Mr. Navin Katiyar

Promoter & Managing Director

- **Performance.** H1 FY2027 was a strong half. Revenue from operations grew 33.6% year on year to Rs 5,104 lakh, and PAT rose 41.7% to Rs 509 lakh. H1 is our seasonally lighter half, which contributes 35%-40% of total revenues. For the full financial year FY 2027, we expect around 25% growth in Revenues & Profits.

- **Balance sheet.** The IPO has transformed our financial position. Net worth rose to Rs 7,962 lakh, and total debt fell 41% to Rs 966 lakh. We now hold Rs 1,319 lakh of cash and are net cash positive, against net debt of Rs 1,531 lakh a year ago. Finance cost fell 87% and interest cover is now 24.8x, so more of every rupee we earn reaches shareholders.

- **Outlook.** We are guiding to Revenue and PAT growth of around 25% for FY2027. Having grown 33.6% in Revenue and 41.7% in PAT in the first half, this implies a more measured second half and gives us a prudent base. For FY2028 we expect growth to be higher than in FY2027, as proceeds from our IPO are fully utilized. We have the balance sheet capacity, the cash and the team to execute.
