Press Release

NIIT Learning Systems Limited Wins the Quality Champions Finalist Award at the Airbus Global Supplier Conference 2026

Toulouse, France, November 6, 2026: NIIT Learning Systems Limited (NSE: NIITMTS, BSE: 543952), a global leader in managed learning services, announced that it has earned the distinguished Quality Champions Finalist Award at the 2026 Airbus Supplier Awards, a recognition reserved for suppliers upholding the highest benchmarks for operational excellence. Joining an elite group of partners, NIIT Learning received the honor at the Airbus Global Supplier Conference in Toulouse, France, for its exceptional commitment to quality, precision and seamless delivery for one of the world's leading aerospace companies.

The Airbus Supplier Awards honor suppliers whose commitment and achievements strengthen the Airbus value chain, across industrial performance, sustainability, innovation, competitive excellence and customer support. NIIT Learning has been selected from a field of thousands of suppliers that include aerostructure and parts manufacturers, cabin and cargo equipment providers, materials distributors, and industrial services companies.

The award places NIIT Learning's learning and talent services alongside the manufacturing and engineering partners that build Airbus aircraft, measured against the same quality standard.

The 2026 Quality Champions category recognized suppliers that excelled in the following criteria:

- Delivering items and services on quality
- Demonstrating proactive ownership of securing quality and safety standards across their ecosystem
- Keeping a high level of delivery

"In aerospace, quality is woven into every process, review, and decision we make. Being named a Quality Champions Finalist at a conference that brings together the best of the Airbus global supply chain is an extraordinary validation of the discipline and operational excellence our teams demonstrate in every engagement. This recognition further fuels our commitment to deliver learning solutions with the same precision and rigor that Airbus applies to every aircraft it builds," said **DJ Chadha, Chief Customer Officer, NIIT Learning.**

"Winning the Quality Champions Finalist Award from Airbus, an organization that sets the global benchmark for precision and safety in aerospace, is a moment of immense pride for everyone at NIIT. As Airbus partners, we are held to standards that leave no margin for error, and this award affirms that our learning programs and operations meet that bar with distinction. We thank Airbus for their continued trust and remain wholly committed to keep raising the bar," said **Rohit Sethi, Executive Vice President, Learning Delivery Operations, NIIT Learning.**
