CHAIRMANS' SPEECH

At the 108th Annual General Meeting

Good Morning!

Ladies & Gentlemen

On behalf of the Board of Directors of the Company, it is a great honor and privilege for me to extend a very warm welcome to all of you at the 108th Annual General Meeting of your company.

The Directors' Report and the Audited Statement of the Accounts for the year FY 2025-26 and the Notice to the Shareholders have already been circulated and with your permission, I take them as read.

Performance of Your Company:

I am pleased to inform you that the Company has achieved some progress towards resumption of mining operations.

Operational Performance:

The company achieved significant progress in the attempts towards bringing the mines into operation. Mining operation in Bagiaburu mines started in December'2023. The clearance of Hon'ble Supreme Court has been received for resumption of mining operations subject to obtaining all necessary clearances and sale of undisposed stock of minerals in these mines.

Environment Clearance (EC) for Belkundi mine was granted by MoEF & CC, Govt. of India on 12.08.2026. Belkundi mine is also having approved Mining Plan, Consent to Establish (CTE) rsand Forest Clearance (FC) coterminous over 384.54 ha forest area.

Bhadrasahi mine is having approved Mining Plan and Forest Clearance (FC) coterminous over 702.053 ha forest area. However, EC is required for further processing of other statutory clearances. Prior to grant of EC, grant of Terms of Reference (ToR) is required. OMDC is in the process of grant of ToR.

The company is vigorously pursuing the matter for obtaining statutory clearance with the state government and central government authorities, so as to resume its mining operations in Belkundi and Bhadrasahi at an early date.

Financial Performance:

Total earning of Rs 100.00 Crs includes sales of Rs 94.09 Crs and interest received from the term deposits of Rs 2.77 Crs during the FY 2025-26 as compared to Rs.2.00 Crs CPLY. The interest income has increased due to higher level of Term deposit maintained in FY 2025-26.

On the other hand, interest expense decreased to Rs 19.34 crore during FY 2025-26 from Rs 21.95 crore in the previous year, primarily due to a reduction in the average rate of interest charged by RINL on the interest-bearing Trade Advances received by the Company.

During FY 2025-26, the Company availed an Inter-Corporate Loan of Rs 2.40 crore from its Parent Company, RINL, out of the sanctioned loan amount of Rs 284.55 crore. The loan has been obtained exclusively for the operationalisation of the Belkundi and Bhadrasahi Iron & Manganese Ore Mines, particularly towards meeting statutory dues and other related obligations necessary for commencement of mining operations.

Loss before tax stands at Rs. (5.40) Crs as compared to loss of Rs. (48.63) Crs for the previous financial year. Loss after tax is Rs. (2.90) Crs as compared to loss of Rs. (40.43) Crs in the previous financial year.

Looking Ahead

Environment Clearance (EC) for Belkundi mine was granted by MoEF & CC, Govt. of India on 12.08.2026.

Exploring the possibility for enhancement of production capacity in near future through up gradation in technological aspects is incorporated in the MDO contract for the operationalization of Belkundi mines.

The company is vigorously pursuing the matter for obtaining statutory clearances with the state government and central government authorities, so as to resume its mining operations in Belkundi and Bhadrasahi at an early date.

Dividend for the year FY 2025-26

In view of accumulated losses incurred till FY 2025-26, your company has not proposed any dividend for the year 2025-26.

Corporate Governance

OMDC as a responsible Corporate citizen strongly believes in complying with the basic principles of Corporate Governance i.e. accountability, transparency, fairness and responsibility. Your Company is following the statutory requirements under the Companies Act, 2013; SEBI LODR Regulations, 2015; and Guidelines on Corporate Governance for Central Public Sector Enterprises, 2010 issued by the Department of Public Enterprises along with the Secretarial Standards issued by the Institute of Company Secretaries of India.

Your Company has been adhering to the principles of good Corporate Governance so as to ensure ethical and efficient conduct of the affairs of the Company. OMDC aims at not only its own growth but also maximization of benefits to the shareholders, employees, customers, government and also the general public at large.

For this purpose the company is continuously striving to improve its level of overall efficiency through good corporate governance practices in all its operations which are vital to achieve its Vision.

Acknowledgement

On behalf of your Company's Board of Directors, I wish to convey my sincere thanks to the valued Shareholders for their continuous support and reposing trust on us. This motivates us to excel in all our pursuits and constant endeavor to create value for the stakeholders.

I take this opportunity to thank the Government of India, Ministry of Steel, Ministry of Mines, Ministry of Environment and Forest & Climate Change, Ministry of Corporate Affairs, other Departments of Government of India, Government of Odisha, and all other Authorities and Regulatory bodies for their unstinted support and valuable guidance.

I also appreciate the continued and dedicated efforts put in by all the employees/unions to overcome many challenges faced during the year. Last but not the least, I would like to thank my colleagues on the Board who have given their valuable time and assistance in charting Company's progressive move.

I thank you all once again and offer my best wishes for a very joyous festive season ahead.

Thank you and Jai Hind.

I. **Diary No. 35183/2026 [AOO. SPL(C).16873/2026 and F.M.A - 941 of 2012] & Diary No. 35187/2026 [AOO.SPL(C). 16874/2026 and F.M.A - 939 of 2012].**

The OMDC Ltd. Vs. Jai Balaji Industries Ltd. *[Pending before the Hon'ble SCI, New Delhi]*

After the Supreme Court vide its order dated 08.05.2026, dismissed the SLP(C), filed by OMDC, finding no good ground and reason to interfere with the impugned judgment/order passed by the High Court, Calcutta, the OMDC to avoid any unforeseen coercive action against OMDC through pending Execution Proceeding filed by JBIL or through invocation of IBC Act or any other law, as per the advice received from Shri S. Mishra (AOR), considering the implication of the judgment & in terms of the approval of the competent authority filed application before the Supreme Court of India on 03.06.2026, praying for Review of the Judgment. Both the Review application are yet to be listed for hearing.

[Background: *The Dispute arose from two sales agreements pertaining to supply of Iron Ore of different size and quantity (executed in the year 2004 & 2005). Arbitration award passed in favour of Jai Balaji Industries Ltd. (JBIL) on 22.2.2010, corrected on 19.05.2010.*

OMDC preferred two separate appeals before the High Court, Calcutta on 01.06.2012 against the above two arbitration awards being [F.M.A.-941/2012 (FMAT -649/2012) & F.M.A.-939/2012 (FMAT - 650/2012)]. The High Court, Calcutta vide judgment dated 09.12.2025 dismissed both the above appeals field by OMDC on contest, thereby affirming the judgement and order passed by Ld. ADJ, (4th Court) Barasat as well as award passed by the Arbitral Tribunal. Shri Suman Datt (Sr. Adv.) had appeared for OMDC as arguing counsel along with Sri Kamal Kr. Chattopadhyay, the AOR.

After the High Court, Calcutta vide judgment dated 09.12.2025 dismissed both the above appeals field by OMDC on contest, the OMDC preferred the appeals / SLPs to SCI on 19.12.2025 being SLP.(C) No. 16873/2026 [Diary No. 73816/2025] & SLP.(C) No. 16873/2026 [Diary No. 73842/2025], through AOR Shri Shovan Mishra. However, vide order dated 08.05.2026 the SC dismissed the SLPs finding no good ground and reason to interfere with the impugned judgment/order passed by the High Court, Calcutta].

II. Misc. Ex (Com): 07/2024 [AOO. Money Execution- 04/2021] &

Misc. Ex (Com): 08/2024 [AOO. Money Execution- 05/2021].

Appeal No. FAT- 58/2022, (Arising Out of MS. No.- 46/2019) - Pending before High Court, Calcutta, (West Bengal). (OMDC Vs Arpita Roychoudhury & Ors)

The dispute relates to alleged delay in transmission of shares & payment of dividends to the LRs of a deceased share holder. The applicants approached the court claiming compensation for such delay, loss on profit, harassment etc. Vide order (Judgment) dated. 14.09.2021 the suit was decreed on contest with cost in favour of the applicants. OMDC is directed to pay Rs.4,58,16,186/- to the plaintiff with pendentelite& future interest. DHrs. have filed the present execution case for realization of their decretal dues.

The OMDC preferred an appeal being no. FAT- 58/2022 (FMAT- 690/2021) before the High Court, Calcutta on 15.11.2021 challenging the aforesaid judgment dated 14.09.2021 passed by the Ld. Commercial Court, Alipore. A petition is also filed before the High Court praying for stay of the execution proceeding as an interim relief pending disposal of the Appeal.

Vide order dated 22.03.2022 the appeal is admitted by the Hon'ble High Court. Further, the High Court, Calcutta vide order dt. 29.02.24 & 20.03.24 conditionally stayed the execution proceeding before the Commercial Court, Alipore till 05.04.2024 subject to furnishing of Bank Guarantee by a Nationalised Bank for Rs.6 Crore. The OMDC furnished the BG on 05.04.24 and

appraised the HC, Calcutta on 08.04.2024. The High Court, Calcutta vide order dated 04.07.2024 allowed release of assets, FDs, Bank A/Cs of OMDC from attachment.

The appeal before the HC, Calcutta was taken up for final hearing on 02.12.2025. After Completion of the oral Arguments by the parties before the HC, Calcutta, written notes of Arguments (WNA) field before the High Court, Calcutta on 18.12.2025.

The Execution case pending before the Commercial Court, Alipore is adjourned vide order dated 17.09.2026 to 23.12.2026, awaiting further order from High Court, Calcutta.

IV. Arbitration between Visa Steel Ltd. and OMDC

A long term agreement was entered into between OMDC & VISA Steel Ltd for supply of BF grade iron ore CLO (10-30mm) Fe 64% (acceptable up to 62.5% Fe) at the basic price of Rs 512 per MT F.O.R Thakurani, Barajamda, Orissa excluding Royalty, Sales Tax and per siding charges on actual basis for a period of 55 months commencing from the date of agreement (21st December,2004) with the provision that the basic price shall be reviewed & revised by OMDC from time to time as applicable to major PSU's & long term customer.

Dispute and difference arose between the parties following which VISA STEEL LTD invoked the arbitration clause. Accordingly, the dispute was referred to arbitration. Both the parties mutually agreed to appoint Sri V N KHARE, Former chief justice, Supreme Court of India as the sole Arbitrator. Visa Steel ltd claimed an amount of Rs. 190.21 cores and OMDC submitted the counter claim Rs.1.35 cores and additional claim of Rs. 254 Crores with 10% interest.

The arbitration proceeding initially commenced on 24.01.2008. However, after the sitting on 14.12.2019, no further sitting took place till March'2025. On 20.03.25 the proceeding re-commenced through a virtual mode and the parties are directed to comply certain directions. The next sitting of the arbitration was on dt.05.07.25, however, at the request of the Advocate for Claimant (**Visa Steel Ltd**), the hearing got postponed till further order. OMDC has engaged Shri Jagat Narayan Rajkaran Singh, advocate Supreme Court, Delhi as counsel for this matter.

Vide mail dated 02.07.2025, the Tribunal had fixed the hearing on 05.07.2025 at 5.00 pm by virtual mode. However, at the request of the adv. for Claimant the hearing is postponed till F.O.

V. Arbitration between East India Minerals Limited [EIML] and OMDC

An Arbitration proceeding is going on between East India Minerals Limited and OMDC, before three members' bench. The first meeting of the arbitral tribunal was held on 25.04.2007. OMDC challenged the basis of EIML case as untenable at the Arbitration. It is understood that the last sitting of the Arbitration i.e. 32nd sitting was held on 04.02.2016 fixing the next date to 11.03.2016. However, no further date thereafter was fixed and the matter remained idle.

It is understood from the petition filed by EIML before the High Court, Calcutta that the Learned Presiding Arbitrator (P.A.) has died. Accordingly, EIML filed petition U/s. 14 & 15 of the Arbitration and Conciliation Act, 1996 being A.P. No. 677/2022 before the High Court, Calcutta praying for appointment of a Presiding Arbitrator to Continue with the proceeding.

In terms of the judgment & orders passed on 19.05.2023 & 01.09.2023 by the High Court Calcutta in A.P. No. 667/2022 & A.P. No. 558/2023 respectively, the long pending arbitration proceeding between OMDC & EIML has resumed through the reconstituted arbitral tribunal headed by Shri Ashok Kr. Ganguly J. former Judge S.C. as substitute/Presiding Arbitrator. More than seventeen (17) sittings of the reconstituted tribunal have taken place on different dates starting from 26.09.2023. EIML has amended its claim by enhancing its prayer for damages to Rs.3,782Crs and has adduced evidence of its 1st witness. The witness is being cross-examined by the Resp. No.1 (OMDC) on different dates.

CASES RELATING TO BPMEL:

i. **Case No.: CA 400/2013 - (Pending before the High Court, Calcutta)**

This Company Application related to 3 Mining Leases of BPMEL filed before the Calcutta High Court by TPG Equity Management Pvt. Ltd. (TPGEMPL) against the Official Liquidator, BPMEL and others. In the said application, TPGEMPL prayed to allow the proposed scheme of revival of 3 Mining Leases in its favour staying the winding up / liquidation proceeding of BPMEL. It was further prayed not to jeopardize its right, title and interest over the property of BPMEL. In the said application OMDC has entered its appearance as an intervener and opposing the contention of TPGEMPL.

An interim order in the said application (CA No. 400 of 2013) is passed on 9th August 2019, wherein the Hon'ble High Court directed for formation of a High-Power committee consisting of three members i.e. one from the Central Government, one from the Orissa State Government and one member from Orissa Mineral Development Company (OMDC) to take a decision by a reasoned order with regard to the renewal of the subject leases. The court also directed to hear the version of TPG Equity Management Private Limited while taking the decision.

