Dear Sir/Madam,

Subject: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Execution of Concession Agreement for PET-CT Diagnostic Facilities at Selected Locations in the State of Punjab

Pursuant to Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that, pursuant to the Letter of Award dated August 14, 2026 issued by the Department of Health & Family Welfare, Government of Punjab, acting through Punjab Health Systems Corporation (PHSC) (“Authority”), and the Company’s acceptance thereof, all requisite formalities as per the tender requirements leading to the execution of the Concession Agreement have been completed with the Authority for development, operation and maintenance of PET-CT Diagnostic Facilities at 4 (four) selected Government Hospitals in Punjab.

The Company has historically taken a measured approach towards the PET-CT segment and had not pursued opportunities in this segment earlier. However, considering the growing demand for PET-CT diagnostic services and the opportunity to leverage its established capabilities in government healthcare partnerships, the Company has now decided to enter this segment through a PPP opportunity. The project will be implemented under the Public Private Partnership (PPP) model in the Design, Build, Finance, Operate, Maintain and Transfer (DBFOT) format for a Concession Period of 15 (fifteen) years. This marks a meaningful expansion of the Company's revenue base into a new diagnostic service line, with long-term cash revenue visibility over the 15-year Concession Period.

The project represents a considered expansion of the Company's diagnostic services portfolio into a specialised and growing area of healthcare delivery, while building on Krsnaa's established experience of partnering with State Governments. The combination of a long-term concession framework, cash-based revenue model and access to established Government Hospital locations provides a strong foundation for the Company's measured entry into the PET-CT segment and further diversifies its revenue opportunities. It also strengthens the Company's rapidly growing cash portfolio of government PPP partnerships across India and

supports its continued focus on expanding access to advanced diagnostic infrastructure and quality healthcare services.

The details required under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with the SEBI Master Circular dated January 30, 2026 (as amended from time to time) are enclosed as Annexure.

You are requested to take the above information on your record.

For Krsnaa Diagnostics Limited

Sujoy Sudipta Bose
Company Secretary and Compliance Officer

Annexure

Particulars	Company Remarks
Name of the entity awarding the order(s)/contract(s)	Department of Health & Family Welfare, Government of Punjab, acting through Punjab Health Systems Corporation (PHSC).
Significant terms and conditions of order(s)/contract(s) awarded in brief	Development, operation and maintenance of PET-CT Diagnostic Facilities at 4 (four) Government Hospitals in Punjab on a Public Private Partnership (PPP) basis under the Design, Build, Finance, Operate, Maintain and Transfer (DBFOT) format, for a Concession Period of 15 (fifteen) years. The project represents the Company's entry into the PET-CT diagnostic services segment, pursuant to the growing demand for advanced oncology diagnostics and the Company's considered assessment of the opportunity.
Whether order(s) / contract(s) have been awarded by domestic/ international entity	Domestic entity
Nature of order(s) / contract(s)	Concession Agreement for development, operation and maintenance of PET-CT Diagnostic Facilities at selected locations in Punjab on PPP mode under the DBFOT format.
Time period by which the order(s)/contract(s) is to be executed	The Company, through its Concessionaire, has executed the Concession Agreement with the Authority in compliance with the tender terms. The Concession Period shall be 15 (fifteen) years.
Broad consideration or size of the order(s)/contract(s)	The consideration cannot be determined upfront as the project is structured on a cash-based model, with revenues dependent on the actual number of PET-CT scans undertaken and the applicable user charges. The project provides the Company with a new revenue stream and long-term revenue visibility over the 15 (fifteen)-year Concession Period
Whether the promoter/ promoter group / group companies have any interest in the entity that awarded the order(s)/contract(s)? If yes, nature of interest and details thereof	Not Applicable
