Venus Pipes & Tubes Limited

Commences Commercial Operations of Fittings Facility and Expanded Seamless

Pipes / Tubes Capacity

Dhaneti, Gujarat: 26th May 2026: Venus Pipes & Tubes Ltd, one of the leading stainless-steel pipes and tubes manufacturers and exporters in India has commenced commercial operations of its fittings facility along with the commissioning of additional seamless pipes / tubes capacity today.

The Company has successfully commissioned seamless pipes/tubes expansion project with an additional capacity of 4,200 MTPA under the current phase. With this, the total seamless pipes/tubes capacity added under the overall expansion program now stands at 6,000 MTPA (higher than 4,800 MTPA initially planned), including the 1,800 MTPA capacity commissioned in November 2025. Alongside this, the Company has also commissioned equivalent capacity of Mother Hollow Pipes as part of its backward integration for seamless pipes. The additional capacity expansion was undertaken considering the demand outlook.

Further, the company has also commenced operations at its fitting's facility, marking a significant milestone in its strategy of forward integration and expansion into value-added product categories.

Both the fittings business and seamless pipes / tubes expansion are focused on enhancing the Company's value-added product portfolio and strengthening its positioning as a comprehensive stainless steel piping solutions provider catering to multiple end-user industries. These additions are expected to improve the Company's product mix, deepen customer engagement and support long-term growth opportunities across sectors including Power, Oil & Gas, Chemicals, Engineering and emerging industries such as Data Centers and Semiconductor manufacturing.

Commenting on the same, Arun Kothari, Managing Director, Venus Pipes & Tubes Ltd, said,

"Commissioning of our fittings facility along with the expanded seamless pipes / tubes capacity marks an important milestone in our growth journey. These additions are in line with our long-term vision of becoming a complete stainless steel piping solutions provider with strong presence across value-added product categories."

With these capabilities now operational, we believe Venus Pipes is better positioned to enhance its product offerings, improve value addition and strengthen its presence across both domestic and international markets."

About Venus Pipes & Tubes Ltd**(<https://www.venuspipes.com/>; BSE: 543528; NSE: VENUSPIPES)**

Venus Pipes & Tubes Limited is a manufacturer and exporter of stainless-steel pipes and tubes. The company is manufacturing stainless steel pipes/tubes products in two broad categories - seamless tubes/pipes and welded tubes/pipes under which five categories of products are manufactured namely, stainless steel high precision & heat exchanger tubes, stainless steel hydraulic & instrumentation tubes, stainless steel seamless pipes, stainless steel welded pipes and stainless-steel LSAW pipes.
