One Millionth TVS iQube Rolled out: Reflects TVS Motor's Role In Shaping India's EV Transformation

- *The milestone is a testament to India's accelerating transition towards sustainable mobility*
- *Built on strong in-house engineering, innovation and manufacturing capabilities, TVS iQube continues to drive the adoption of electric mobility across the country*

Bengaluru, June 25, 2026: TVS Motor Company, part of TVS VENU and a globally reputed manufacturer of two and three-wheelers, today announced the rollout of the one millionth TVS iQube from its manufacturing facility in Hosur. The milestone marks an important chapter in India's electric mobility journey and underscores the country's progress towards a sustainable, smart and self-reliant mobility future.

As India advances towards the vision of Viksit Bharat, electric mobility is emerging as a key enabler of sustainable growth, energy transition and technological leadership. As one of the pioneers of India's EV journey, TVS Motor has played an important role in shaping the category through sustained investments in in-house engineering, R&D, product innovation and ecosystem development. Designed, engineered and manufactured in India for the world, TVS iQube embodies TVS Motor's focus on self-reliance and technological capability, combining Indian ingenuity with global standards of quality, performance and sustainability.

Commenting on the milestone, **Sudarshan Venu, Chairman, TVS Motor Company** said, *"The rollout of one million TVS iQubes reflects the scale at which electric mobility is becoming part of everyday life in India. The milestone is built on years of investment in engineering, innovation and manufacturing capabilities that have enabled us to build world-class electric mobility solutions designed and manufactured in India for the world. As India progresses towards the vision of Viksit Bharat, it has a unique opportunity to emerge as a global leader in the future of mobility. At TVS Motor, we remain committed to advancing this vision through exciting and sustainable mobility solutions that strengthen India's position as a global mobility powerhouse."*

Since its launch in 2020, TVS iQube has grown into one of India's most preferred electric scooter brands and the country's favourite family EV. Built around the needs of Indian consumers, the portfolio has expanded across multiple battery capacities, range options and connected features, enabling customers to choose an electric scooter that best suits their mobility requirements. Supported by a robust sales and service network spanning over 3,300 touchpoints across more than 3,000 cities, alongside continuous investments in manufacturing and capacity expansion, TVS iQube has helped make electric mobility more accessible to customers across the country.

Collectively, the growing community of TVS iQube riders has contributed to a meaningful environmental impact while accelerating the adoption of sustainable mobility in India. Since launch, TVS iQube customers have collectively ridden over 14.94 billion kilometres, helping avoid 522,969 tonnes of CO₂ emissions. The carbon savings achieved by the TVS iQube

community are equivalent to planting nearly 20.9 million trees, underscoring the tangible impact that electric mobility can create at scale. These outcomes highlight individual mobility choices collectively contributing to India's broader sustainability and energy-transition targets.

About TVS Motor Company

TVS Motor Company (BSE:532343 and NSE: TVSMOTOR), part of TVS VENU, is a reputed two and three-wheeler manufacturer globally, championing progress through sustainable mobility with four state-of-the-art manufacturing facilities located in India and Indonesia. Rooted in our 100-year legacy of trust, value, and passion for customers, it takes pride in making internationally accepted products of the highest quality through innovative and sustainable processes. TVS Motor is the only two-wheeler company to have won the prestigious Deming Prize. Our products lead in their respective categories in the J.D. Power IQS and APEAL surveys. We have been ranked No. 1 Company in the J.D. Power Customer Service Satisfaction Survey for four consecutive years. Our group company Norton Motorcycles, based in the United Kingdom, is one of the most emotive motorcycle brands in the world. TVS Motor Company endeavours to deliver the most superior customer experience across 90 countries in which we operate.
