Denta Water Reports Q2 FY27 Performance; Order Book Stands at ₹7,824 Million, with Continued Focus on Execution and Order Book Growth

- **Reports Q2 FY27 PAT of Rs 131.47 million and EBITDA of Rs 181.45 million**
- **H1 FY27 operating revenue stands at Rs 1,278.87 million, with PAT at Rs 243.15 million**
- **Robust current order book of Rs 7,824.44 million**
- **Advances flagship Mukkumpi Lift Irrigation Project to strengthen groundwater recharge and irrigation infrastructure**

Bengaluru, November 06, 2026: Denta Water and Infra Solutions Limited ("Denta Water") (NSE: DENTA, BSE: 544345), a leading civil engineering contractor specialising in water infrastructure projects, today announced its unaudited financial results for the second quarter and half year ended 30 September 2026.

During Q2 FY27, the Company reported operating revenue of Rs 692.23 million, compared with Rs 742.69 million in the Q2 FY27. EBITDA for Q2 FY27 stood at ₹181.45 million, compared to ₹263.06 million in Q2 FY26, while PAT stood at ₹131.47 million as against ₹189.28 million in the corresponding quarter of the previous year. On a sequential basis, the Company reported an 18% growth in operating revenues.

For H1 FY27, operating revenue stood at Rs 1,278.87 million, compared with Rs 1,415.47 million in H1 FY26. EBITDA for the H1 FY27 was Rs 335.76 million, while PAT stood at Rs 243.15 million.

Consolidated Key Financials:

Particulars	Q2 FY27	Q2 FY26	H1FY26	H1FY26

EBITDA (Rs million)	181.45	263.06	335.76	513.03
EBITDA Margin (%)	26.21%	35.42%	26.25%	36.25%
PAT (Rs million)	131.47	189.28	243.15	374.78
PAT Margin (%)	18.99%	25.49%	19.01%	26.48%
EPS (₹)	4.92	7.09	9.11	14.04

Advances flagship Mukkumpi Lift Irrigation Project

Denta Water continues to advance its flagship Mukkumpi Lift Irrigation Project, supplying six tanks to facilitate groundwater recharge and strengthen irrigation infrastructure in the region.

The tanks — Hirebenakal, Venktagiri, HRG Camp, Lingadalli, Mukkumpi and Chikkbenakal — are intended to pump water from the Tungabhadra River to support groundwater recharge and improve underground water availability. The initiative is expected to strengthen irrigation facilities and support agricultural activity in the surrounding areas.

The project highlights the Company's commitment to developing and strengthening water infrastructure that addresses regional irrigation needs while contributing to long-term water resource management.

Commenting on the company's performance during the quarter**, Mr. C. Mruthyunjaya Swamy, Chairman of Denta Water, said:** "*The first half of FY27 reflected the seasonal nature of our business, with monsoon conditions impacting the pace of on-ground activities and project execution during the period. As our business typically witnesses higher execution activity in the second half of the financial year, we expect project execution momentum to improve as weather conditions become more favourable. We continue to focus on timely execution of our ongoing projects, strengthening operational efficiencies and expanding our presence in the water infrastructure segment. Key projects such as the Mukkumpi Lift Irrigation Project demonstrate our capabilities in executing critical water infrastructure initiatives and our commitment to sustainable water management. With a healthy order book and a strong focus on execution, we remain committed to delivering sustainable growth and long-term value for our stakeholders.*"

Order book provides visibility for future growth

The Company entered FY27 with a confirmed order book of Rs 7,824.44 million as of 30 September 2026, including new orders secured during the period. In July 2026, Denta Water secured new projects worth ~Rs 655.66 million, further strengthening its presence in Karnataka's irrigation and water infrastructure segment.

The new projects included a turnkey irrigation infrastructure project awarded by Karnataka Neeravari Nigam Limited (KNNL) for improvements to pickup canals, lift irrigation systems and associated infrastructure under the KMERC Grant in Ballari district. The Company also secured a subcontract to restore and improve lift irrigation infrastructure under the Jalibenchi Lift Irrigation Scheme.

Looking ahead, Denta Water will continue to pursue opportunities across irrigation, drinking water supply, wastewater management and groundwater recharge. Supported by its engineering and execution capabilities and a strong order book, the Company remains focused on expanding its project portfolio and capitalising on opportunities in India's growing water infrastructure sector.

About Denta Water and Infra Solutions Limited

Denta Water and Infra Solutions Limited is a premier civil engineering company focused on water revitalization, groundwater recharge, and sustainable infrastructure solutions. The Company designs, develops, and maintains high-impact water infrastructure projects, enabling long-term water security and environmental sustainability across India.
