Item No. 5 & 6

Employee stock options are internationally recognized as an effective mechanism for attracting, retaining, rewarding, and motivating talented employees. They align the interests of employees with those of the Company and its shareholders by providing an opportunity to participate in the Company's future growth and value creation. Such ownership-oriented incentives foster long-term commitment, enhance employee engagement and productivity, and encourage a shared focus on achieving sustainable growth, profitability, and maximization of shareholder value.

In the present competitive economic environment in the country and in the long-term interests of the Company and its shareholders, it is necessary that the Company adopts suitable measures for attracting and retaining qualified, talented and competent personnel.

An employee stock option scheme, designed to foster a sense of ownership and belonging amongst personnel, is a well-accepted approach to this end. It is, therefore, appropriate

to consider an Employee Stock Option Scheme for the employees of the Company and subsidiary company(ies).