In compliance of the order, the Dept. of Heavy Industry vide its letter dated. 20.03.2020 formed a High-Power Committee consisting of the representatives of Govt. of India, Govt. of Odisha and OMDC to hear the issue raised by TPGEMPL. Meeting was held on 03.07.2020 through Video Conference. OMDC has submitted its comments to DHI, Govt. of India. The Dept. of Steel & Mines, Govt. of Odisha that Govt. of Odisha has preferred appeal to Supreme Court [SLP.(C) No. 007315-007316/2021] challenging the order of High Court, Calcutta.

The Supreme Court initially vide order dated 08.10.2021 upon hearing SLP (C) No.: 007315-007316 directed for issue notice staying the operation and effect of the impugned order dated 03.03.2020 (passed by High Court, Calcutta in ACO No.24/2019 and APO No.196/2019) until further order. However, vide judgment dated 17.05.2024 has set aside the judgment dated 03.03.2020 passed by the High Court, Calcutta. Accordingly, the direction to constitute a High Powered Committee is set aside. It is ordered that, the question of renewal of lease would not be examined by the Company Court. Further, the order of the State of Odisha rejecting the request for renewal of Kolha-Roida lease is upheld. It is clarified by the Supreme Court that applications filed for renewal of Thakurani and Dalki leases will be treated as rejected or dismissed. The

proceedings before the Company Court of High Court Calcutta, is directed to be continued in accordance with law.

Upon receipt of opinion from the A-O-R at S. Court and considering the impact the judgment has on OMDC, the OMDC filed application on 08.07.2024 for review of the judgment passed by the S.C. a petition for review of the judgment was also filed by one of the shareholder. Both the Petitions filed before the Supreme Court, were taken up by circulation on 21.05.2025. The S.C., upon perusal of the Review Petitions and the connected papers, dismissed both the Review Petitions being devoid of justifiable reason to entertain, vide a common order dated 21.05.2025.

ii. **Appeal No -129/2014** (AOO. TA/216/94) &
Appeal No -130/2014 (AOO. TA/216/94)-
Both cases pending before the Hon'ble Debt Recovery Appellate Tribunal, Kolkata.

These two Appeals are filled by OMDC before the DRAT, Kolkata. One challenging the Judgement/Recovery Proceedings by DRT-1, Kolkata (being Appeal No.129/2014) and another i.e. Appeal No 130/2014 was filed challenging an Order passed by DRT-1 Kolkata [i.e. exonerating one of the JDr. (Bharat Bhari Udyog) from the liabilities and making OMDC responsible for repayment of loan].

Be it noted here that, BPMEL had availed certain financial assistance (loan approx. 55 lacs) from UCO Bank (around 1990) and couldn't repay the dues. For which, UCO Bank filled Money Suit for recovery against BPMEL at HC, Calcutta. The suit was decreed and transferred to DRT-1, Kolkata (being TA- 216/1994) for recovery followed by initiation of Recovery Proceedings (being RP-142/2003) before the RO, DRT-1 Kolkata.

Vide order dated 23.02.2026, the DRAT, Kolkata ordered for hearing on point of maintainability & locus of appellant (OMDC). The OMDC filed its list of events on 29.04.2025.

Vide judgment dated 20.05.2026, the DRAT disposed of the appeal being infructuous as the Resp-2 (TPG) has withdrawn the R.P. (142/2003) on 25.11.25 (before RO) & on 09.12.25 (before PO), against the order of which (dt.08.06.10) this appeal was preferred and was finally closed by DRT Court on 23.12.25.

[N.B.: Vide order dated 12.03.2024 passed by the Hon'ble Supreme Court, in SLP (C) No. 7315-7316 of 2021, it is learnt that The Govt. of India does not want to revive BPMEL, further, Union of India and the State of Odisha are not interested and do not want to renew the mining lease].

iii. **RVWPET 127 of 2023**, **RVWPET 128 of 2023**and**RVWPET 126 of 2023** -

1. SWOT ANALYSIS

STRENGTH	WEAKNESS
• OMDC is one of the earliest mining companies in India having decades of experience in scientific mining. • Has rich Reserve of Iron & Manganese Ore. • Lease validity for Belkundi, Bhadrasahi& Bagiaburu mines are up to 15.08.2026, 30.09.2030 & 10.10.2041 respectively. • Mining operation in Bagiaburu started in December'2023. • Belkundi mine is having Forest Clearance (FC) coterminous over 384.54 ha forest area and Environment Clearance (EC). OMDC is in the process of obtaining FC over total forest area of 695.907 ha under Section 2(1) (iii) of FC Act, 1980.	• Hon'ble Supreme Court vide judgment dated 17.05.2025 stated that Order of the State of Odisha rejecting the request for renewal of Kolha-Roida lease is upheld and it is also clarified that applications filed for renewal of Thakurani and Dalki leases be treated as rejected or dismissed. • Shortage of statutory manpower as there is no recruitment since 2012. • Employees Salary is of 1997 pay scale.
OPPORTUNITIES	**THREATS**
• Mining operation in Belkundi Mines is expected to resume in FY 2026-27 subject to extension of Mining Lease validity for the period from 16.08.2026 to 15.08.2046 by Govt. of Odisha. • Application for grant of ToR for Bhadrasahi mines is under consideration by MoEF & CC, Govt. of India which will enable OMDC to proceed further for obtaining EC.	• OMDC is running with acute financial crisis and salaries to the employees are not disbursed regularly. • Disposal of various Court / Arbitration Cases lying in various Courts/Revisional Authorities related to mining lease/financial claims. • Risk factors such as high inflation, rising energy prices, uncertain international environment, change in government policies could affect the Company's performance adversely. • Public Hearing (PH) for Bhadrasahi mines scheduled to be held on 26.03.2025 was postponed by Collector, Keonjhar vide letter dated 25.03.2025. ToR was expired on 31.03.2025. • Extension of Mining Lease of Belkundi Mines for another 20 years beyond 15.08.2026.

2. PERFORMANCE

The company achieved significant progress in the attempts towards bringing the mines into operation. Mining operation in Bagiaburu mines started in December'2023. The clearance

of Hon'ble Supreme Court has been received for resumption of mining operations subject to obtaining all necessary clearances and sale of undisposed stock of minerals in these mines.

Environment Clearance (EC) for Belkundi mine was granted by MoEF & CC, Govt. of India on 12.08.2026. Belkundi mine is also having approved Mining Plan, Consent to Establish (CTE) and Forest Clearance (FC) coterminous over 384.54 ha forest area.

Bhadrasahi mine is having approved Mining Plan and Forest Clearance (FC) coterminous over 702.053 ha forest area. However, EC is required for further processing of other statutory clearances. Prior to grant of EC, grant of Terms of Reference (ToR) is required. OMDC is in the process of grant of ToR.

The company is vigorously pursuing the matter for obtaining statutory clearance with the state government and central government authorities, so as to resume its mining operations in Belkundi and Bhadrasahi at an early date.

3. OUTLOOK

Environment Clearance (EC) for Belkundi mine was granted by MoEF & CC, Govt. of India on 12.08.2026. For execution of lease deed, FC over total forest area of 695.907 ha under Section 2(1) (iii) of FC Act, 1980 is required. Forest Clearance (FC) for Belkundi mine total forest area under Section 2(1) (iii) of FC, Act 1980 is under process. After submission of EC and FC to the Govt. of Odisha, lease deed for the period 16.08.2006 to 15.08.2026 needs to be executed. Extension of mining lease validity for further 20 years (from 16.08.2026 to 15.08.2046) will be considered after execution of lease deed for the previous 20 years period.

Exploring the possibility for enhancement of production capacity in near future through upgradation in technological aspects is incorporated in the MDO contract for the operationalization of Belkundi mines.

4. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

OMDC has put in place all the necessary internal controls which are adequate and effective.

Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/ supply and price conditions in the domestic markets in which the Company operates, changes in the Government regulations, tax laws, litigation, industrial relations and other statutes and incidental factors. Readers are cautioned not to place undue conviction on the forward-looking statements.

CORPORATE GOVERNANCE REPORT

"Corporate Governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures accountability, transparency and fairness in all transactions in the widest sense."

1. A BRIEF STATEMENT ON COMPANY'S PHILOSOPHY

The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability in the management's higher echelons. The demands of Corporate Governance require professionals to raise their competence and capability levels to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics. It has thus become crucial to foster and sustain a culture that integrates all components of good governance by carefully balancing the complex inter-relationship among the Board of Directors, Audit Committee, Finance, Compliance teams, Auditors and the Senior Management. Above all, OMDC feels honoured to be integral to India's social development. Details of several such initiatives are available in the Report on Corporate Social Responsibility.

Corporate Governance at OMDC is based on the following main principles:

In essence we believe that good corporate governance consists of a system of structuring, operating and controlling a company such as to achieve the following:

a. A culture based on a foundation of sound business ethics.
b. Fulfilling the long term strategic goal of the owners while taking into account the expectations of all the key stakeholders, and in particular consider and care for the interests of employees, past, present and future work to maintain excellent relations with both customers and suppliers take account of the needs of the environment and the local community.
c. Maintaining proper compliance with all the applicable legal and regulatory requirements under which the company is carrying out its activities.
d. Ensuring timely flow of information to the Board and its Committees to enable them to discharge their functions effectively.
e. Independent verification and safeguarding integrity of the Company's financial reporting.
f. A sound system of risk management and internal control.
g. The annual secretarial audit reports are placed before the Board, is included in the Annual Report.
h. Timely and balanced disclosure of all material information concerning the Company to all stakeholders.
i. Transparency and accountability.
j. Fair and equitable treatment of all its stakeholders including employees, customers, shareholders and investors.

We believe that an organization must be structured in such a way that all the above requirements are catered for and can be seen to be operating effectively by all the interest groups concerned.

ETHICS POLICIES

At OMDC, we strive to conduct our business and strengthen our relationships in a manner that is dignified, distinctive and responsible. We adhere to ethical standards to ensure integrity, transparency, independence and accountability in dealing with all stakeholders. Therefore, OMDC have adopted various codes and policies to carry out duties in an ethical manner. Some of these codes and policies are:

i. Nomination Facility: Shareholders who hold shares in the physical form and wish to make/change a nomination in respect of their shares in the Company, as permitted under the Companies Act, 2013, may obtain from MUFG Intime India Private Limited, the prescribed Form. Members holding shares in electronic form may obtain Nomination forms from their respective Depository Participant (DP).

ii. Investor Safeguards: In pursuit of the Company's objective to mitigate/avoid risks while dealing with shares and related matters, the following are the Company's recommendations to its members:

a. Open Demat Account and Dematerialize your Shares: Members should convert their physical holdings into electronic holdings. Holding shares in electronic form helps Members to achieve immediate transfer of shares. No stamp duty is payable on transfer of shares held in electronic form and risks associated with physical certificates such as forged transfers, fake certificates and bad deliveries are avoided.

b. Consolidate your Multiple Folios: Members are requested to consolidate their shareholding held under multiple folios. This facilitates one-stop tracking of all corporate benefits on the shares and would reduce time and efforts required to monitor multiple folios.

c. Confidentiality of Security Details: Folio Nos./DP ID/Client ID should not be disclosed to any unknown persons. Signed blank transfer deeds, delivery instruction slips should not be given to any unknown persons.

d. Dealing with Registered Intermediaries: Members should transact through a registered intermediary who is subject to the regulatory discipline of SEBI, as it will be responsible for its activities, and in case the intermediary does not act professionally, Members can take up the matter with SEBI.

e. Obtain documents relating to purchase and sale of securities: A valid Contract Note/Confirmation Memo should be obtained from the broker/sub-broker, within 24 hours of execution of the trade. It should be ensured that the Contract Note/Confirmation Memo contains order no., trade no., trade time, quantity, price and brokerage.

f. Update your Address: To receive all communications and corporate actions promptly, please update your address with the Company or DP, as the case may be.

g. Prevention of Frauds: There is a possibility of fraudulent transactions relating to folios which lie dormant, where the Member is either deceased or has gone abroad. Hence, we urge you to exercise diligence and notify the Company of any change in address, stay abroad or demise of any Member, as and when required.

h. Monitor holdings regularly: Do not leave your demat account dormant for long. Periodic statement of holdings should be obtained from the concerned DPs and holdings should be verified.

i. PAN Requirement for Transfer of Shares in Physical Form: SEBI has mandated the submission of Permanent Account Number (PAN) for securities market transactions and off market/private transactions involving transfer of shares of listed companies in physical form. It is, therefore, mandatory for any transferee(s) to furnish a copy of the PAN card for registration of such transfers. Members are, therefore, requested to make note of the same and submit their PAN card copy.

j. Mode of Postage: Share Certificates and high value dividend warrants/cheques/demand drafts should not be sent by ordinary post. It is recommended that Members should send such instruments by registered post or courier.

11. DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013.

The Company had constituted an "Internal Complain Committee" as required under the provisions of Sexual harassment of women at work place (Prevention, Prohibition and Redressal) Act, 2013.

During the year under review, no complaint of harassment at the workplace was received by the Committee.

12. CERTIFICATE OF NON-DISQUALIFICATION OF DIRECTORS

As per Regulation 34(3) and Schedule V Para C clause (10)(i) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a Certificate was obtained from M/s. Palatasingh & Co. Practicing Company Secretaries that none of the Directors on the Board of the Company for the Financial Year ending on 31st March, 2026 have been debarred or disqualified.

SECRETARIAL AUDIT REPORT

(for the financial year ended 31st March, 2026)

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

The Members

THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED

C/O Sail Office, Ground Floor, Plot-271 Bidyut Marg, Unit-IV,

Shastri Nagar, Bhubaneswar, Khordha, 751001, Odisha

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED (L51430 OR 1918 GOI 034390) (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **31st March, 2026** generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026, to the extent applicable, according to the provisions of:

I. The Companies Act, 2013 (the Act) and the Rules made thereunder;

II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;

III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

IV. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable to the Company:-

a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

* d. Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations,2021
* e. Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations,2021;

f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

* g. The Securities and Exchange Board of India (Delisting of Equity Shares) Reg. 2021
* h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

i. The Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015

* These Clauses were not applicable during the year under review.

