Management Commentary: "We are highly encouraged to be declared the lowest bidder for this prestigious, modern irrigation infrastructure project. This project underscores Om Infra's deep execution capabilities in both complex civil engineering—like barrage and hydro-mechanical works—and highly advanced micro-irrigation systems. This project will bring highly efficient, sustainable water management to the region."

We look forward to receiving the formal Letter of Intent (LOI) to kick-start execution.

This is for your information and dissemination to the public.

Yours faithfully,
For Om Infra Limited
