.3. Defined Benefit Obligation (DBO): Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

8.4. Provisions and Contingencies: The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgment by management regarding the probability of exposure to potential loss.

8.5. Impairment of Financial Assets: The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

8.6. Allowances for Doubtful Debts: The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

8.7. Fair value measurement of financial Instruments: When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

8.8. Other Notes

- There were no Transaction and Financial Dealing in Crypto / Virtual Currency during the Financial Year 2025-26
- There are no micro, Small and Medium Enterprises, to whom the Company owes dues which outstanding for more than 45 days as at 31st March 2026.
