COMPANY CODE NO.: 544023

Subject: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 –Regarding Registration of Private Freight Terminal Project under Gujarat Integrated Logistics and Logistics Park Policy 2021

Dear Sir/Madam,

We wish to inform you that the Company has received registration from the Industries Commissionerate, Government of Gujarat, for development of a Private Freight Terminal Project at Shivilakha, Bhachau, Kachchh, Gujarat under the Gujarat Integrated Logistics and Logistics Park Policy 2021.

The proposed project has a total project cost of ₹110 crore, with an eligible project cost of ₹80 crore. The registration was granted vide Letter No. IC/0335/08/2026 dated 14 August 2026.

The project is eligible to avail financial assistance/subsidy under the Gujarat Integrated Logistics and Logistics Park Policy 2021, subject to fulfilment of the prescribed eligibility conditions and applicable guidelines.

This development marks an important milestone towards strengthening the Company's logistics and cargo-handling infrastructure.

This is for your information and record.

**Yours faithfully,
For Kalyani Cast Tech Limited**

Registration for Project is granted subject to the following conditions:

1	The Developer of Project shall have to abide by the terms & conditions of Government Resolution No. GID-102021-560-I-1, Dt.31/07/2021 and Guideline and their amendments from time to time. The Developer of the Project shall also have to abide all the instructions and procedure framed by the Guideline and Sanctioning Authority/SLEC without any dispute.
2	On basis of this registration, developer is not entitled to avail any assistance under the scheme. This Registration given is only provisional, subject to satisfying the eligibility conditions as per GR referred, its Guideline and their amendments from time to time. If Developer fails to comply with the terms and conditions of GR referred, its Guideline and their amendments from time to time, it may lead to cancellation of the registration of the Project and no claim can be made against it by the Developer of the Project.
3	Logistics Parks/Multi-modal Logistics Parks or Logistics Facility is required to be developed with minimum infrastructure facilities like internal roads, substation to draw power, power distribution lines, communication facilities, water distribution lines and water augmentation facilities, sewage and drainage facilities, common parking and other facilities as may be required in the Project.
4	The Developer of the Logistics Facilities must follow the norms of Common GDCR for planning and development of Project.
5	It is the responsibility of the Developer to ensure necessary arrangements/installations, effective operation and maintenance with provisions/standards as per competent authority for Water Supply, Power Supply, Sewage and Effluent Disposal, Fire Safety, Pollution Control measures and other applicable laws/acts; failing to which, registration is liable to be cancelled.
6	Developer shall have to obtain Environmental and all other clearances, if applicable.
7	The developer of Project must adhere to the provisions of land revenue code, tenancy act and conditions laid down under it as far as land related regulations are concerned.
8	The Institution shall appoint agency for Third Party Quality Assurance. The TPQA agency shall be selected from the approved / suggestive list of Central/State Government department or its Board/Corporation or it has work experience as TPQA for Central/State Government department or its Board/Corporation during last 3 years. The developer shall have to submit the TPQA certificate with each claim for Subsidy.
9	In case of railway, canal, high tension power line, etc. passing through the land area of the project, Developer has to follow applicable rules and provisions of concerned departments. Also, Developers has to ensure proper connectivity of all over area of the project.
10	In case of cart track/village path passing through the land area of the project, Developer has to follow applicable rules and provisions of revenue department and other concerned departments. Developer has to get ownership or permission to use that cart track/Village path for their project purpose before the sanction of the project.
11	During the implementation period of project, the Institution shall have to submit quarterly progress report to Industries Commissionerate as well as concerned GM, DIC.
12	Developer has to apply for sanction of this Project as per procedure prescribed by Guideline.
13	Fixed capital investment (except land cost) incurred during the operative period of the scheme will be considered for eligibility for assistance under this scheme.
14	The Developer of Project availing incentives under this scheme will not be eligible to avail incentives for this project under any other schemes of the State Government. Unit/Project shall be eligible to avail assistance under any relevant scheme of Government of India. However in such cases, the total amount of assistance of Central and State Government schemes should not exceed 60% of eligible project cost under this scheme.
15	In case of any dispute, decision of Sanctioning Authority/SLEC shall be treated as final.
