- Profit before Exceptional items and tax for the current quarter is Rs. 395 lakhs against previous of Rs. 56 Lakhs.
- Profit after Tax during the current quarter is of Rs. 240 lakhs against the previous of Rs. 33 lakhs.

Material Handling Division

Pursuant to its strategic business restructuring, the Company has streamlined its operations to focus on its Engineered Products Division, while its wholly owned subsidiary, MHE Rentals India Private Limited, continues to operate the equipment rental business.

During the one-year transition period following the restructuring, the Company is executing both the existing orders and certain new orders, in accordance with the terms mutually agreed between the parties as part of the sale of the erstwhile subsidiary. This arrangement ensures seamless business continuity and uninterrupted customer service while the transition is completed.

Engineering Products Division (EPD)

Josts Engineering Products Division (EPD) remains committed to delivering globally innovative technologies that not only enhance environmental sustainability but also improve the performance and efficiency of our customers' processes and products.

In collaboration with some of the world's leading manufacturers, EPD offers advanced engineering solutions designed for highly demanding industrial applications. These solutions leverage the legacy of innovation and global leadership of our partners, seamlessly integrated with Josts' expertise, market & technical knowledge, and extensive customer reach.

EPD - Technical Services

Through EPD ,the Company is committed to provide solutions and support to the customers by way of Erection, Installation, Commissioning, Testing, Training, Calibration, Annual Maintenance Contract, Repair, supply of spares parts and other services. The Company presently have 9 branch offices across India.

Further the Company has two NABL Accredited laboratories at Mumbai and Kolkata to provide calibration services to our customers in Power sector and one technical support center in Bangalore to support our Sound & Vibration instrument customers. The Company proposes to open two more NABL accredited service centers during the year. One service center will cover our Power sector customers in North India and the other center in Pune will cover our Automotive, Aerospace & Defense and General Engineering customers.

The Order in hand in Engineering Product Division (EPD) as on 30-06-2026 is of Rs 8190 lakhs. The Order in hand in EPC projects as on 30-06-2026 is of Rs 7041 lakhs.

The Company has launched Josts Branded Rain Chamber and Dust Chamber for environmental simulation application in Automotive, Aerospace & Defense, Education and R&D.

Rain Chamber

Dust Chamber

Commenting on the performance, Jai Prakash Agarwal, Chairman, said:

"The first quarter of FY 2026-27 marks a strong beginning to the year. Our standalone performance reflects the strength of our Engineered Products business and the benefits of our strategic restructuring. Despite being in the transition phase following the divestment of our erstwhile subsidiary, we have ensured uninterrupted customer service and operational continuity.

We continue to strengthen our technical services capabilities, expand our service network and enhance customer engagement. Our healthy order pipeline, focus on value-added engineering solutions and planned expansion of service centres position us well to deliver sustainable growth and create long-term value for our stakeholders."