VI. We further report that the Management has identified and confirmed the following laws as specifically applicable to the Company:

(a) The Mines Act, 1952;

(b) The Mines & Minerals (Development & Regulations) Act, 1957;

(c) The Legal Metrology Act, 1986

VII. Applicable clauses of Secretarial Standards issued by The Institute of Company Secretaries of India. Though there exists systems to monitor and ensure compliance with the applicable Secretarial Standards yet there lies scope to strengthen the same

VIII. The Listing Agreements entered into by the Company with the National Stock Exchange Limited and Calcutta Stock Exchange Limited. The Company has paid the listing fees for FY 2025-26 to Calcutta Stock Exchange ("CSE") Limited and Bombay Stock Exchange ("BSE") Limited. The Company has trading permission to trade under permitted category in the Bombay Stock Exchange (BSE).

During the period under review the Company has *generally* complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. Due to absence of Independent Directors in the Company, the Company could not comply with certain provisions of SEBI (LODR) Regulations 2015, the Companies Act, 2013 and DPE guidelines on Corporate Governance. Due to lack of independent directors many committees of Board could not be formed.
2. The Company has appointed Internal Auditor but provisions under Section 138 of the Companies Act, 2013 has not been fully complied.

4. During the financial year 2025-2026, the Company has made certain delays in filing e-forms with the Ministry of Corporate Affairs.
5. Since the Company is not having information about the status of all its agencies / enterprises from whom the company procures goods and services, hence identification of all the parties falling under the definition of Micro, Small and Medium Enterprises Development Act, 2006 could not be made and therefore relevant disclosure has not been made during the review period.

We report that, having regard to the compliance system prevailing in the Company and as certified by the Management and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the laws specifically applicable to the Company as detailed above.

We have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Board during the period under scrutiny. We have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of respective committees of the Board, of the members of the Company and of other authorities as per the provisions of various statues as mentioned above.

We further report that:

a) The Board of Directors of the Company is not properly constituted as the Company does not have prescribed number of Independent Directors in its Board and compliance pertaining to functions and duties as required to be discharged by Board Sub committees are not made during the year under review.

b) As per the minutes of the meetings of the Board duly recorded and signed by the Chairman, the majority decision of the Board were unanimous and no dissenting views have been recorded.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Company has the following specific events/actions having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

1. OMDC was operating six Iron Ore and Manganese Ore mining leases at Barbil in the district of Keonjhar, Odisha. (BPMEL), which were being operated by OMDC under Power of Attorney. The other three mines namely, Bagiaburu Iron Ore Mines, Belkundi Iron & Manganese Ore Mines and Bhadrasahi Iron & Manganese Ore Mines are in the name of OMDC. The mining lease validity of all these three OMDC Mines were extended by Govt of Odisha, till 10th Oct 2041, 15th Aug 2026 and 30th Sep 2030 respectively. Mining operation in Bagiaburu mines started in December'2023 with production capacity @ 0.36 MTPA (ROM) in the mine lease area of 21.52 Ha. located at Village Uliburu, Tehsil Barbil, District Keonjhar, Odisha. Environmental clearance for Belkundi mines was granted on 12.08.2026 by MoEF & CC, Govt. of India. Extension of mining lease for Belkundi beyond 15.08.2026 is pending with Govt. of Odisha. Forest Clerance (FC) for total forest area of 695.907 ha under Section 2 (1) (iii) of Forest Conservation Act,1980 for Belkundi mines is pending with MoEF & CC. Forest Clearance co-terminus extension up to 30.09.2030 over part forest area of 702.053 Ha. was granted by Forest, Environment & Climate Change Department, Govt. of Odisha on 28.04.2026.

2. Pursuant to the Judgement of Hon'ble Supreme Court dated 02.08.2017, Dy. Director of Mines, Odisha had issued different demand notices dated 02.09.2017, 23.10.2017 & 13.12.2017 to OMDC for OMDC Leases and to BPMEL for BPMEL Leases towards compensation. The amount of Demand for OMDC Leases is Rs. 70218.46 Lakhs and for BPMEL Leases is Rs. 86157.12 Lakhs, totalling Rs. 156375.58 Lakhs towards EC, FC and MP/CTO. OMDC had been operating BPMEL Leases backed by Power of Attorney to sign and execute all mining leases and other mineral concessions from time to time. OMDC has paid the compensation of OMDC Leases of Rs.87622.10 Lakhs towards OMDC Leases (Rs. 1479.68 Lakhs on 29.12.2017, Rs. 13093.47 Lakhs on 16.11.2018, Rs. 693.45 Lakhs on 30.01.2019, Rs. 40000.00 Lakhs on 01.03.2019, Rs. 100 Lakhs on 20.09.2019 and Rs. 32255.50 Lakhs on 03.10.2019) in 2017-18, 2018-19 and 2019-20 out of its own fund of Rs.56622.10 Lakhs and borrowed fund from Bank Rs.31000.00 Lakhs. OMDC has paid a sum of Rs. 2715.14 Lakhs (Rs. 2515.14 Lakhs on 29.12.2017 and Rs. 200.00 Lakhs on 16.11.2018) towards BPMEL Leases under protest. The remaining amount of compensation including interest upto 31.03.2026 against BPMEL Leases amounting Rs. 2029.51 crs are shown under Contingent Liability.

3. The Supreme Court initially vide order dated 08.10.2021 upon hearing SLP (C) No.: 007315-007316 directed for issue notice staying the operation and effect of the impugned order dated 03.03.2020 (passed by High Court, Calcutta in ACO No.24/2019 and APO No.196/2019) until further order. However, vide judgment dated 17.05.2024 has set aside the judgment dated 03.03.2020 passed by the High Court, Calcutta. Accordingly, the direction to constitute a High Powered Committee is set aside. It is ordered that, the question of renewal of lease would not be examined by the Company Court. Further, the order of the State of Odisha rejecting the request for renewal of Kolha-Roida lease is upheld. It is clarified by the Supreme Court that applications filed for renewal of Thakurani and Dalki leases will be treated as rejected or dismissed. The proceedings before the Company Court of High Court Calcutta, is directed to be continued in accordance with law.

4. Upon receipt of opinion from the A-O-R at Hon'ble Supreme Court of India and considering the impact the judgment has on OMDC, the OMDC filed application for review of the judgment passed by the S.C. on 08.07.2024. Hon'ble Supreme Court of India upon perusal of the review petition and the connected papers dismissed both the review petitions vide a common order on 21.05.2025 on the ground of being devoid of justifiable reason to entertain.

5. Al the three BPMEL mining leases were non-operational due to various legal cases pending at High Court-Orissa, High Court-Culcutta and Supreme Court of India. The Cases other than pending before the Supreme Court of India are still sub-judice.

6. The Company is contesting Major Legal Cases at High Court of Kolkata, High Court of Cuttack DRTand Supreme Court etc, the details of which has already been shared in Directors Report of the Board of Directors.

[Note: Hon'ble Supreme Court of India in its judgement6 dated 17.05.2024, set aside the judgement dated 03.03.2020 passed by the High Court, Culcutta. Direction to constitute a High Powered Committee is set aside. Order says that, the question of renewal of lease would not be examined by the Company Court. Order of the State of Odisha rejecting the request for renewal of Kolha-Roida lease is upheld. It is also clarified that applications filed for renewal of Thakurani and Dalki leases be treated as rejected or dismissed. Proceeding before the Company Court of HC, Culcutta, is directed to be continued in accordance with the Law. OMDC filed a petition before the Supreme Court on 08.07.2024 (Diary No.29806 of 2024) for review of the judgement. A petition for review of the judgement was also filed on 08.07.2024 by one of the shareholder (Diary No. 29537 of 2024). Both the petitions filed before the Supreme Court of India, were taken up by circulation on 21.05.2025. The Supreme Court, upon perusal of the review petitions and the connected papers, dismissed both the Review Petitions being devoid of justifiable reason to entertain, vide a common order dated 21.05.2025].

7. As informed, the Company has responded appropriately to notices received from various statutory /regulatory authorities including initiating actions for corrective measures, wherever found necessary.

Based on Audit, our responsibility is to express an opinion on the Compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS-1 to CSAS-4 ("CSAS") prescribed by the ICSI. These standards require that the auditor complies with statutory and regulatory requirements and plans and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliance may not be detected, even though the audit is properly planned and performed in accordance with the CSAS.

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.

2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

3. We further report that the compliance by the Company of applicable financial laws like direct and indirect tax laws and maintenance of financial records and books of accounts has not been reviewed in this Audit since the same have been subject to review by statutory financial audit and other designated professionals.

4. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.

5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.

6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

7. We have not verified the correctness and appropriateness of financial records and books of account of the Company as well as correctness of the values and figures reported in various disclosures and returns as required to be submitted by the Company under the specified laws, though we have relied to a certain extent on the information furnished in such returns.

Corporate Governance Compliance Certificate

(Under Schedule V of SEBI (LODR) Regulations, 2015)

The Members

THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED

C/O Sail Office, Ground Floor, Plot-271, Bidyut Marg, Unit-IV,

Shastri Nagar, Bhubaneswar, Khordha, 751001, Odisha

We have examined the compliance of conditions of Corporate Governance by THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED CIN L51430 OR 1918 GOI 034390 (hereinafter called the "Company") for the year ended on 31st March, 2026 as per the Regulation 17 to 27, clause (b) to (i) of Sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") and as amended.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations except the following:-

1. The Board of Directors of the Company is not properly constituted as the Company does not have prescribed number of Independent Directors in its Board. Hence penalties under Regulation 17, 18, 19, 20 and 21 of SEBI LODR Regulations has been imposed on the Company.
2. Delay in Adoption of Audited/Unaudited Financial Results under Regulation 33 for the financial year ended 31st March, 2025, Quarter ended 30th June, 2025, Quarter ended 30th September, 2025 has been observed.
3. Compliance with few disclosures to be covered under Corporate Governance report like details of non-compliance by the listed entity, penalties, strictures etc. as required under SEBI Listing regulations.

We further state such compliance is neither an assurance as to future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2026

The preparation of Financial Statements of The Orissa Minerals Development Company Limited for the year ended 31 March 2026 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 27 May 2026.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 143(6) (a) of the Act of the Financial Statements of The Orissa Minerals Development Company Limited for the year ended 31 March 2026. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under Section 143(6)(b) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related Audit Report.

A	**COMMENTS ON FINANCIAL POSITION**
	BALANCE SHEET
(i)	**Note - 7- Intangible Assets : ₹ 1098.46 lakh** OMDC has three mining leases covering 2,297.01 hectares, including 1,649.46 hectares of forest land. Against the Compensatory Afforestation (CA) requirement, the Company had paid CA charges for 804.66 hectares up to the last renewal of the mining leases. However, on renewal of the mining leases, the Company neither assessed nor recognised/disclosed the liability towards CA for the remaining 844.80 hectares of forest land, including 301.09 hectares broken up prior to commencement of the Forest (Conservation) Act, 1980. The MoEF&CC Guidelines dated 28 March 2019 provide that compensatory afforestation (CA) provisions apply to the entire forest land within the lease area upon renewal of mining leases, including areas broken up prior to 25 October 1980 where CA had not been levied earlier. Further, paragraph 14 of Ind AS 37 requires recognition of a provision where a present obligation arising from a past event exists and its amount can be reliably estimated. Since the renewal of the mining leases attracts the CA requirement under the applicable guidelines and the liability is reliably estimable, the Company should have recognised the corresponding liability and made appropriate disclosure in the financial statements.

	Audit estimated the liability towards CA at ₹244.77 lakh based on the indicative CA cost paid by the respective mines. Non-recognition of this liability resulted in understatement of Mining Rights and Provisions/loss by ₹244.77 lakh.
(ii)	**Note 11- Other Financial Assets: ₹4,093 lakh** The above includes term deposits of ₹3,879.58 lakh, accrued interest on term deposits of ₹4.15 lakh, security deposits of ₹123.07 lakh and other receivables, including receivables from related parties, of ₹137.15 lakh. The Company had recognised a provision of ₹50.95 lakh against other receivables related to one party. Audit noted that ₹26.06 lakh payable to a related party had been offset against the receivables, aggregating the gross receivables to ₹163.21 lakh. These receivables included ₹50.18 lakh due from M/s Kaypee Enterprises, outstanding since 2022-23 and under litigation as on 31 March 2026. After excluding the provision of ₹50.95 lakh and the Kaypee receivable of ₹50.18 lakh, the balance receivables amounted to ₹62.08 lakh. These comprised ₹32.23 lakh outstanding for less than one year, ₹1.91 lakh between one and two years, ₹9.52 lakh between two and five years and ₹18.42 lakh outstanding for more than five years. Ind AS 109 require assessment of ECL using reasonable and supportable information, including ageing, historical default experience and relevant forward-looking information. It also provides a rebuttable presumption of default when a financial asset is 90 days past due, unless reasonable and supportable information justifies otherwise. Audit, however, noted that the Company neither provided nor disclosed any ECL/provision matrix, historical default analysis, ageing-based default rates or other reasonable and supportable basis for determining ECL for receivable of ₹ 112.26 lakh. Thus, the Company had not adequately demonstrated that the provision against other financial assets was determined in accordance with Ind AS 109 and its declared Accounting Policy. The adequacy of impairment provision therefore requires reassessment based on the ECL methodology prescribed under Ind AS 109.
(iii)	**Note 20B - Provisions: ₹ 10,299.54 lakh** The dead rent represents a statutory obligation arising in respect of the mining lease. OMDC was liable to pay statutory dead rent in respect of the non-operative Bhadrasahi Iron & Manganese Ore Mine. Audit noted that dead rent of ₹94.10 lakh for the period July 2021 to March 2026 had neither been provided nor accounted for in the financial statements. Audit noted that ₹74.29 lakh relates to the period July 2021 to March 2025 and ₹19.81 lakh relates to FY 2025-26. The liability relating to earlier years constitutes a prior-period error and is required to be corrected retrospectively under Ind AS 8 by adjustment against opening retained earnings, along with the prescribed disclosures. The liability of ₹19.81 lakh relating to FY 2025-26 is required to be recognised in the current year.

