Press Release

Subject: Intimation of Technical Collaboration MOU

Date: July 31, 2026

Dear Sir/ Madam

Tirupati Forge Limited is pleased to inform the Stock Exchange that the Company has entered into a Technical Collaboration Agreement with an experienced defence technology professional from Brazil for the development and manufacturing support of defence products.

The collaboration will focus on the development of the following products:

- 155 mm M107 Empty Shell Body
- 155 mm ERFB BB/BT Empty Shell Body
- Other Bigger size of bombs and ammunition components of various calibres, as may be mutually agreed.

The objective of this collaboration is to leverage international technical expertise for product design, development, manufacturing processes, and technical guidance in line with internationally accepted defence standards, including applicable NATO requirements, wherever relevant. This MOU is valid till successful development of products.

The Company believes that this technical collaboration will strengthen its product development capabilities, enhance its competitiveness in the global defence market, and support its long-term strategy of expanding its defence manufacturing portfolio.

This collaboration does not involve any equity participation or change in the shareholding pattern of the Company. The agreement is expected to support the Company's future growth in the defence sector.
