## Key Updates

### Domestic:

- Jewellery** – Growth, across the brand portfolio, was contributed by healthy festive and Akshaya Tritiya demand during the quarter. Amidst (*relatively*) stable gold prices, the portfolio buyer growth came in early double-digits and the average ticket sizes grew in high double-digits. The core Jewellery categories of plain and studded clocked grew (*individually*) in mid-thirties with coins continuing its investment-led strong double-digit growth momentum during this period.
- Watches** – Analog watches, driven by continuing premiumization trends, led overall growth for the Division in the high twenties. Smart Watches business declined in low teens.
- EyeCare** – Broad-based momentum across both owned and international brands resulted in healthy double-digit growth for the quarter. This was well supported by calibrated marketing investments driving multi-pair and multi-category consumer propositions, and premiumization.
- Emerging Business** – In the portfolio, Fragrances grew in mid-teens, Women's Bags clocked strong double-digit growth for the quarter, and Taneira growth was in low single-digits.

**International:** Jewellery business of Tanishq, Mia, CaratLane (*combined*) saw strong traction in North America and clocked encouraging double-digit growth in GCC. The volatile geopolitical situation notwithstanding, the core Damas business is witnessing a gradual recovery across key parameters.

The above information for the period ended 30<sup>th</sup> Jun'26 is provisional and subject to Limited Review by Statutory Auditors of the Company.