	Thus, non-recognition of the statutory liability resulted in understatement of provisions/liabilities by ₹94.10 lakh as at 31 March 2026, with current year loss understated by ₹19.81 lakh and opening retained earnings overstated by ₹74.29 lakh.
(iv)	**Note 22- Other Current Liabilities ₹28,582.09 lakh** The Principal Chief Conservator of Forest (Wildlife), Odisha approved an additional Site Specific Wildlife Conservation Plan of ₹91.80 lakh on 1 February 2023, in addition to the earlier approved amount of ₹41.50 lakh. The plan was to be implemented for five years and reviewed thereafter. OMDC had deposited ₹41.50 lakh in April 2011 and capitalised the amount as Intangible Asset under Mining Rights, which was being amortised on unit of production basis. However, the additional demand of ₹91.80 lakh remained unpaid, though CWIP of ₹50.30 lakh was created in 2024-25 with a corresponding provision. As per paragraph 14 of Ind AS 37, a provision is recognised where a present obligation exists, a probable outflow of resources is expected and the amount can be reliably estimated. Further, since the Wildlife Conservation Plan was to be implemented over a specified period of five years, the related intangible asset was required to be amortised over that period as per the Company's accounting policy. Thus, non-recognition of the additional demand and incorrect amortisation of the Wildlife Conservation Plan expenditure resulted in understatement of Other Current Liabilities by ₹41.50 lakh, understatement of Intangible Assets by ₹48.96 lakh and overstatement of CWIP by ₹50.30 lakh. Consequently, Depreciation and Amortisation Expenses were understated by ₹42.84 lakh, resulting in corresponding understatement of loss.

Regarding the receivable of Rs.50.18 lakh from M/s Kaypee Enterprises, the Company submits that the amount represents an existing receivable arising from past contractual transactions. The outstanding comprises Rs. 19.50 lakh relating to April-June 2018 and Rs.30.68 lakh relating to March-June 2022. The matter regarding payment was discussed with the party in the meeting held on 30.06.2018, pursuant to which the party made payments from July 2018 onwards. The Company subsequently pursued recovery through legal proceedings, wherein the competent court passed an order in favour of the Company. The party has preferred an appeal before the higher court and the matter is presently sub-judice. The Company also submits that M/s Kaypee Enterprises continues to be a contractual mining contractor of the Company and a considerable amount far exceeding the receivable amount of Rs. 50.18 lakh is payable by OMDC to the party towards contractual mining work. The continuing contractual relationship and the amounts payable to the same party are relevant facts in considering the nature and recoverability of the outstanding receivable. However, assessment will be carried out at the end of the next financial year by the company, and the necessary accounting adjustments, if any, will be made accordingly. As regards the remaining receivables the Company will undertake the assessment of the outstanding amounts, taking into consideration their ageing, past payment experience, recoverability and other relevant information available to the Company, and make appropriate accounting adjustment, wherever required, in accordance with Ind AS 109 in the next financial year.

The observation regarding non-recognition of dead rent liability of Rs. 94.10 lakh in respect of Bhadrasahi Iron & Manganese Ore Mine for the period July 2021 to March 2026 has been noted. The Company has examined the matter and agrees that the dead rent represents a statutory obligation relating to the mining lease. In respect of the additional demand of Rs. 91.80 lakh, Rs.50.30 lakh had been recognised under Capital Work-in-Progress in FY 2024-25 with a corresponding liability. CWIP will be transferred to Mining Rights (Intangible Assets); and the balance amount of Rs.41.50 lakh will be directly recognised under Mining Rights (Intangible Assets).Accordingly, the entire additional SSWCP expenditure of Rs. 91.80 lakh will be recognised as part of Mining Rights in the next financial year. With regard to amortisation, Management submits that the SSWCP expenditure forms part of Mining Rights and is therefore subject to the Company's accounting policy applicable to Mining Rights. The amortisation will accordingly be recognised on Unit of Production (UOP) basis over the estimated remaining commercial reserves, in accordance with the Company's accounting policy applicable to Mining Rights. The amortisation effect in respect of the additional SSWCP expenditure will accordingly be given in thenext financialyear in accordance with the applicable amortisation policy.

INDEPENDENT AUDITORS' REPORT

To

The Members of

The Orissa Minerals Development Company Limited

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **M/s. The Orissa Minerals Development Company Limited ("*the Company*")** which comprises the Balance Sheet as at March 31, 2026 and the Statement of Profit and Loss (including Other Comprehensive Income), statement of changes in Equity and statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("**the Act**") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its losses, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the S*tandalone *Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to the following notes on the financial statements being matters pertaining to M/s **Orissa Minerals Development Company Limited**requiring emphasis by us. Our opinion is not modified in respect to these matters.

1. Note 6.2.4

During the year ended 31 March 2026, the Company reviewed the accounting treatment of stripping costs incurred following recommencement of mining operations in December 2023.

Upon review, it was found that the Company does not have any mechanism to distinguish whether any future economic benefit will be derived from this activity or not. Hence it was concluded that stripping costs aggregating to Rs.91.32 lakh, comprising Rs.13.46 lakh incurred during FY 2023-24 and Rs.77.86 lakh incurred during FY 2024-25, which had been capitalised under Capital Work-in-Progress / Mining Development Asset, should have been recognised as part of production cost and considered in the valuation of inventories in the respective periods.

Accordingly, the Company has corrected the error retrospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors. Comparative financial statements for FY 2023-24 and FY 2024-25 and the related Balance Sheet balances have been restated.

Impact on FY 2023-24

Stripping cost of Rs.13.46 lakh incurred during the year 2023-24 has been recognised as production cost instead of Capital Work-In-Progress and necessary effect thereof has been given by restating the opening balances of assets, liabilities and equity for the year 2024-25 wherever necessary. Due to such correction, the Inventory has been increased by Rs.13.46 lakh and the Capital Work-In-Progress has been reduced to the extent of Rs.13.46 lakh.

Impact on FY 2024-25

Stripping cost of Rs.77.86 lakh incurred during the year 2024-25 has been recognised as production cost instead of being capitalised to Intangible Asset and necessary effect thereof has been given by restating the comparative amounts for the year 2024-25. Due to such correction, in profit & loss account for the year 2024-25,Other Expenses has been increased by Rs.77.86 lakh, Depreciation and Amortisation has been reduced by Rs.4.86 lakh, Change-In-Inventory has been increased by Rs.49.83 lakh, resulting in an increase of Rs.23.17 lakh in Loss Before Tax. Further, Deferred Tax has been increased by Rs.1.65 lakh, resulting in an increase of Rs.21.52 lakh in Loss After Tax for which, the Basic and Diluted Earnings per Share has been reduced by Rs.0.36. For such correction in Profit & Loss Account, Intangible Assets/ Mining Development Asset has been reduced by Rs.86.46 lakh, Closing Inventory has been Increased by Rs.63.29 lakh, Deferred Tax Asset has been increased by Rs.1.65 lakh and Other Equity has been reduced by Rs.21.52 lakh as on 31.03.2025.

2.Note 28

During the year, pursuant to the Order dated 08.05.2026 of the Hon'ble Supreme Court of India dismissing the Special Leave Petitions filed by the Company in the matter of arbitration award

in favour of Jai Balaji Industries Limited, the Company has reassessed the Liability and recognised an additional provision of Rs.863.77 lakh during FY 2025–26. Accordingly, the total provision standing as at 31.03.2026 amounts to Rs.1740.99 lakh including earlier provision of Rs.877.22 lakh. Though the event has occurred after the reporting period, provision has been made as the judgement was received before signing of financial statements as per Ind AS 10.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report:

Key Audit Matter	How our audit addressed the Key Audit Matter
Accounting for stripping costs in surface mining operations (Refer Note 6.2.4) The determination of whether stripping costs incurred during the production phase are attributable to current-period production (and hence expensed / inventoried) or generate improved access to ore in future periods (and hence capitalised as a stripping activity asset) involves significant technical judgement under Appendix B to Ind AS 16 read with Ind AS 2. During the year, the Company revised its accounting treatment and retrospectively restated comparative information under Ind AS 8. Given the judgement involved, the restatement and the pervasive effect on mining assets, inventories and results, we considered this a key audit matter.	Our procedures included, among others: obtaining an understanding of the process and controls over identification and allocation of stripping costs; evaluating the Company's accounting policy against the requirements of Appendix B to Ind AS 16 and Ind AS 2; examining mine plans and technical assessments supporting the attribution of stripping activity to current-year production; testing, on a sample basis, the composition and measurement of stripping costs; evaluating the appropriateness and computation of the retrospective restatement, including consequential adjustments to inventory valuation, depreciation and deferred tax; and assessing the adequacy of the related disclosures under Ind AS 8.
Litigations, claims and provisions, including the demand under the MMDR Act, 1957 and the arbitration award (Refer Notes 20.1 and 36) The Company is subject to significant litigations and claims, including a demand of Rs. 86,157.12 lakh towards penalty for excess mining (excluding interest) and interest	Our procedures included, among others: obtaining an understanding of the process and controls over identification and evaluation of litigations and claims; reading the underlying demands, orders (including the Order of the Hon'ble Supreme Court dated 8 May 2026) and correspondence; obtaining and evaluating

thereon of Rs. 1,16,793.88 lakh under the MMDR Act, 1957, pending before the Hon'ble Supreme Court, and the arbitration matter with Jai Balaji Industries Limited in respect of which an aggregate provision of Rs. 1,740.99 lakh is outstanding. The assessment of the probability of outflow, and of whether a matter requires provision or disclosure as a contingent liability under Ind AS 37 (and treatment of subsequent events under Ind AS 10), involves significant management judgement and has a material bearing on the standalone financial statements.	management's assessment of the likely outcome, evaluating the recognition and measurement of provisions and the classification of matters as contingent liabilities under Ind AS 37 and Ind AS 10; and assessing the adequacy of the related disclosures in Note 36 to the standalone financial statements.

Other Information

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the "Annual Report" (as defined in CAS 720), but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and the other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance

of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Standards on Auditing ('SAs'), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty

exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Company to express an opinion on the standalone financial statement. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the standalone financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the company and such other entities included in the standalone financial statements of which we are the independent auditors, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence; and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government of India in terms of Section 143(11) of the Companies Act 2013, we give in **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

2. We have complied with the Directions and Sub-Direction given by the Comptroller & Auditor General of India under section 143(5) of the Act while conducting the audit, and on the basis of information and explanations given to us in this regard by the Company, we give in **Annexure B** to this report, a statement on the matters specified in such Directions and Sub-Directions.

3. As required by Section 143 (3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, Statement of Profit and Loss including Statement of Other Comprehensive Income, Statement of Change in Equity, and Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone Ind-AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015 as amended.

   e) Being a Government Company pursuant to the Notification No. GSR463(E)dated 5th June 2015 issued by the Ministry of Corporate Affairs, Government of India, provisions of sub-section (2) of section 164 of the Act, are not applicable to the company.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we refer to our separate report in Annexure C; and

   g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 36 to the Standalone Ind AS financial statements.

      b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE - B

TO THE INDEPENDENTAUDITOR'S REPORT

Report on the Directions by the Comptroller & Auditor General of India (C&AG) under section 143(5) of the Companies Act, 2013 for the Financial Year 2025-26

SI No.	CAG's directions	Reply
I.	Assess the fair valuation of all the investments, both quoted and unquoted, made directly by the Company or through Trusts, for Post-retirement benefits of the employees. This includes verifying valuation methodologies, ensuring consistency with Ind AS and reviewing supporting documentation. The auditor shall provide a brief note on the valuation approach, its reasonability, and compliance with applicable regulations, reporting any material deviations or misstatements.	The Company has the following post-retirement benefit obligations: • Gratuity – Funded with LIC under a Group Gratuity Scheme • Provident Fund – Company contributes directly to EPFO • Leave Encashment – Unfunded; provisioned based on actuarial valuation • Half Pay Leave – Unfunded; provisioned based on actuarial valuation Leave Encashment & Half Pay Leave are unfunded obligations. Provision has been made in the books based on independent actuarial valuation using the Projected Unit Credit Method (PUCM), as prescribed under Ind AS 19 As these benefits are not backed by any specific investments, fair valuation of investments is not applicable. The Company has subscribed to a Group Gratuity Scheme with Life Insurance Corporation (LIC). Contributions are made annually as per the actuarial valuation report provided by LIC. The investments relating to the Gratuity Fund are managed by LIC, and the Company does not have direct control or visibility over the underlying assets or valuation methodology. Since LIC manages the funds under a pooled arrangement, specific fair valuation of investments is not available. However, reliance is placed on LIC's valuation and solvency, which is a generally accepted practice under Ind AS 19. PF contributions are compliant with EPF Act, 1952, and no separate trust exists.

ANNEXURE- C
TO THE INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF

THE ORISSA MINERALS DEVELOPMENT COMPANY LIMITED

[Referred to in paragraph 3 (f) under head Report on Other Legal and Regulatory Requirements of the Auditors' Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –sections 3 of Section 143 of the Companies Act, 2013("the Act")

We have audited the internal financial controls over financial reporting of **The Orissa Minerals Development Company Limited** ("the Company") as of 31stMarch, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

The Company's management is responsible for establishing and maintaining Internal Financial Controls based on the internal control over Financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable Financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an

understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over Financial Reporting.

