Strategic Significance

This order strengthens Silver Touch's position as a trusted technology partner to India's defence establishment and reinforces the Company's strategic focus on **Defence, Critical Infrastructure, and AI Infrastructure & Solutions**.

Defence: The engagement adds to the Company's growing portfolio of defence-sector work and reflects the confidence placed in Silver Touch by a Government of India PSU for a mission-critical Indian Army deployment, with stringent requirements for pre-dispatch inspection, trusted supply chain, non-malicious code certification and long-term lifecycle support.

Critical Infrastructure: The scope covers an 11-year lifecycle of supply, warranty and maintenance for core compute infrastructure, positioning the Company as a long-term infrastructure partner for secure, high-availability government and defence environments.

AI Infrastructure & Solutions: The high-density, AMD EPYC-based computer platform forms the foundation for data-intensive and AI-ready workloads. The Company continues to build on such infrastructure engagements to offer integrated AI solutions, data platforms and decision-support systems to defence and government customers.

The order was received in the normal course of the Company's business.
