5.	Investment required	As per the Company's approved capital expenditure plan upto 1 Cr subject to finalization and approval by the Board of Directors.
6.	Mode of financing	Internal accruals
7.	Rationale of such increase	To enhance production capacity, improve regional supply efficiency, optimize logistics, and achieve greater operating leverage.

Press Release

Zelio E-Mobility Opens New Manufacturing Plant in Coimbatore to Strengthen South India Expansion

- *Strategic expansion to strengthen southern market presence across Tamil Nadu, Karnataka, Kerala, Telangana, Andhra Pradesh, and South Maharashtra.*
- *New 39,000 sq. ft. Coimbatore facility adds 60,000 units of annual capacity, expanding Zelio E-Mobility's total manufacturing capacity to 2,40,000 units per annum.*
- *Facility expected to improve delivery timelines, enhance supply chain efficiency, and support accelerated dealer network expansion in high-growth EV markets.*

Haryana, July 13th, 2026: Zelio E-Mobility, a rapidly expanding electric two and three-wheeler manufacturer that has been doubling its growth year over year, has announced the opening of its new manufacturing facility in **Coimbatore, Tamil Nadu**, marking a major step in the company's strategic expansion across South India.

Strategically located at Trichy Road, Nagiyyaan Thottam, Lakshmi Nagar Kannampalayam, Coimbatore, Tamil Nadu, the new facility spans approximately **39,000 sq. ft.** and will support electric scooter assembly, storage, logistics, and allied business operations. The commencement of operations starts today, at the Coimbatore facility will primarily cater to southern markets including Tamil Nadu, Karnataka, Kerala, Telangana, Andhra Pradesh, and South Maharashtra

The Coimbatore facility has an installed production and assembly capacity of **60,000 units per annum**. During its initial phase of operations, the plant is expected to manufacture and assemble approximately **24,000–30,000 electric two-wheelers annually**, with production gradually scaling in line with market demand and operational ramp-up.

Over the next **12–24 months**, the Coimbatore facility is expected to accelerate Zelio E-Mobility's growth in southern markets by strengthening dealer penetration, enhancing after-sales service, and improving supply chain efficiency. The plant is also expected to contribute meaningfully to the company's revenues, profitability, and market share in the region.

ZELIO E-MOBILITY LIMITED

(Formerly known as Zelio Auto Private Limited)

Manufacturer & Assembling : Electric Scooter, Bikes & E-Rickshaw

Regd Office : Shop No. 542, 1st Floor, Auto Market, Hisar - 125 001 (Haryana)

CIN : L34102HR2021PLC096362

GST No. : 06AABCZ7775P1ZD

The Coimbatore facility currently employs **30 direct workers** and will play a key role in Zelio E-Mobility's previously announced plan to surpass **500 employees** in the current financial year, contributing through the addition of **100+ personnel** over the coming months. Established with a capital investment of up to **INR 1 crore**, the plant will manufacture and assemble electric two-wheeler models from Zelio E-Mobility's product portfolio, with upcoming model details to be announced at a later stage.

Commenting on the development, **Kunal Arya, Managing Director of Zelio E-Mobility**, said, *"The launch of our Coimbatore facility marks a major milestone in Zelio E-Mobility's growth journey. South India represents one of the most promising electric mobility markets in the country, and this expansion strengthens our ability to serve customers, dealers, and partners with greater speed and efficiency. This facility will play a crucial role in supporting our next phase of growth, improving supply chain responsiveness, and reinforcing our commitment to accelerating EV adoption across India."*

Zelio E-Mobility's manufacturing network already includes its Ladwa plant in Haryana, spread across **2,63,450 sq. ft.**; the Patan plant in Haryana, covering **2,52,301 sq. ft.**; and the Cuttack plant in Odisha, spanning approximately **30,500 sq. ft.**, all supporting production, assembly, and regional operations.

Prior to the commissioning of the Coimbatore facility, Zelio E-Mobility's total installed manufacturing capacity stood at **1,80,000 units per annum**. With the addition of **60,000 units** from the Coimbatore plant, the company's aggregate installed manufacturing capacity now rises to **2,40,000 units per annum**, representing a **33% expansion**.

The Coimbatore facility follows the same manufacturing standards, processes, and quality protocols as Zelio E-Mobility's existing plants. At present, the company remains focused on achieving steady-state production, while future technology upgrades and sustainability initiatives will be announced in due course.

This expansion comes on the back of Zelio E-Mobility's strong growth momentum, with revenue rising **81.8% year-on-year** to **₹313.68 crore in FY2025-26** and a revenue CAGR of **121%** over the last four years, while remaining profitable since inception. Following its successful **BSE SME listing in October 2025**, where it raised **₹78.34 crore**, the company continues to strengthen its market presence through expanding manufacturing capabilities, a growing workforce, and a **400+ dealer network across 25+ states**, with plans to scale to **550+ dealerships by FY27**.

About ZELIO E-Mobility Ltd.