Meaning of Internal Financial Control over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statement for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

1) Pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) Provide reasonable assurance that the transactions are recorded as necessary to permit preparation of standalone financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of company; and
3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statement.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

According to the information and explanation given to us and based on our audit, the following material weakness has been identified as at 31st March 2026.

1. Company does not have an adequate internal control system for inventory management, particularly in respect of physical verification of inventory on monthly basis by the stores department and on quarterly basis by internal audit team as well as reconciliation with stock records with physical balance. However physical verification of inventories was conducted at the year end and reconciled with stock records.

2. The Company does not have adequate internal control system in respect of insurance for high value assets and stores inventory as insurance policy on high value items were expired and not renewed, further insurance on store inventory was not made.
3. The Company does not have an adequate internal control system, commensurate with the size and nature of its operations, in respect of budgetary controls and authorisation of expenditure as the Company has not formulated or implemented an approved Annual Budget, including a Capital Expenditure Budget, for the period under audit, though the Company's control framework requires all purchases to be made in accordance with a pre-approved Annual Budget, Purchase Orders to be issued within the budgetary limits assigned for the respective expenditure heads, and fixed asset acquisitions to be initiated on the basis of an approved Capital Expenditure Budget routed through the designated approval hierarchy comprising the concerned Departmental Head, Head Office Finance Department and the Managing Director/Director.
4. The Company had not established an adequate internal control over the identification, allocation and accounting of stripping costs incurred during the production phase of its surface mining operations. The documented policy, technical methodology and control mechanism is absent to distinguish stripping costs attributable to current-period production from those eligible for capitalisation as a stripping activity asset in accordance with Appendix B to Ind AS 16 read with Ind AS 2.
5. The Company does not have an adequate internal control system for obtaining periodic/year-end balance confirmation of trade receivables, trade payables and other parties and for reconciliation of such party-wise balances with respective balances in books of account.

Qualified Opinion

In our opinion, except for the effects/possible effects of the material weakness described above on the achievement of the objectives of the control criteria the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

All assets and liabilities have been classified as current or noncurrent as per Company's operating cycle and other criteria set out in Schedule-III of the Companies Act 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of Current-noncurrent classification of assets and liabilities.

The Company has adopted all the issued Ind ASs and such adoption was carried out in accordance with Ind AS 101- First Time Adoption of Indian Accounting Standards. The Company has transited from Indian GAAP which is its previous GAAP, as defined in Ind AS 101.

The effect on reported financial position and financial performance of the Company on transition to Ind AS has been provided in Note 37 of Ind AS Opening Balance Sheet as on April 01, 2015, which also includes reconciliations of total equity and total comprehensive income for comparative years under Indian GAAP to those reported for respective years under Ind AS.

The financial statements have been prepared on historical cost basis, except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosures in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 – Share based Payments, leasing transactions that are within the scope of Ind AS 17 - Leases, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

4.2. Property, Plant and Equipment

Property, plant and equipment held for use in the production or/ and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Initial Measurement

The initial cost at cash price equivalent of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, any directly attributable costs of bringing the assets to its working condition and location and present value of any asset restoration obligation or obligatory decommissioning costs for its intended use.

Expenditure incurred on development of freehold land is capitalized as part of the cost of the land.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of overheads, directly attributable borrowing costs.

Subsequent expenditure

Subsequent expenditure on day- to- day servicing of an item of property, plant and equipment is recognised in profit or loss as incurred. However, expenditure on major maintenance or repairs including cost of replacing the parts of assets and overhaul costs where it is probable that future economic benefits associated with the item will be available to the Company, are capitalised and the carrying amount of the item so replaced is derecognised.

Insurance spares that are specific to a fixed asset and valuing more than Rs. 1 lakh per unit are capitalised along with the main assets. All other spares are recognised as inventory, except for spares which are having a useful life greater than a year and can to be identified as components in an asset are capitalised.

Capital work-in-progress

Assets in the course of construction for production or/and supply of goods or services or administrative purposes, or for purposes not yet determined, are included under capital work in progress and are carried at cost, less any recognised impairment loss.Cost includes professional fees and for qualifying asset, borrowings costs capitalised in accordance with the Company's accounting policy. Such capital work in progress, is transferred to the appropriate category of

property, plant and equipment when completed or starts operating as per management's intended use.

Costs associated with the commissioning of an asset are capitalised where the asset is available for use but incapable of operating at normal levels until a period of commissioning has been completed.

Depreciation

Depreciation on assets are provided over their estimated useful lives or, in the case of leased assets (including leasehold improvements), over the lease term if shorter. The lease period is considered by excluding any lease renewals options, unless the renewals are reasonably certain. Depreciation on assets are provided on a straight line basis over the useful life of the asset in the manner prescribed under Schedule II of the Companies Act, 2013.

The estimated useful lives and residual values are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis. Each component of an item of property, plant and equipment with a cost that is significant in relation to the total cost of that item is depreciated separately if its useful life differs from the others components of the asset.

Property, plant and equipment which are subject to componentisation, comprises of main assets, componentised assets and remainders, if any. The useful life of remainders carry the life of main assets unless the same based on technical evaluation is considered to be lower than that of the main asset, in which case, such lower useful life is considered.

The residual value of property, plant and equipment are maintained at 5% of the original cost.

Subsequent expenditure related to an item of property, plant and equipment is prospectively depreciated over the revised useful life of respective assets.

The estimated range of useful lives are as follows:	**Years**
Buildings	30 – 60
Plant and machinery	8 - 10
Railway Siding	15
Motor Vehicles	8
Furniture and fixtures	10
Computers	3- 10

Freehold land is not depreciated

Depreciation commences when the assets are ready for their intended use. Depreciated assets on property, plant and equipment and accumulated depreciation thereon are retained fully until they are derecognised or classified as non-current assets held for sale.

Disposal of assets

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognized as of 1 April, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.3. Intangible Assets

Intangible assets acquired separately

Intangible assets acquired are reported at cost less accumulated amortisation and accumulated impairment losses. Intangible assets having finite useful life are amortised over their estimated useful lives/unit-of-production basis over the total estimated remaining commercial reserves of mining property. The estimated useful life and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Mining Rights

The costs of mining rights includes amounts paid for afforestation and wild life conservation as determined by the regulatory authorities are capitalised as “Mining rights” in the year in which they are incurred. Cost of pre-production primary development expenditure other than land, buildings, plant and equipment are capitalised as part of the cost of the mining property until the mining property is capable of commercial production. Capitalised mining properties are amortised on a unit-of-production basis over the total estimated remaining commercial reserves of mining property and are subject to impairment review.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the statement of profit and loss when the asset is derecognised.

Amortization

The estimated useful lives for the main categories of intangibles assets having finite useful life are as follows:

(a) Acquired computer software are classified as intangible assets and carries a useful life of 4 years.

(b) Mining Rights are treated as Intangible Assets and all related costs thereof are amortized using the unit of production basis over the Commercial recoverable reserves.

In case of Mining Rights are not renewed, the balance related cost paid is charged to revenue in the year of decision of non-renewal.

Acquisition Cost i.e cost associated with acquisition of licenses, and rights to explore including related professional fees, payment towards statutory forestry clearances as and when incurred are treated as addition to the Mining rights

Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognized as of 1 April, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.4. Impairment

Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit and loss.

4.5. Investments in joint ventures

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Investment in joint ventures are accounted for at cost.

4.6. Provisions and contingencies

Provisions

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flows to settle the present obligation, its carrying amount is the present value of those cash flows. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability.

a. Restoration, rehabilitation and decommissioning

An obligation to incur restoration, rehabilitation and environmental costs arises when environmental disturbance is caused by the development or ongoing production of a mine and other manufacturing facilities. Such costs, discounted to net present value, are provided for and a corresponding amount is capitalised at the start of each project, as soon as the obligation to incur such costs arises. These costs are charged to the statement of profit or loss over the life of the operation through the depreciation of the asset and the unwinding of the discount on the provision. The cost estimates are reviewed periodically and are adjusted to reflect known developments which may have an impact on the cost estimates or life of operations. The cost of the related asset is adjusted for changes in the provision due to factors such as updated cost estimates, changes to lives of operations, new disturbance and revisions to discount rates. The adjusted cost of the asset is depreciated prospectively over the lives of the assets to which they relate. The unwinding of the discount is shown as finance and other cost in the statements of profit or loss.

b. Environmental liabilities

Environment liabilities are recognised when the Company becomes obliged, legally or constructively to rectify environmental damage or perform remediation work.

c. Litigation

Provision is recognised once it has been established that the Company has a present obligation based on consideration of the information which becomes available up to the date on which the Company's financial statements are finalised and may in some cases entail seeking expert advice in making the determination on whether there is a present obligation.

Contingent Liabilities

Contingent liabilities arising from past events the existence of which would be confirmed only on occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Company or contingent liabilities where there is a present obligations but it is not probable that economic benefits would be required to settle the obligations are disclosed in the financial statements unless the possibility of any outflow in settlement is remote.

Contingent Assets

Contingent assets are not recognized in the financial statement, but are disclosed where an inflow of economic benefits is probable.

4.7. Leasing

At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

The Company as lessor

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

The Company as lessee

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

4.8. Inventories

Inventory of raw material, stores and spares are valued at cost net of CENVAT/ VAT credit wherever applicable. Cost is determined on moving weighted average price on real time basis.

Inventories of finished goods, semi-finished goods and work in process are valued at lower of cost and net realizable value. Cost is generally determined at first in first out basis (FIFO) and includes appropriate share of labour and related overheads. Net realizable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Net realizable value is taken as per the latest available price provided by IBM.

Provision is made for old/ obsolete/ surplus/ non- moving inventories as well as other anticipated losses considered wherever necessary.

Where physical stock is more than the book stock, book stock is considered for valuation of stock. However, surplus stock is valued at Re. 1 per LOT for the surplus stock available as on the date of closing.

The statutory duties and levies payable on closing stock of finished goods at the time of sale is not considered in valuation of closing stock.

4.9. Trade receivable

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If collection is expect to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business if longer), they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component in accordance with Ind AS 18 (or when the entity applies the practical expedient) or pricing adjustments embedded in the contract.

Loss allowance for expected life time credit loss is recognised on initial recognition.

4.10. Financial Instruments

All financial assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the timeframe established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified as at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

Classification of financial assets

Financial assets are classified as 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer (under Ind AS 32 Financial Instruments: Presentation). All other non-derivative financial assets are 'debt instruments'.

Financial assets at amortized cost and the effective interest method

Debt instruments are measured at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at amortised cost using the effective interest method less any impairment, with interest recognised on an effective yield basis in investment income.

Financial assets at fair value through other comprehensive income (FVTOCI)

Debt instruments are measured at FVTOCI if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and selling assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognised in the statement of profit and loss in investment income. When the debt instrument is derecognised the cumulative gain or loss previously recognised in other comprehensive income is reclassified to the statement of profit and loss account as a reclassification adjustment.

At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investments revaluation reserve. Where the asset is disposed of, the cumulative gain or loss previously accumulated in the investments revaluation reserve is directly reclassified to retained earnings.

For equity instruments measured at fair value through other comprehensive income no impairments are recognised in the statement of profit and loss.

Dividends on these investments in equity instruments are recognised in the statement of profit and loss in investment income when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity; and the amount of the dividend can be measured reliably.

Financial assets at FVTPL

Financial assets that do not meet the criteria of classifying as amortised cost or fair value through other comprehensive income described above, or that meet the criteria but the entity has chosen to designate as at FVTPL at initial recognition, are measured at FVTPL.

Investments in equity instruments are classified as at FVTPL, unless the Company designates an investment that is not held for trading at FVTOCI at initial recognition.

Financial assets classified at FVTPL are initially measured at fair value excluding transaction costs.

Financial assets at FVTPL are subsequently measured at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss. The net gain or loss recognised in the statement of profit and loss is included in the 'other gains and losses' line item.

Interest income on debt instruments at FVTPL is included in the net gain or loss described above.

Dividend income on investments in equity instruments at FVTPL is recognised in the statement of profit and loss in investment income when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity; and the amount of the dividend can be measured reliably.

Trade receivables, loans and other receivables are classified as subsequently measured at amortised cost. Trade and other receivables which does not contain any significant financing component are stated at their transaction value as reduced by impairment losses, if any.

Loans and other receivables are subsequently measured at amortized cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate (EIR) method.

Impairment of financial assets

On initial recognition of the financial assets, a loss allowance for expected credit loss is recognised for debt instruments at amortised cost and FVTOCI. For debt instruments that are measured at FVTOCI, the loss allowance is recognised in other comprehensive income in the statement of profit and loss and does not reduce the carrying amount of the financial asset in the balance sheet.

Expected credit losses of a financial instrument is measured in a way that reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

At each reporting date, the Company assess whether the credit risk on a financial instrument has increased significantly since initial recognition.

When making the assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. If, the credit risk on that financial instrument has increased significantly since initial recognition, the Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the statement of profit and loss.

Derecognition of financial assets

The Company derecognises a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in

other comprehensive income is recognised in the statement of profit and loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities and equity instruments issued by the Company

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been acquired or incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and for which there is evidence of a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may also be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 Financial Instruments permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss, except for the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability which is recognised in other comprehensive income.

The net gain or loss recognised in the statement of profit and loss incorporates any interest paid on the financial liability.

Other financial liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at their transaction cost, which is its fair value, and subsequently measured at amortised cost.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

4.11. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less.

4.12. Accounting for government grants

Government grants are recognized when there is reasonable assurance that we will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in the statement of profit and loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognized in the balance sheet by setting up the grant as deferred income.

