MANAGEMENT COMMENTARY

Commenting on the performance, **Mr. Wilfred Selvaraj, Managing Director, LGT Global Hospitality Limited**, said:

> "H1 FY27 has been a half of steady progress and strong momentum for LGT. Revenue grew 35% over the previous half to ₹89.68 crore, our EBITDA margin improved to 4.24% and profit after tax more than doubled. This reflects the strength of our corporate relationships and the growing scale of our platform.
>
> We continued to invest for the future. We expanded our network from 9 to 14 offices, entering five new markets, and welcomed 22 new corporate clients. Our accommodation business is gaining strength, with Wilfred Collections and Hotel Stays emerging as important growth engines. We are also building our online travel platform, and implementing new CRM, mid-office and financial systems to make our operations more efficient and scalable.
>
> Margins during the period were affected by geopolitical developments in the Middle East, which raised fuel and travel costs, and by planned investments in talent and new offices. We are already seeing early signs of stabilisation, and as our new offices mature, we expect these investments to translate into stronger performance.
>
> We enter the second half with confirmed forward bookings of more than ₹50 crore and a healthy pipeline. With India's travel and MICE sectors on a strong growth path, we are confident of building on this momentum, while staying focused on disciplined and profitable growth."
