RISK MANAGEMENT

The Company, like any other enterprise, is exposed to business risk which can be an internal risks as well as external risks. Any unexpected changes in regulatory framework pertaining to fiscal benefits and other related issue can affect our operations and profitability. However the Company is well aware of the above risks and as part of business strategy has formulated a Risk Management Policy.

The Risk Policy approved by the Board, clearly lays down the roles and responsibilities of the various functions in relation to risk management covering a range of responsibilities, from the strategic to the operational. These role definitions, inter alia, provide the foundation for your Company's Risk Management Policy and Framework that is endorsed by the Board and is aimed at ensuring formulation of appropriate risk management procedures, their effective implementation across the Company and independent monitoring and reporting by Internal Audit. Backed by strong internal control systems, the Company is in the process of implementing the current Risk Management Framework that consists of the following key elements:

- The Corporate Risk Management policy facilitates the identification and prioritization of strategic and operational risks, development of appropriate mitigation strategies and conducts periodic reviews of the progress on the management of identified risks
- A combination of risk policy and unit wise evolved procedures brings robustness to the process of ensuring that business risks are effectively addressed.
- Appropriate structures are in place to proactively monitor and manage the inherent risks in businesses with unique / relatively high risk profiles.
- A strong and independent Internal Audit function at the corporate level carries out risk focused audits across all businesses, enabling identification of areas where risk management processes may need to be strengthened. The Board of Directors reviews Internal Audit findings, and provides strategic guidance on internal controls. The Board of Directors closely monitors the internal control environment within the Company including implementation of the action plans emerging out of internal audit findings.
- At the Business level, Internal Audit Department personnel continuously verify compliance with laid down policies and procedures, and help plug control gaps by assisting operating management in the formulation of control procedures for new areas of operation.
- The periodical planning exercise requires all units to clearly identify their top risks and set out

DALMIA INDUSTRIAL DEVELOPMENT LIMITED F.Y. 2025-2026

a mitigation plan with agreed timelines and accountability. Top Management and Unit heads confirm periodically that all relevant risks have been identified, assessed, evaluated and that appropriate mitigation systems have been implemented.

The combination of policies and processes as outlined above is expected to adequately address the various risks associated with your Company's businesses.

Annual evaluation by the Board