Other government grants (grants related to income) are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of providing immediate financial support with no future related costs are recognized in the statement of profit and loss in the period in which they become receivable.

Grants related to income are presented under other income in the statement of profit and loss except for grants received in the form of rebate or exemption which are deducted in reporting the related expense.

4.13. Employee Benefits

Retirement benefit, medical costs and termination benefits

A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement and medical plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds. In countries where there is a deep market in high-quality corporate bonds, the market rate on those bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation are used.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss. Past service cost is recognised in the statement of profit and loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Remeasurement.

The Company presents the first two components of defined benefit costs in the statement of profit and loss in the line item employee benefits expense. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

The Company provides retiring benefits in the nature of provident fund, superannuation and gratuity to its employees.

Obligations for contribution to provident fund and superannuation fund are classified as defined contribution plans whereas retiring gratuity is classified as defined benefit plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to their present value.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Other long-term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date. The expected costs of these benefits are accrued over the period of employment using the same accounting methodology as used for defined benefit retirement plans. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the period in which they arise. These obligations are valued annually by independent qualified actuaries.

The Company is providing benefits in the nature of compensated absences to its employees which are classified as other long-term employee benefits.

4.14. Income Taxes

Tax expense represents the sum of current tax and deferred tax.

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the reporting date and includes any adjustment to tax payable in respect of previous years. Subject to exceptions below, deferred tax is provided, using the balance sheet method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes:

- tax payable on the future remittance of the past earnings of subsidiaries where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future; and
- deferred tax assets are recognised only to the extent that it is more likely than not that they will be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Tax relating to items recognized directly in other comprehensive income is recognised in the statement of comprehensive income and not in the statement of profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

4.15. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenues are reduced for estimated rebates and other similar allowances.

Sales of Goods

The Company derives revenue principally from sale of iron, manganese and sponge iron. Presently Bagiaburu Iron Ore Mines is in operation. Revenue is generated from sale of finished goods from this mine as well as sale of indisposed old stock of Bhadrasai Mines.

Income from dividend, interest and rents

Dividend

Dividends income from investments are to be recognised when the right to receive the dividend is established.

Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest

income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Consideration received from the authorities for use of a part of the available facilities of the Company is recognized as revenue in the year of receipt/ realization.

Claims are accounted for in the statement of Profit and Loss based on certainty of their realization.

4.16. First time adoption- mandatory exceptions, optional exemptions

4.16.1 Overall principle

The Company has prepared the opening balance sheet as per Ind AS of 1 April, 2015 (the transition date) by recognizing all assets and liabilities whose recognition is required by Ind AS, not recognizing items of assets and liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognized assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below:

4.16.2 Derecognition of financial assets and financial liabilities

The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 1 April, 2015 (the transition date).

4.16.3 Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

4.16.4 Impairment of financial assets

The Company has applied the impairment requirements of ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognized in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

4.16.5 Assessment of embedded derivatives

The Company has assessed whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative on the basis of the conditions that existed at the later of the date it first became a party to the contract and the date when there has been a change in the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract.

4.16.6 Deemed cost for property, plant and equipment and intangible assets

The Company has elected to continue with the carrying value of all of its plant and equipment and intangible assets recognized as of 1 April, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.16.7 Determining whether an arrangement contains a lease

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a lease to determine whether an arrangement existing at the date of transition date contains a lease on the basis of facts and circumstances existed at that date.

5. Critical accounting judgements and key sources of estimation uncertainty:

In the application of the Company's accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

5.1. Critical judgements in applying accounting policies:

The following are the critical judgements, apart from those involving estimations (see note 4.2 below), that the management have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements:

5.1.1. Financial assets at amortized cost: -

The management has reviewed the Company's financial assets at amortised cost in the light of its business model and have confirmed the Company's positive intention and ability to hold these financial assets to collect contractual cash flows. The carrying amount of these financial assets is Rs. 83,361.64 Lakhs (March 31, 2016: Rs. 82,161.97 Lakhs). Details of these assets are set out in note 33.

5.1.2. Provision for Restoration and rehabilitation of mining sites: -

Provisions are recognised for costs associated with restoration and rehabilitation of mining sites as soon as the obligation to incur such costs arises. Such restoration and closure costs are typical of extractive industries and they are normally incurred at the end of the life of the mines. The costs are estimated on the basis of mine closure plans and the estimated discounted costs of dismantling and removing these facilities and the costs of restoration are capitalized when incurred reflecting the Company's obligations at that time.

A corresponding provision is created on the liability side. The capitalized asset is recognized in the Statement of Profit or Loss over the life of the asset through depreciation over the life of the operation and the provision is increased each period through unwinding the discount on the provision. Management estimates are based on local legislation and/or other agreements. The actual costs and cash outflows may differ from estimates because of changes in laws and regulations, changes in prices, analysis of site conditions and changes in restoration technology.

5.1.3. Ore reserve and mineral resource estimates

The Company estimates and reports ore reserves under the principles contained within the guidelines issued by the Indian Bureau of Mines (IBM) – including:

- Future production estimates – which include proved and probable reserves, resource estimates and committed expansions.

5.1.4. Deferred stripping expenditure

The Company defers stripping (waste removal) costs incurred during the production phase of its operations. This calculation requires the use of judgements and estimates relating to the expected tonnes of waste to be removed over the life of the mining area and the expected economically recoverable reserves to be extracted as a result. This information is used to calculate the average life of mine strip ratio (expected waste to expected mineral reserves ratio). Changes in a mine's life and design will usually result in changes to the average life of mine strip ratio. These changes are accounted for prospectively.

5.2. Key sources of estimation uncertainty:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

5.2.1. Useful lives of property, plant and equipment:

As described in note 4.2 above, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. However, since the lease of mines have expired and not renewed till date, the company is not in a position to review and assess the useful life of the assets constructed over such leases.

5.2.2. Fair value measurements and valuation processes:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an assets or a liability, the company uses market-observable data to the extent it is available. Where level 1 input is not available, the company engages third party qualified valuers to perform the valuation.

6.2.2. Building , Road, Rly. Siding and other permanent structure constructed on mining lease have been depreciated as per the rate prescribed in Schedule - II of the Companies Act, 2013 and not ammortised over the mining lease period.

6.2.3. Payment towards NPV, IBM processing fees and interest on inter corporate loan availed from RINL for the above purposes are considered as expenses towards Mining Rights and kept as capital work in progress in FY 2025-26.

6.2.4. **Correction of Prior Period Error**.

During the year ended 31 March 2026, the Company reviewed the accounting treatment of stripping costs incurred following recommencement of mining operations in December 2023.

Upon review, it was found that the company does not have any mechanism to distinguish whether any future economic benefit will be derived from this activity. Hence it was concluded that stripping costs aggregating to Rs.91.32 lakh, comprising Rs.13.46 lakh incurred during FY 2023-24 and Rs.77.86 lakh incurred during FY 2024-25, which had been capitalised under Capital Work-in-Progress / Mining Development Asset, should have been recognised as part of production cost and considered in the valuation of inventories in the respective periods.

Accordingly, the Company has corrected the error retrospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors. Comparative financial statements for FY 2023-24 and FY 2024-25 and the related Balance Sheet balances have been restated.

Impact on FY 2023-24

Stripping cost of Rs.13.46 lakh incurred during the year 2023-24 has been recognised as production cost instead of Capital Work-In-Progress and necessary effect thereof has been given by restating the opening balances of assets, liabilities and equity for the year 2024-25 wherever necessary. Due to such correction, the Inventory has been increased by Rs.13.46 lakh and the Capital Work-In-Progress has been reduced to the extent of Rs.13.46 lakh.

Impact on FY 2024-25

Stripping cost of Rs.77.86 lakh incurred during the year 2024-25 has been recognised as production cost instead of being capitalised to Intangible Asset and necessary effect thereof has been given by restating the comparative amounts for the year 2024-25. Due to such correction, in profit & loss account for the year 2024-25, Other Expenses has

been increased by Rs.77.86 lakh, Depreciation and Amortisation has been reduced by Rs.4.86 lakh, Change-In-Inventory has been increased by Rs.49.83 lakh, resulting in an increase of Rs.23.17 lakh in Loss Before Tax. Further, Deferred Tax has been increased by Rs.1.65 lakh, resulting in an increase of Rs.21.52 lakh in Loss After Tax for which, the Basic and Diluted Earnings per Share has been reduced by Rs.0.36. For such correction in Profit & Loss Account, Intangible Assets/ Mining Development Asset has been reduced by Rs.86.46 lakh, Closing Inventory has been Increased by Rs.63.29 lakh, Deferred Tax Asset has been increased by Rs.1.65 lakh and Other Equity has been reduced by Rs.21.52 lakh as on 31.03.2025.

14.1.a) OMDC had been operating the BPMEL mines up to 2010 and extracting minerals under a Power of Attorney arrangement, wherein OMDC was the beneficial owner of the mining leases. The Hon'ble Supreme Court, vide its judgment dated 17 May 2024 in the matter relating to renewal of the BPMEL mining leases filed by the Government of Odisha, upheld the judgment and order of the Hon'ble High Court of Orissa passed in Writ Petition No. 1852 of 2010, thereby rejecting OMDC's request for renewal of the Kolha-Roida lease. Further, the Hon'ble Supreme Court clarified that the applications filed and pending for renewal of the Thakurani and Dalki leases shall be treated as rejected/dismissed.

Subsequently, OMDC filed a Review Petition on 8 July 2024 against the aforesaid judgment, which was also rejected by the Hon'ble Supreme Court on 21 May 2025. Accordingly, the stock lying in the Kolha-Roida, Thakurani and Dalki areas of BPMEL (currently under liquidation) has been valued at Re. 1.00 in the books of accounts of OMDC.

b) Iron Ore: In respect of Thakurani, the book stock of iron ore lying at Thakurani mines is 1,77,337.347 MT which includes Belkundi stock at Thakurani 55253.626 MT, stock at railway siding 1742.821 MT, stock at Thakurani crusher plant 96038.68 MT, stock at BhadrasahiRoida 21897.34 and KolhaRoida 2404.88 MT , whereas the corresponding

quantity as per i3MS (Government Portal) records is 1,64,818.333 MT. The variation is attributable to non-updation of data in the i3MS portal due to sudden stoppage of mining operations. The said stock has been valued at Re. 1.00 in the books of accounts of OMDC as the mines cannot be operated by OMDC pursuant to the aforesaid Hon'ble Supreme Court Order.

c) Iron Ore: At Bhadrasai mines, excess quantity of iron ore amounting to 65,186.450 MT, having Fe content below 58%, was reported by the independent physical verifier. The said quantity is not reflected in the Government portal, i.e., i3MS. The difference is attributable to non-updation of data in the i3MS portal due to sudden stoppage of mining activities in the mines.

d) Iron Ore: Physical verification of iron ore stock at Thakurani mines and Railway Siding-2 was conducted by an independent external verifier. The physical stock was found to be 1,22,076.489 MT (comprising 96,035.74 MT at Thakurani Crusher Plant, 21,893.991 MT at Bhadrasahi-Roida, 2,404.847 MT at Kolha-Roida and 1,741.911 MT at Railway Siding-2) against the corresponding book stock of 1,22,083.721 MT (comprising 96,038.68 MT at Thakurani Crusher Plant, 21,897.34 MT at Bhadrasahi-Roida, 2404.88 MT at Kolha-Roida and 1,742.821 MT at Railway Siding-2), resulting in a difference of 7.232 MT. Physical verification of iron ore stock at Railway Siding-2 could not be carried out as the materials are lying scattered and buried under the railway platform and tracks. The book balance of such material at Railway Siding-2 amounting to 16,998.140 MT has been carried forward from earlier years.Further, there is a difference of 3,746.869 MT between the aggregate book stock of 1,39,081.861 MT (Thakurani crusher plant 96038.68 MT, Bhadrasahi Roida 21897.34 MT, Kolharoida 2404.88 MT, and Railway Sidings-2 18740.961 MT) and the i3MS stock of 1,42,828.733 MT, which is attributable to spillage and wastage in the non-operational mines since December 2009.The entire book stock of 1,39,081.861 MT has been valued at Re. 1.00 in the books of accounts of OMDC as the mines cannot be operated by OMDC pursuant to the aforesaid Hon'ble Supreme Court Order.

e)Manganese: At Bhadrasahi mines, the book stock of manganese ore is 3,336.621 MT as against physical stock of 3,332.948 MT. At Belkundi mines, the book stock is 5,502.322 MT as against physical stock of 5,501.170 MT. Due to sudden stoppage of mining activities, the corresponding quantities could not be updated in the i3MS portal, wherein the quantities reflected are 458.530 MT and 4,866.270 MT respectively.

f) Manganese: At Thakurani mines, the book stock of manganese ore is 14,415.896 MT as against physical stock of 14,414.013 MT. Due to sudden stoppage of mining activities, the corresponding quantity reflected in the i3MS portal could not be updated and stands at 2,845.494 MT. The entire book stock has been valued at Re. 1.00 in the books of accounts of OMDC as the mines cannot be operated by OMDC pursuant to the aforesaid Hon'ble Supreme Court Order.

14.2. Store Stocks includes stationary items (Rs. 0.21 Lakhs), medicines(Rs. 0.05 Lakhs), parts of sponge iron plant(Rs. 21.45 Lakhs) and various parts and accessories of mining equipenent (Rs. 76.38 Lakhs). Broad Gauge line stores (Rs. 43.87 Lakhs) item are also included in stores stock.

14.3. Valuation of Inventory has been made based on Average Sales Price published by IBM and cost price which ever is lower on book stock.

