Ather Energy Announces Fourth Edition of Community Day, Scheduled for 29 August 2026

Bengaluru, July 14th, 2026: Ather Energy Limited, one of India's leading electric two-wheeler manufacturers, today announced that the fourth edition of its flagship community event, Ather Community Day, will be held on 29 August 2026 in Bengaluru. The theme for this year's event is "A New Dawn of Magic", where Ather will unveil the first scooter from its new EL platform, marking its entry into the mass-market scooter segment. Alongside the new scooter, Ather will introduce a range of innovations across technology, charging, and the ecosystem that will make the ownership experience more seamless, and connected.

The EL platform is Ather's next-generation vehicle architecture and the company's first all-new vehicle platform since the 450. Engineered from the ground up for greater versatility, scalability, and manufacturing efficiency, it will underpin Ather's future product portfolio across segments. The first scooter built on this platform marks a significant milestone for Ather, enabling the company to address the mass market through the ₹1 lakh to ₹1.25 lakh price segment while expanding its total addressable market and opening the next chapter of growth.

The Ather Community Day 2026 will bring together thousands of Ather owners, automotive and technology enthusiasts, and partners for a first look at the products, technologies, and experiences that Ather has been building.

Over the last three years, Ather Community Day has evolved into one of India's most anticipated automotive and technology events. More than a product showcase, it has become Ather's platform for sharing its vision for the future, introducing new technologies, and bringing its community closer to the company's products and ideas. The 2025 edition, held on 30 August 2025, welcomed more than 4,000 attendees and saw the unveiling of the EL platform, the introduction of the Redux concept vehicle, Ather's next-generation fast-charging technology, and AtherStack 7.0, setting the foundation for the company's next phase of innovation.

More details on Ather Community Day 2026 will be announced in the coming weeks.

About Ather Energy Limited

Ather Energy Limited (ATHERENERG | 544397 | INE0LEZ01016) is a pioneer in the Indian electric two-wheeler ("E2W") market (CRISIL Report). Founded in 2013 by Tarun Mehta and Swapnil Jain, Ather designs and manufactures high-performance electric scooters. Ather launched its first electric scooter in 2018. Its current E2W portfolio consists of two distinct product lines: the Ather 450 series, focused on performance-oriented customers, and the Ather Rizta, a convenience-first family scooter line launched in 2024. Together, these product lines offer a total of 9 variants. Ather was the first two-wheeler OEM in India to establish a dedicated fast charging network, the Ather Grid, which is designed and built in India. Today, Ather operates the widest 2W fast charging network in the country. As of March 31, 2026. With a strong emphasis on R&D and innovation, as of March 31, 2026, Ather holds 326 registered trademarks, 271 registered designs, and 52 registered patents, along with pending applications for 120 trademarks, 40 designs, and 591 patents globally.
