Titan's Q2 miss masks healthy demand story

Festival shift to Q3 weighs on sales; better mix supports margins

RAM PRASAD SHAHU
Mumbai, 7 October

Shares of Titan Company, India's largest listed lifestyle player, which has established leadership positions in watches, jewellery, and eyewear, slipped 3.5 per cent to ₹4,380 apiece on Wednesday and the firm was the top loser on the Sensex. The stock reaction came after lower-than-expected sales growth in the second quarter (July-September/Q2) of 2026-27 (FY27). In a pre-quarter update on Tuesday evening, Titan reported domestic jewellery sales growth of 21 per cent year-on-year (Y-o-Y).

In smaller peer, retail jewellery chain Kalyan Jewellers, posted 27 per cent growth during the same period, and investors reacted positively, sending the stock up 3.8 per cent to ₹568. Although the two stocks saw contrasting reactions, brokerages are positive on both companies, citing healthy consumer demand and expectations of festival-led growth acceleration in the third quarter (October-December/Q3). Over the past year, Titan has outperformed on the returns front, gaining 28 per cent, while Kalyan has delivered a return of 7 per cent.

Consolidated sales growth across segments and geographies for Titan came in at 25 per cent Y-o-Y. Growth was led by CaratLane, which grew 32 per cent, and Eye+, which grew 28 per cent. The international business grew 97 per cent Y-o-Y, but this also included sales from Damas Jewellery, in which Titan has a 67 per cent stake and which was consolidated into Titan effective January this year.

In the jewellery business, the company said demand remained healthy, though there was some softness towards the end of the quarter, which the shift in the festi-

val calendar to Q3FY27. The 21 per cent growth in jewellery was aided by the Tanishq Festival of Diamonds promotion and other brand-led studded jewellery sales, with growth in the early '30s, while plain gold jewellery grew 20 per cent.

Kalyan's 27 per cent growth was led by robust operating momentum on the ground, with healthy same-store sales growth (SSSG) across all key markets in the country despite a high base due to strong Navratri sales (all nine days of Navratri fell in Q2 in 2025-26). The recently concluded quarter recorded SSSG of about 20 per cent, it added.

On Titan's performance, Citi Research highlighted that domestic jewellery growth,

excluding bullion, at 20 per cent was below its 27 per cent estimate, even as gold prices saw an appreciable Y-o-Y jump. However, the brokerage pointed out that the miss primarily reflected the shift in the festival calendar to Q3FY27 and weaker investment-led coin demand, rather than an underlying slowdown in demand. It has a "buy" rating on the stock with a target price of ₹5,700.

Demand for coins, however, tapered from a high base, resulting in a high single-digit decline. Antique Stock Broking has trimmed its revenue estimates by 4 per cent, factoring in lower-than-expected bullion sales. Gross margin, however, is likely to expand as the product mix improves, driven by a higher mix of studded jewellery and lower salience of gold coins.

Incremental improvement in the profitability of watches could further support overall profitability. Analysts led by Abhishek Kundu of the brokerage estimate a margin expansion of 122 basis points for domestic jewellery over the next three years, reaching 10.5 per cent by 2028-29, driven by an improving product mix and operational efficiencies. The brokerage has a "buy" rating with a target price of ₹5,678.

Repo hike: What should borrowers & investors do?

SANJAY KUMAR SINGH & KARTHIK JEROME

The Reserve Bank of India's (RBI)'s Monetary Policy Committee (MPC) raised the repo rate by 25 basis points from 5.25 per cent to 5.5 per cent on October 7, 2026, and shifted its stance from neutral to calibrated tightening.

"We expect the repo rate to reach 6.25 per cent by early 2027," says Dhawal Dalal, president and chief investment officer (CIO), fixed income, Edelweiss Mutual Fund.

Fixed deposits Public and private sector banks currently offer 5.765 per cent for one- to 10-year tenure. Small finance banks offer 5.75-8.25 per cent.

