Dear Sir/Madam,

**Sub: Submission of Revised Press Release under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

This is with reference to our intimation submitted earlier today (i.e 1<sup>st</sup> July, 2026) under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We wish to inform you that, due to an inadvertent error, an incorrect press release was enclosed with the aforesaid filing.

Accordingly, we are submitting herewith the revised and correct Press Release titled:  
*"Intellectap and Avio Smart Join Hands to Digitally Empower Farmer Producer Organisations and Strengthen Rural Value Chains."*

The correct Press Release is enclosed herewith as **Annexure – I**.

We request you to kindly take the same on record and treat this submission as a replacement of the earlier attachment.

**Yours faithfully,**  
**For Avio Smart Market Stack Limited**  
**(Formerly Known as Bartronics India Limited)**

**Diksha Omer**  
**Company Secretary**

**AVIO SMART MARKET STACK LIMITED**  
(Formerly known as Bartronics India Limited)

## ANNEXURE-I

# Intellectap and Avio Smart Market Stack Join Hands to Digitally Empower Farmer Producer Organisations and Strengthen Rural Value Chains

- Partnership to drive digital transformation, financial inclusion, export readiness and market access for Farmer Producer Organisations and Producer Enterprises

**National: Intellectap Advisory Services Private Limited and Avio Smart Market Stack Limited (formerly Bartronics)** have entered into a **Memorandum of Understanding (MoU)** to strengthen **Farmer Producer Organisations (FPOs), Farmer Producer Companies (FPCs), and Producer Enterprises (PEs)** through technology-led interventions that enhance digital capabilities, improve financial inclusion, expand market access, and support export readiness across India's rural value chains.

The collaboration brings together **Intellectap's expertise in strengthening rural enterprises and producer institutions** with **Avio Stack's SMART platform**, a unified digital ecosystem designed to support farmer organisations through integrated technology, financial services, and market enablement solutions, supporting inclusive growth, investment readiness, and scalable agricultural transformation across India, Asia, and Africa.

The partnership aims to accelerate the digital transformation of FPOs/FPCs and PEs by enabling operational digitisation, improving access to financial services, creating stronger domestic and export market linkages, and supporting the adoption of technologies that enhance traceability, productivity, quality management, and supply chain efficiency.

Under the collaboration, **Intellectap** will facilitate the identification and onboarding of Farmer Producer Organisations and Producer Enterprises onto the AVIO SMART platform while supporting the implementation of programmes focused on digital adoption, operational efficiency, financial inclusion, and enhanced market access.

**Avio Stack** will provide end-to-end digital capabilities through the **AVIO SMART platform**, enabling farmer onboarding, procurement management, inventory tracking, transaction recording, and operational monitoring. The company will also provide technical support, user training, troubleshooting, and capacity-building initiatives to ensure effective adoption of the platforms for procurement, inventory management and market intelligence. Additionally, ASMS will facilitate access to banks, financial institutions, fintech partners, and digital lending ecosystems while supporting procurement, buyer-seller connectivity, domestic and export market linkages, and initiatives focused on branding, packaging, traceability, quality compliance, and certification for international markets.

### **AVIO SMART MARKET STACK LIMITED**

(Formerly known as Bartronics India Limited)

**Commenting on the collaboration, Dr Raja Krishna Murthy M, Head – Agri Tech Business, Avio Smart Market Stack Limited, said:** *"Farmer Producer Organisations play a critical role in creating sustainable livelihoods for smallholder farmers, building a stronger and more resilient agricultural ecosystem. Through our collaboration with Intellectap, we aim to equip FPOs/FPCs and Producer Enterprises with the digital infrastructure, financial access, and market connectivity they need to operate more efficiently and unlock new growth opportunities. The AVIO SMART platform has been designed to simplify operations, improve transparency, and connect producer organisations with domestic and global markets. Together, we are committed to enabling technology-driven rural transformation that creates long-term value for farmers and strengthens India's agricultural value chains."*

The collaboration establishes a framework through which both organisations will jointly support the digital, financial, and market capabilities of FPOs/FPCs and Producer Enterprises. While the partnership is non-exclusive, it reflects a shared commitment to leveraging technology to build more resilient rural enterprises and create sustainable economic opportunities for farming communities across India.

#### About Intellectap Advisory Services Private Limited

Intellectap is a pioneer in providing innovative business solutions that help build and scale profitable and sustainable enterprises dedicated to social and environmental change.

#### About Avio Smart Market Stack Limited

Avio Smart Market Stack Limited (formerly known as Bartronics India Limited) is building a unified rural operating system integrating financial inclusion, agri-tech, rural commerce, and digital market ecosystems to empower farmers, producer enterprises, and underserved communities through technology-driven platforms and services.
