¹ On 19th September 2025, MoPNG informed the contractors of the block (a three-party Joint Venture, including Vedanta as Operator) that their application for PSC extension hadn't been accepted. Vedanta has challenged the said rejection before Delhi High Court. The Hon'ble Delhi High Court has, vide its order dated 6th January 2026, directed the parties to maintain status quo and accordingly, Vedanta continues to operate the Block. Cambay block average production per day factors volume till 30th June 2026 and is subject to outcome of the litigation. The matter is currently sub-judice.

This press release contains "forward looking statements" – that is, statements related to future, not past, events. In this context, forward looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and crude oil and gas markets including fluctuations in interest and or exchange rates and crude and gas prices; from future integration of acquired businesses; and from numerous other matters of national, regional, and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