After the rate hike, fixed deposit (FD) rates could rise, but not uniformly by 25 basis points. "Deposit pricing will depend on individual banks' funding requirements and competition," says Aditi Shetty, chief executive officer (CEO), BankBazaar. Mature rates across banks at the time of investment or renewal.

Home loans

Lenders are likely to pass on the hike quickly to floating-rate home loans linked to the repo rate. "For new borrowers, the rate impact will be immediate. For existing borrowers, the impact will depend on their loan's reset cycle," says Santosh Agarwal, CEO, Paisabazaar. Loan terms determine whether the equated monthly instalment (EMI), tenure or both increase.

"Existing borrowers who have surplus cash should make partial loan prepayments to offset the impact of rising EMIs and reduce the overall interest

ATM fee to app: What you should know about bank savings accounts

A savings account should not be seen as merely a parking lot for your income. The goal is to ensure that your bank works for you, providing liquidity and convenience without charging you for the privilege of holding your own money. Here are key facts you should know about a savings account:

Not all savings accounts offer the same features, and the best one depends entirely on how much money you plan to keep there. Focus on number of automated teller machines (ATMs) and a reliable app. A high interest rate is fine, but if the app is frequently down during unified payments

interface (UPI) payments, the cost is your time and convenience.

Hidden fees like non-maintenance charges — which kick in even if you are slightly below the required balance — and strict ATM limits can quickly erode your account. Many banks charge ₹25 plus goods and services tax

(GST) if your ATM transaction fails due to insufficient funds. Always check the balance on your app before using an ATM. Maintaining two separate accounts helps compartmentalise mandatory bills from discretionary spending while offering a backup during server outages.

12.	Summary of reasons for recommendation	The IDC has taken into consideration the following for making recommendations: IDC has reviewed PA dated July 24, 2026, Corrigendum to the PA dated July 30, 2026, DPS dated July 31, 2026, DLOF dated August 07, 2026 and LOF dated September 28, 2026.
-----	---------------------------------------	--

The IDC noted that, the Equity Shares of the Target Company are frequently traded within the meaning of the SEBI (SAST) Regulations and that the Offer Price has been determined in accordance with the applicable provisions of the SEBI (SAST) Regulations.

The IDC also noted that, as disclosed in the LOF, Ms. Priyanka Singh, Independent Registered Valuer, IBBI Regn.: IBBI/RV/05/2021/14362 vide Valuation Report dated July 24, 2026, bearing Unique Document Identification Number - 26543478GJOBby2615, has certified the fair value of equity shares of the Target Company at Rs. 34.51 (Rupees Thirty-Four and Fifty-One Paise Only) per equity share, in accordance with Regulation 8(2) of the SEBI (SAST) Regulations.

The IDC further noted the Acquirers are making the Open Offer at an Offer Price of Rs. 36.50 (Rupees Thirty-Six and Fifty Paise Only) per Equity Share, which is higher than the aforesaid fair value determined by the Independent Registered Valuer.

The members of the IDC confirm that, as on the date of this recommendation, neither the Target Company nor the Manager to the Offer have received any complaints till date from shareholders in relation to the Open Offer, including with respect to the Offer Price or the valuation methodology adopted.

Based on the above, the IDC is of the opinion that as on the date of this recommendation, the Offer Price of Rs. 36.50 (Rupees Thirty-Six and Fifty Paise Only) per equity share offered by the Acquirers to the public shareholders of the Target Company, being higher than the relevant price determined in accordance with the Regulation 8(2) of the SEBI (SAST) Regulations, prima facie appears to be justified.

Therefore, IDC recommend acceptance of the Open Offer made by the Acquirers as the Offer Price of Rs. 36.50 (Rupees Thirty-Six and Fifty Paise Only) per fully paid-up equity share is fair and reasonable.

However, IDC would like to draw attention of the public shareholders that the equity shares of the Target Company are presently trading on NSE Emerge at a price that is higher than the Offer Price. The IDC further notes that the Equity Shares of the Target Company are presently under

		Enhanced Surveillance Measures ("ESM"): Stage 1. The public shareholders are advised to independently evaluate the Open Offer via current share price and take an informed decision, before participating in the Open Offer.