14.4. Raw material stock comprising coal and dolomite lying at the Sponge Iron Plant (which has remained closed since the year 2010) has been valued at cost amounting to Rs. 47.41 lakhs. The quantity of coal and dolomite is 2,764.768 MT and 18.790 MT respectively, with corresponding values of Rs. 47.18 lakhs and Rs. 0.23 lakhs. Physical verification of the aforesaid raw materials, including both quantity and quality, was carried out by an independent verifier and no discrepancy was observed. Raw material stock also includes 79.526 MT mixed coal fines lying at Sponge Iron Plant which has been valued at Re. 1.00 in the books of accounts of OMDC. On physical verification stock of mixed coal fines is 79.106 MT. The difference is attributable to natural climatic causes.

14.5. Correction of Prior Period Error :

During the year ended 31 March 2026, the Company reviewed the accounting treatment of stripping costs incurred following recommencement of mining operations in December 2023.

Upon review, it was found that the company does not have any mechanism to distinguish whether any future economic benefit will be derived from this activity. Hence it was concluded that stripping costs aggregating to Rs.91.32 lakh, comprising Rs.13.46 lakh incurred during FY 2023-24 and Rs.77.86 lakh incurred during FY 2024-25, which had been capitalised under Capital Work-in-Progress / Mining Development Asset, should have been recognised as part of production cost and considered in the valuation of inventories in the respective periods.

Accordingly, the Company has corrected the error retrospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors. Comparative financial statements for FY 2023-24 and FY 2024-25 and the related Balance Sheet balances have been restated.

Impact on FY 2023-24

Stripping cost of Rs.13.46 lakh incurred during the year 2023-24 has been recognised as production cost instead of Capital Work-In-Progress and necessary effect thereof has been given by restating the opening balances of assets, liabilities and equity for the year 2024-25 wherever necessary. Due to such correction, the Inventory has been increased by Rs.13.46 lakh and the Capital Work-In-Progress has been reduced to the extent of Rs.13.46 lakh.

Impact on FY 2024-25

Stripping cost of Rs.77.86 lakh incurred during the year 2024-25 has been recognised as production cost instead of being capitalised to Intangible Asset and necessary effect thereof has been given by restating the comparative amounts for the year 2024-25. Due to such correction,

in profit & loss account for the year 2024-25, Other Expenses has been increased by Rs.77.86 lakh, Depreciation and Amortisation has been reduced by Rs.4.86 lakh, Change-In-Inventory has been increased by Rs.49.83 lakh, resulting in an increase of Rs.23.17 lakh in Loss Before Tax. Further, Deferred Tax has been increased by Rs.1.65 lakh, resulting in an increase of Rs.21.52 lakh in Loss After Tax for which, the Basic and Diluted Earnings per Share has been reduced by Rs.0.36. For such correction in Profit & Loss Account, Intangible Assets/ Mining Development Asset has been reduced by Rs.86.46 lakh, Closing Inventory has been Increased by Rs.63.29 lakh, Deferred Tax Asset has been increased by Rs.1.65 lakh and Other Equity has been reduced by Rs.21.52 lakh as on 31.03.2025.

For the year 2023-24 the company made a nominal profit, however no dividend was declared by the company due to negative free reserves. For the year 2025-26, dividend was not paid due to negative free reserves and inadequate funds.

17.4 Correction of Prior Period Error

During the year ended 31 March 2026, the Company reviewed the accounting treatment of stripping costs incurred following recommencement of mining operations in December 2023.

Upon review, it was found that the company does not have any mechanism to distinguish whether any future economic benefit will be derived from this activity. Hence it was concluded that stripping costs aggregating to Rs.91.32 lakh, comprising Rs.13.46 lakh incurred during FY 2023-24 and Rs.77.86 lakh incurred during FY 2024-25, which had been capitalised under Capital Work-in-Progress / Mining Development Asset, should have been recognised as part of production cost and considered in the valuation of inventories in the respective periods.

Accordingly, the Company has corrected the error retrospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors. Comparative financial statements for FY 2023-24 and FY 2024-25 and the related Balance Sheet balances have been restated.

Impact on FY 2023-24

Stripping cost of Rs.13.46 lakh incurred during the year 2023-24 has been recognised as production cost instead of Capital Work-In-Progress and necessary effect thereof has been given by restating the opening balances of assets, liabilities and equity for the year 2024-25 wherever necessary. Due to such correction, the Inventory has been increased by Rs.13.46 lakh and the Capital Work-In-Progress has been reduced to the extent of Rs.13.46 lakh.

Impact on FY 2024-25

Stripping cost of Rs.77.86 lakh incurred during the year 2024-25 has been recognised as production cost instead of being capitalised to Intangible Asset and necessary effect thereof has been given by restating the comparative amounts for the year 2024-25. Due to such correction, in profit & loss account for the year 2024-25, Other Expenses has been increased by Rs.77.86 lakh, Depreciation and Amortisation has been reduced by Rs.4.86 lakh, Change-In-Inventory has been increased by Rs.49.83 lakh, resulting in an increase of Rs.23.17 lakh in Loss Before

Tax. Further, Deferred Tax has been increased by Rs.1.65 lakh, resulting in an increase of Rs.21.52 lakh in Loss After Tax for which, the Basic and Diluted Earnings per Share has been reduced by Rs.0.36. For such correction in Profit & Loss Account, Intangible Assets/ Mining Development Asset has been reduced by Rs.86.46 lakh, Closing Inventory has been Increased by Rs.63.29 lakh, Deferred Tax Asset has been increased by Rs.1.65 lakh and Other Equity has been reduced by Rs.21.52 lakh as on 31.03.2025.

24.1 OMDC had been operating the BPMEL mines up to 2010 and extracting minerals under a Power of Attorney arrangement, wherein OMDC was the beneficial owner of the mining leases. The Hon'ble Supreme Court, vide its judgment dated 17 May 2024 in the matter relating to renewal of the BPMEL mining leases filed by the Government of Odisha, upheld the judgment and order of the Hon'ble High Court of Orissa passed in Writ Petition No. 1852 of 2010, thereby rejecting OMDC's request for renewal of the Kolha-Roida lease. Further, the Hon'ble Supreme Court clarified that the applications filed and pending for renewal of the Thakurani and Dalki leases shall be treated as rejected/dismissed.

Subsequently, OMDC filed a Review Petition on 8 July 2024 against the aforesaid judgment, which was also rejected by the Hon'ble Supreme Court on 21 May 2025. Accordingly, the stock lying in the Kolha-Roida, Thakurani and Dalki areas of BPMEL (currently under liquidation) has been valued at Re. 1.00 in the books of accounts of OMDC.

32.2. Defined benefit plans

a) **Gratuity**: Payable on separation @ 15 days pay for each completed year of service to eligible employees who render continuous service of 5 years or more and maximum payable amount is calculated as per Gratuity Act. The gratuity amount is covered under "the Gratuity cum Life Insurance Scheme" with LIC of India and the provision on account of gratuity is being made as per the actuarial valuation.

These plans typically expose the group to risks such as actuarial risk, investment risk, interest risk, longevity risk and salary risk.

i. ***Actuarial risk***: It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

"Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date."

ii. ***Investment risk***: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

iii. ***Interest risk***: A decrease in interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan assets.

iv. ***Longevity risk***: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

v. ***Salary risk***: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

"No other post-retirement benefits are provided to these employees.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2026 by M/s. Kapadia Actuaries and Consultants, a firm with fellow of the Institute of Actuaries of India. The present value of defined benefit obligation and the related current service cost were measured using the projected unit credit method."

The fair value of the plan assets for India and overseas plan at the end of the reporting period for each category, are as follows:

	Fair value of plan assets as at	As at 31-03-26	As at 31-03-25
	Life Insurance of India (100%)	1,082.13	1,149.35
	Total	**1,082.13**	**1,149.35**

32.3. Sensitivity analysis of defined benefit plans

32.3.1 Significant acturial assumption for determination of defined benefit plan are discount rate, expected salary growth, attrition rate and mortality rate. The sensitivity analysis below has been based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period while holding all other assumptions constant.

32.3.2 Sensitivity analysis

Particulars	31-Mar-26		31-Mar-25	
	Gratuity		Gratuity	
	Increase	Decrease	Increase	Decrease
Impact on amount due to change in Discount rate (-/+0.5%)	(60.13)	(67.15)	55.79	60.22
% Change compared to base due to sensitivity [+/(-)%]	-2.17%	2.27%	-2.32%	2.43%
Impact on amount due to change in Salary growth (-/+0.5%)	(67.37)	(60.06)	58.42	57.06
% Change compared to base due to sensitivity [+/(-)%]	1.94%	-1.99%	2.15%	-2.16%
Impact on amount due to change in withdrawal rate (-/+10%)	(63.62)	(63.59)	58.35	57.37
% Change compared to base due to sensitivity [+/(-)%]	0.13%	-0.15%	0.13%	-0.14%

"The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using projected unit credit method at the end of the reporting period, which is same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

There is no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

33.2. Financial risk management objectives

"The Company's principal financial instruments comprise financial liabilities and financial assets. The Company's principal financial liabilities comprise trade payable and other financial

liabilities. The main purpose of these financial instruments is to manage short-term cash flow and raise finance for the Company's capital expenditure program. The Company has various financial assets such as trade receivable and cash and short-term deposits, which arise directly from its operations.

Risk exposures and responses

The Company manages its exposure to key financial risks in accordance with the Company's financial risk management policy. The objective of the policy is to support the delivery of the Company's financial targets while protecting future financial security. The main risks that could adversely affect the Company's financial assets, liabilities or future cash flows are market risks, comprising commodity price risk, cash flow interest rate risk and foreign currency risk and liquidity risk and credit risk. Management reviews and agrees policies for managing each of these risks which are summarized below.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below."

33.3.Market risk

"Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's financial instrument Market prices comprise three types of risk: currency risk, interest rate risk and other price risk which include equity price risk and commodity price risk. Financial instruments affected by market risk include loans, trade receivables, other financial assets, trade payables and other financial liabilities.

The sensitivity analyses have not been prepared as there is no amount outstanding as debt, having either fixed or floating interest rates, no derivatives financial instruments and no financial instruments in foreign currencies."

33.4.Foreign currency risk management

"The Company does not undertake any transaction in foreign currency, consequently, exposures to exchange rate fluctuation does not arise. The Company has all entered all the transaction in currency which is the functional currency and accordingly the foreign currency risk has been minimized to a very low level.

Foreign currency sensitivity analysis has not been performed considering the fact that there will not be any impact on the profit or loss of the Company, as there are no foreign currency monetary items."

33.5.Interest rate risk management

"Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. As the Company does not have any borrowings there is not a significant exposure to the interest rate risk but only to the extent of recognition interest portion of financial instrument classified at amortised cost. The Company

manages it interest risk exposure relating to the financial instrument classified at amortised cost by using the market interest rate as the effective interest rate and the changes in the assets liabilities is accounted for as interest income/expenses with respect to financial assets/financial liabilities respectively.

However, as there is no primary exposure to the interest rate risk the sensitivity analysis has not been performed by the Company.

33.6.Other price risks

The Company is exposed to other price risks which include equity price risk and commodity price risks. The Company holds investment for strategic rather than trading purposes. The sensitivity analysis on the profit due changes in equity prices has been performed below

33.7.Equity price sensitivity analysis

"The Company's listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk by placing limits on individual and total equity instruments which is made subject to the approval of Board of Directors. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to unlisted equity securities was Rs. 2.42 lakhs. The sensitivity analysis based on the equity price risk at the end of the reporting period has been provided for the investment these equity securities other than investment in joint venture is given below:

33.8. Credit risk management

"The Company trades only with recognized, creditworthy third parties and only on advance payment basis. It is the Company's policy that all customers who wish to trade are required to pay the entire amount in advance. The Company does not perceive any risk of default as there is no instance of credit sale. In addition, receivable balances are monitored on an ongoing basis, with the result that the Company's exposure to bad debts is not significant.

With respect to credit risk arising from the other financial assets of the Company, which comprise cash, bank balances, short-term investments and other receivables, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments. Refer to Note 9 for analysis of trade receivables ageing."

33.9.Liquidity risk management

The Company has huge investment in term deposits with banks and has sufficient owned funds to finance its existing and continuing commitments. New investments and advances are likely to be funded similarly. Major capital investments, if any, would be funded by through the terms deposits and further requirement if any will be addressed through the use of bank overdrafts and bank loans. (1.) (A) (i) ***S. Panigrahi Vs OMDC*** (Case No: C.S. - 41/2018),

Pending before Civil Judge Sr. Division, Keonjhar.

The Case filed by one S. Panigrahi against OMDC claiming his unpaid remuneration for the period dated 01.04.2013 to 31.10.2014 alleging certain services (Liaison with state govt. officials w.r.t. work related to geology dept.) rendered by him for OMDC, on request by OMDC. The plaintiff being very old (nearly 90 years) is not taking interest to pursue the case further. The case is pending before the Court as a non-active case and the next date of posting is awaited since long.

(ii) ***Ishravati Rajbhar*** - Workmen Compensation Case No. 42/1998,

[Pending before Commissioner for Workmen's Compensation- cum- ADM, Keonjhar].

The petitioner Ishravati Rajbhar is the widow of late Surajnath Rajbhar, who was an employee of OMDC and was working at OMDC Mines. Late Surajnath Rajbhar while returning from Mines to his house in the colony boarding a truck bearing Regd. No. OR-09-6279 (engaged by a private agency M/s. K.M.T.C., for transporting Iron Ore from OMDC Mines to siding) met with an accident and died during that mishap. As the accident took place after office hour, Company didn't acknowledge the claim for which his widow Ishravati Rajbhar filed a case claiming Compensation. The matter is an old one (of the year 1998) and pending for adjudication. Neither the petitioner nor her advocate are pursuing the case.

(iii) ***SK Roy Choudhury Vs. OMDC & Ors*** [Case No. Money Suit - 46/2019],

Pending before the Commercial Court, Alipore, West Bengal.

Dispute relates to non-timely transmission of Shares and non-timely payment of Dividends. Vide order (Judgment) dated. 14.09.2021 the suit was decreed on contest against OMDC. The OMDC preferred an appeal (being FAT-58/2022) before the High Court, Calcutta on 15.11.2021 challenging the judgment and decree passed by the Ld. Commercial Court, Alipore. Final hearing before the High Court, Calcutta is completed; the appeal is now pending for passing of judgment by the High Court, Calcutta. During the year 2025-26, claim amount has been increased by Rs.36.63 lakh towards interest cost and shown at Rs.647.02 lakh as on 31.03.2026..

(iv) ***Jai Balaji Industries Ltd.(JBIL) Vs. The OMDC Ltd***.

During the year, pursuant to the Order dated 08.05.2026 of the Hon'ble Supreme Court of India dismissing the Special Leave Petitions filed by the Company in the matter of

arbitration award in favour of Jai Balaji Industries Limited, the Company has reassessed the matter and recognised an additional provision of Rs.863.77 lakh during FY 2025–26. Accordingly, the total provision as on 31.03.2026 was shown as Rs.1740.99 lakh against earlier provision of Rs.877.22 lakh as on 31.03.2025 and Contingent Liability against such claim was shown as nil as on 31.03.2026.

(v) ***East India Minerals Ltd. (EIML) Vs. OMDC*** (Arbitration Proceeding).

Upon violation of certain contractual obligations between the parties, EIML invoked the arbitration clause and the matter was referred to an Arbitral Tribunal consisting of three members. The first sitting of the arbitration proceedings was held on 24th May, 2007. The claimant EIML filed Affidavit of Evidence of its 1st witness and examined on 05.10.2024. The witness is being cross-examined by the Resp. No.1 (OMDC) from time to time on different dates.

(vi) ***National Cooperative Consumers' Federation of India Limited (NCCF),***

(Award passed under arbitration).

OMDC floated a tender for sale of 10 lakh tonnes of Sub-Grade Iron Ore from its mines in 2007 for a period of 1 year and NCCF was awarded the tender. The contract became in-operative due to various reasons and subsequent to the direction of OMDC Board, the contract was terminated in April'2008. Aggrieved upon such decision, NCCF invoked arbitration clause and the dispute referred for adjudication through arbitration. After 28 Arbitration sitting award was passed on 01.09.2011 in favour of NCCF and against The OMDC, with a direction to pay Rs.1 .00 Crore to NCCF and to act upon the Specific Performance of Contract. OMDC's counter claim for Rs.1.48 crore was dismissed. Against this award, an appeal U/s.34 of the A&C Act, 1996 filed by OMDC is pending before the court at Barasat (WB) for disposal.

(vii) ***Orissa Stevedores Limited (OSL),*** [Claim for refund of EMD], Filed before the High Court, Orissa at Cuttack.

The High Court of Orissa (Cuttack) vide order date 01.03.2023, having heard learned counsel for the parties and after going through the records, however, without expressing any opinion on the merits of the case, disposed of this writ petition permitting the petitioners to file a fresh application claiming the benefit, as has been claimed in the present writ petition, before the opposite party no.2 (OMDC) within a period of 10 days hence. If such an application is filed, opposite party no.2 (OMDC) is directed to consider the same and pass appropriate order in terms of the agreement between the parties as expeditiously as possible, preferably within a period of three months from the date of production of such application along with a certified copy of this order. During the year 2025-26, claim amount has been increased by Rs.13.83 lakh towards interest and the Contingent Liability balance was shown as Rs.167.52 lakh as on 31.03.2026.

(viii) ***Visa Steel Limited***,

Dispute and difference arose between the parties arose due to violation of terms and conditions of a long term agreement executed between the parties for supply of iron ore. Following which VISA STEEL LTD invoked the arbitration clause and the dispute was referred to arbitration. Both the parties mutually agreed to appoint a former chief justice, SCI as sole Arbitrator. The advocate for OMDC vide mail dated 11.05.2025 filed application for inspection of original documents relied on by Claimant in the proceeding. The Claimant pursuant to the direction of the Tribunal dated 13.05.2025 filed its reply to the petition of the OMDC on 27.05.2025. Thereafter, the OMDC filed its Rejoinder through mail dated 31.05.2025. Vide mail dated 02.07.2025, the Tribunal fixed the hearing on 05.07.2025 at 5.00 pm by virtual mode. However, at the request of the advocate for claimant the hearing got postponed till further order and no date as of is fixed thereafter.

(2.)In view of the judgement passed by Hon'ble Supreme Court of India, the State of Odisha through DDM, Joda has issued demand notices under section 21(5) of MMDR Act 1957 for realization of compensation towards unlawful production of minerals from BPMEL leases for violation of EC & FC. OMDC fought the cases in different judicial forum but could not succeed. As such, the demand /penalty raised by State of Odisha upto end of present FY is calculated and shown in the Sl. No.(B) which comes to Rs. 202951.00 Lakh including principal & interest. Out of the above amount of Rs. 202951.00 Lakh around Rs. 2189.56 lakh towards violation of MP & CTO has been raised by the State which are been challenged by OMDC before Revision Authority (RA), Ministry of Mines, Govt. of India being the appropriate authority and pending for adjudication.

(3.)Bank Guarantee is given to Indian Bureau of Mines, OSPCB & Baitarani Irrigation Division Rs.3304.80 Lakh (Sl No C)

(4.) Site Reclaimation charges of Rs. 3299.36 Lakh is shown in Sl. No. (D).

(5.) For Demand from various statutory authorities towards sales tax, VAT, service tax, entry tax Rs.130.27 lakh respectively as per sl. no. (E). The Company is contesting the demand with appellate authorities. It is expected that the ultimate outcome of these proceedings will be in favour of the Company and will not have any material adverse effect on the Company's financial position and results of operation.

(6.)The Government of Odisha, vide the Indian Stamps (Odisha Amendment) Act, 2013 and the rules framed thereunder in 2013, had enhanced the stamp duty payable on execution of lease deeds.The Company, OMDC Limited, challenged the said notification before the Odisha High Court vide W.P.(C) No. 15377 of 2013 dated 08 July 2013. The Hon'ble High Court has granted a stay on the operation of the aforesaid notification, which continues as on 31 March 2026. The matter is sub judice.

The Company had already executed and registered the renewal of mining lease in respect of Bagiaburu Iron Ore Mines for the period from 11 October 2021 to 10 October 2041 and paid stamp duty amounting to Rs.610.22 lakh under the prevailing arrangements. Further, the

Company has created a provision of Rs.4,399.93 lakh towards stamp duty liability in respect of Belgundi and Bhadrasahi mines, based on management assessment.

Pending final adjudication of the matter and considering the provisions of the aforesaid Act and Rules, the Company has estimated the potential exposure towards stamp duty on such lease deeds. Accordingly, an amount of Rs 1,48,951.55 lakh has been disclosed as contingent liability, as the outcome of the litigation is presently uncertain and no present obligation is considered to exist as at the reporting date as per Sl no (F) & (G)

(7.) The Government of Odisha had enacted the Orissa Rural Infrastructure and Socio-Economic Development (ORISED) Act, 2004 along with rules framed thereunder in 2005 for levy of tax on mineral-bearing land. The said Act was declared ultra vires by the Hon'ble Orissa High Court in December 2005, which was subsequently challenged before the Hon'ble Supreme Court. The Hon'ble Supreme Court, vide its judgments dated July 25, 2024 and August 14, 2024, has upheld the constitutional validity of the State's power to levy tax on mineral rights retrospectively from April 1, 2005 and, inter alia, provided that past dues shall be payable without interest or penalty.

Pursuant to the aforesaid judgments, the State Government has indicated its intention to take appropriate steps for implementation. However, as at the reporting date:

• the State legislation has not yet been revalidated / operationalised through a notified enforceable framework; and

• no demand has been raised by the competent authority on the Company.

In the absence of a crystallized obligation and considering the ongoing legal and procedural uncertainty, the Company has estimated the possible liability for the period from 2005-06 onwards based on available information. Accordingly, an amount of Rs.22747 lakh has been disclosed as a contingent liability, pending notification of enforceable legislation and issuance of formal demand by the State Government as per sl. No. (M).

(8.)Pursuant to the amendments of the Orissa Land Reforms Act, the Sub-Collector, Champua had served a Notice against the Company for alleged unauthorized possession of 10.79 acres of leasehold land on the ground that the said land belongs to Adivasis and based on that, the Revenue Inspector asked OMDC to vacate the land. The Company filed an appeal before the Addl. District Magistrate but the appeal was not allowed. During April, 1999 the Company filed a writ application and obtained Stay Order from the Hon'ble High Court of Orissa to maintain the status quo about the possession of the land until further order. No specific liability could be ascertained.

37.1. Disclosure of additional information as required by the Schedule III:

The Bagiaburu Iron mines started operating from 14.12.2023. The Company is constantly following up for renewal of mining leases for remaining two mines i.e Belkundi & Bhadrasahi.

37.2. Other Information:

a. Dues payable to Micro and Small Enterprises as defined in the Micro, Small and Medium Enterprises Development Act, 2006 which have been determined to the extent such parties have been identified on the basis of information available with the Company.

b. Un-authorized occupation of some of the quarters has been made by contractor's employees in mines. Company is considering to take necessary action including legal course wherever necessary to take the ownership of the quarters.

c. The registration of the Building of the company at Kolkata is yet to be completed. The provision of Rs.84.03 lakhs has been made for registration of building. However, further payment will be made at the time of Registration as per actual.

d. As per the understanding with the employees, electricity consumed by them in the accommodation provided to them would be free of cost, hence any recovery is not made from employees.

A DETAILED NOTE ON BPMEL CASES BFORE SUPREME COURT OF INDIA

1. Challenging the order dated 03.03.2020 passed by the Division Bench, High Court, Calcutta to form a High Power Committee to take a decision for resumption of mining operation, the Chief Secretary, Govt. of Odisha (on behalf of Steel & Mines Dept.) had filed SLP (Civil) No. 007315 - 7316/2021 before the Hon'ble Supreme Court of India challenging the order passed on 03.03.2020 in ACO No. 24/2019 & APO No. 196/2019 by the division bench of the High Court, Calcutta . OMDC is made a party to the above SLP(C) being respondent no. 4 along with other respondents viz. Bharat Process & Mechanical Engineers Limited (BPMEL), TPG Equity Management Pvt. Ltd. (TPGEMPL), Official Liquidator (BPMEL), and Union of India (Ministry of Heavy Industries).

JUDGMENT PASSED BY SUPREME COURT OF INDIA:

2. The Hon'ble Supreme Court of India hearing the parties to the proceeding, pronounced the judgment on 17.05.2024 in the above noted SLP (Civil) No. 007315 - 7316/2021.

a. The apex court allowed the appeal filed by Chief Secretary, Govt. of Odisha and set-aside theorder dated 03.03.2020 passed by the division bench of the High Court at Calcutta in which direction was made to constitute a High Powered Committee to consider the issue of revival of three mines of BPMEL and to hear the prayer of TPGEMPL.

b. The Hon'ble Apex Court in the said judgment also upheld the judgment & order of the High Court of Orissa passed in writ petition no. 1852 of 2010 rejecting the request of OMDC & TPG for renewal of

Kolha-Roida lease, ignoring the fact that the Review petitions filed by OMDC before High Court, Orissa are still pending for adjudication.

c. The Hon'ble Supreme Court by the said judgment also clarified that the applications filed and for renewal of Thakurani and Dalki leases will be treated asrejected.

IMPLICATION OF THE JUDGMENT OF HON'BLE SUPREME COURT DTD. 17.05.2024

3. The effect of the Judgment of Supreme Court is that,

a. The OMDC is deprived of all its rights on BPMEL mines and the entire infrastructure created by OMDC in the leasehold area of the three mines under the nominal ownership of the BPMEL will be at stake.

b. Govt. of Odisha will be well within its rights to take coercive steps to evict The OMDC Ltd. as it will be treated as unauthorized occupant in the eye of Law.

4. The contention of OMDC is that,the orders of the Supreme Court of India under reference has been passed without taking into account the historical rights of The OMDC Ltd. over the Mines and has erroneously concluded that the Mines are owned by the BPMEL which is under liquidation. But the fact is that since inception, the OMDC was operating these mines and the Bird & Co. Ltd., the Govt. of India etc were only trustees / Benamidars. The liquidation of a trustee normally should not affect the rights of the original owner.

STEPS TAKEN FOLLOWED BY SC JUDGMENT

5. Considering the impact the judgment will have on OMDC, a Review Petition being Diary No. - 29806/2014 filed by OMDC before the Supreme Court on 08.07.2024, for review of the Judgment dated 17.05.2024. It is informed by the shareholder of OMDC that, a Review Petition being Diary No. - 29537/2014 is also filed on 08.07.2024 by one shareholder before the Supreme Court for review f the Judgment dated 17.05.2024. Both the review petitions have been rejected by the Hon'ble Supreme Court of India on 21.05.2025.

39. The accounts have been prepared on Going Concern Basis. The Bagiaburu Iron Mines started operating from 14.12.2023. The Company is constantly following up for renewal of mining leases for remaining two mines i.e. Belkundi and Bhadrasai Mines.

40. Confirmation of balances in respect of advances, receivables etc. are sent on quarterly basis and annually. The effect of any adjustment, as may be required, on reconciliation with the confirmation of the parties will be done in future years, after receipt of confirmation.

41. The effective date for adoption of Ind-AS 116 is annual period beginning on or after April, 1, 2019. From the classification of applicability, in respect of OMDC, Ind-AS 116 cannot be made applicable.

42. Previous year's figures have been re-grouped and rearranged wherever necessary to confirm to this year's classification.
